**Catch U'r Emotions** Sudhir Kumar Bhoi,2016-12-10

This book consists of some issues and also some beauties relating and encircling around us, octaves in the form of poetry; some of them I saw as true points within a wide spectrum which sometimes we fail to realize. The refractory society can be changed by introspection. The pristine hearts of Upper Vedic age has corrupted since the later Vedic age and still continues till the twenty-first century. As it has been rightly pointed out by some historian, One should resource from the past those ideas which are the most needed to compensate for the Blind Spots of the present. I could not sum all things, but in the next book, I will surely try to furnish the others. This book is for those who want to understand the situations and changing view of today's world.

In the spirit of Someday and Guess How Much I Love You comes a lyrical and endearing picture book about the people in our lives who are always there to look out for us. Who will keep the boy safe? "I will," said his mother. "I will hold him close... and never let him lean too far." Big or small, near or far, we all need someone to watch over us. This touching picture book is a reassuring tale about a journey and the people who are with us as we travel through life. It is for anyone who has wondered, Who will keep me safe? and for anyone who has answered, I will.
