Kabul in Winter Ann Jones,2007-03-06 A sharp and arresting people's-eye view of real life in Afghanistan after the Taliban Soon after the bombing of Kabul ceased, award-winning journalist and women's rights activist Ann Jones set out for the shattered city, determined to bring help where her country had brought destruction. Here is her trenchant report from inside a city struggling to rise from the ruins. Working among the multitude of impoverished war widows, retraining Kabul's long-silenced English teachers, and investigating the city's prison for women, Jones enters a large community of female outcasts: runaway child brides, pariah prostitutes, cast-off wives, victims of rape. In the streets and markets, she hears the Afghan view of the supposed benefits brought by the fall of the Taliban, and learns that regarding women as less than human is the norm, not the aberration of one conspicuously repressive regime. Jones confronts the ways in which Afghan education, culture, and politics have repeatedly been hijacked—by Communists, Islamic fundamentalists, and the Western free marketeers—always with disastrous results. And she reveals, through small events, the big disjunctions: between U.S promises and performance, between the new democracy and the still-entrenched warlords, between what's boasted of and what is. At

once angry, profound, and starkly beautiful, Kabul in Winter brings alive the people and day-to-day life of a place whose future depends so much upon our own.

Honor Bound Amy McGrath,Chris Peterson,2021-08-03 The inspiring story of the first female Marine to fly a combat mission in an F/A-18--and the transformative events that led to her bold decision to take on the most powerful man in the U.S. Senate. Amy McGrath grew up in Edgewood, Kentucky, a childhood shaped by love of country, baseball (the Cincinnati Reds), and, from the age of twelve, a fascination with fighter jets. Her devastation at learning that a federal law prohibited women from flying in combat fueled her determination to do just that--and then, to help change the laws to improve the lives of all Americans. McGrath writes of gaining an appointment in high school to the U.S. Naval Academy, making it through Marine Corps training, graduating from Annapolis, Maryland, becoming a Second Lieutenant, and raising her right hand to swear to defend the U.S. Constitution, honor bound. She vividly recounts her experiences flying in the Marines, and her combat deployments to Iraq (Kuwait) and Afghanistan, her work as an Air Combat Tactics instructor--and what it was like to finally fly that fighter jet: high-speed, intense, and physically demanding. Here is McGrath, training to do the most intense tactical flying there is (think the Navy's TOPGUN); meeting the man who would become her husband; being promoted to major and then lieutenant colonel; marrying, having three children, a career and life in Washington and then moving her family back to Kentucky to begin a whole new chapter in politics; her roller-coaster congressional campaign (she lost by three percentage points); and making the tough decision to run again, in an even bigger, higher-stakes national campaign, against the five-term leader

of the U.S. Senate, Mitch McConnell. A moving, inspiring American story of courage, determination, and large dreams.

The Circle Dave Eggers, 2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman’s ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

Between the Acts Virginia Woolf, 2017-02-16 Adeline Virginia Woolf (1882–1941) was an English writer. She is widely hailed as being among the most influential modernist authors of the 20th century and a pioneer of stream of consciousness narration. She suffered numerous nervous breakdowns during her life primarily as a result of the deaths of family members, and it is now believed that she may have suffered from bipolar disorder. In 1941, Woolf drowned herself in the River Ouse at Lewes, aged 59. The last novel written by Woolf, “Between the Acts” is set just before the onset of World War II and describes a play and all its elements performed at an rustic English Village festival. The chief portion of the book is written in verse, representing one of Woolf's most lyrical works. A must read for fans and collectors of Woolf's seminal work. Other notable works by this author include: “To the Lighthouse” (1927), “Orlando” (1928), and “A Room of One's Own” (1929). Read & Co. Living in Love and Faith The Church of England, 2020-11-09 Issues of gender and sexuality are intrinsic to people’s experience: their sense of identity, their lives and the loving relationships that shape and sustain them. The life and mission of the Church of England – and of the worldwide Anglican Communion – are affected by the deep, and sometimes painful, disagreements

about these matters, divisions brought into sharper focus because of society's changing perspectives and practices, especially in relation to LGBTBI+ people. *Living in Love and Faith* sets out to inspire people to think more deeply both about what it means to be human, and to live in love and faith with one another. It tackles the tough questions and the divisions among Christians about what it means to be holy in a society in which understandings and practices of gender, sexuality and marriage continue to change. Commissioned and led by the Bishops of the Church of England, the *Living in Love and Faith* project has involved many people across the Church and beyond, bringing together a great diversity and depth of expertise, conviction and experience to explore these matters by studying what the Bible, theology, history and the social and biological sciences have to say. After a Foreword from the Archbishops of Canterbury and York, the book opens with an invitation from the Bishops of the Church of England to embark on a learning journey in five parts: Part One sets current questions about human identity, sexuality, relationships and marriage in the context of God's gift of life. Part Two takes a careful and dispassionate look at what is happening in the world with regard to identity, sexuality, relationships and marriage. Part Three explores current Christian thinking and discussions about human identity, sexuality, and marriage. In the light of the good news of Jesus Christ, how do Christians understand and respond to the trends observed in Part Two? Part Four considers what it means for us as individuals and as a church to be Christ-like when it comes to matters of identity, sexuality, relationships and marriage. Part Five invites the reader into a conversation between some of the people who have been involved in writing this book who, having engaged with and written Parts One to Four, nevertheless come to different conclusions. Amid the biblical, theological, historical and scientific exploration, each part includes Encounters with real, contemporary disciples of Christ whose stories raise questions which ask us to discern where God is active in human lives. The book ends with an appeal from the Bishops to join them in a period of discernment and decision-making following the publication of *Living in Love and Faith*. The *Living in Love and Faith* book is accompanied by a range of free digital resources including films, podcasts and an online library, together with *Living in Love and Faith: The Course*, a 5-session course which is designed to help local groups engage with the resources, also published by Church House Publishing.

The Adventures of Sherlock Holmes Arthur Conan Doyle, 2016-11-01 In general the stories in *The Adventures of Sherlock Holmes* identify, and try to correct, social injustices. Holmes is portrayed as offering a new, fairer sense of justice. The stories were well received, and boosted the subscriptions figures of *The Strand Magazine*, prompting Doyle to be able to demand more money for his next set of stories. The first story, *A Scandal in Bohemia*, includes the character of Irene Adler, who, despite being featured only within this one story by Doyle, is a prominent character in modern Sherlock Holmes adaptations, generally as a love interest for Holmes. Doyle included four of the twelve stories from this collection in his twelve favourite Sherlock Holmes stories, picking *The Adventure of the Speckled Band* as his overall favourite.
