The Fly Trap Fredrik Sjöberg,2016-08-09 For years, entomologist Fredrik Sjöberg has collected, cataloged, and obsessed over the hoverflies that populate the remote Swedish island he calls home. As confounded by his unusual vocation as anyone, here Sjöberg explores what drives the obsessive curiosity of collectors, along the way finding time to muse on everything from art to lost love, and drawing on sources as disparate as D. H. Lawrence and the fascinating and forgotten naturalist René Edmond Malaise. A mesmerizing memoir, *The Fly Trap* is one remarkable individual's meditation on the unexpected beauty of small things and an examination of the history of entomology itself. Weaving a fascinating web of associations, histories, and personal memories, Sjöberg revels in the wonders of the natural world and, through indelible images and stories, opens up into it a dazzling, irresistible pathway.

Operation Fly Trap Susan A. Phillips,2012-06-29 In 2003, an FBI-led task force known as Operation Fly Trap attempted to dismantle a significant drug network in two Bloods-controlled, African American neighborhoods in Los Angeles. The operation would soon be considered an enormous success, noted for the precision with which the task force targeted and removed gang members otherwise entrenched in larger communities. In *Operation Fly Trap*, Susan A. Phillips questions both the success of this operation and the methods used to conduct it. Based on in-depth ethnographic research with Fly Trap participants, Phillips's work brings together police narratives, crime statistics, gang cultural histories, and extensive public policy analysis to examine the relationship between state persecution and the genesis of violent social systems. Crucial to Phillips's contribution is the presentation of the voices and perspectives of both the people living in impoverished communities and the agents that police them. Phillips positions law enforcement surveillance and suppression as a critical point of contact between citizen and state. She tracks the bureaucratic workings of police and FBI agencies and the language, ideologies, and methods that prevail within them, and shows how gangs have adapted, seeking out new locations, learning to operate without hierarchies, and moving their activities more deeply underground. Additionally, she shows how the targeted efforts of task forces such as Fly Trap wreak sweeping, sustained damage on family members and the community at large. Balancing her roles as even-handed reporter and public scholar, Phillips presents multiple flaws within the US criminal justice system and builds a powerful argument that many law enforcement policies in fact nurture, rather than prevent, violence in American society.

Frederick Fly-Catcher Helen C Johannes,2020-10-15 Frederick the frog isn't looking for adventure. His life in the family pond--hanging out and catching flies--is perfect. Or it would be if a bully wasn't harassing the youngest frogs. To defend them, Frederick accepts a fly-catching challenge, but what he catches isn't an insect. It's a magic ring, and Frederick has swallowed it! Whenever he burps or coughs, something terrifying happens to the pond. Frogs shouldn't have anything to do with human things, says wise Uncle Ben, so to protect his family, Frederick must leave the only world he knows. The world beyond the pond is frightening, but rather than hide or mope, Frederick sets out to get rid of this dangerous human thing. His only hope is to find the small human who tossed the ring into the pond, the boy chased by big men and bigger horses. The boy is in trouble, too, but how can Frederick, one little frog, save a human, much less the pond from an evil sorcerer? A middle grade chapter book, 16 chapters, approximately 18,000 words.

Fly Catcher P C Cubitt,2021-11-28 Longlisted for the Bridport First Novel Prize 2023. A political thriller about one woman's attempt to challenge corruption in West Africa. A hair-raising ride on the trail of stolen aid. West Africa and an unknown boy is killed on the vast palm oil plantation of the powerful corporation, Arranoil. Nobody knows his name, where he came from, or who brought him to work on the estate. Karen Hamm has travelled to the country to investigate corruption. She's on a mission to find millions of dollars in missing aid but her enquiries are met by a wall of silence. A chance meeting draws Karen into the dangerous world of local politics and the struggle for better working conditions on the plantations. After the murder of her friend Songola, a young activist, Karen heads to the remote estate of Arranoil, to find out why she was killed and what it had to do with the millions of dollars in missing aid – a corrupt and treacherous path leading all the way back to her own government. “So impressed with the richness of detail.” “Unputdownable!” “A gripping read.” “The author paints evocative pictures of both beauty and poverty in the country.
