Church Labyrinths Robert Ferré,2013-12 There is a verifiable Christian labyrinth tradition dating back to the fourth century. It reached its height at Chartres Cathedral in France during the Middle Ages and then went dormant. For the past two decades churches have been rediscovering the labyrinth as an effective spiritual tool and reawakening this ancient tradition. This book was written in 2001 and recently updated. It contains five sections. The first is a series of questions and answers about church labyrinths, in the style of an interview. The second section is a collection of quotations from a variety of labyrinth books. Third is an annotated bibliography about Chartres Cathedral. Fourth is the reprint of an article by Robert D. Ferré entitled Twelve Reasons Your Church Should Have a Labyrinth. Fifth is a resource section with websites for additional information, including labyrinth builders. This book is one of five volumes in the Labyrinth Archive Series.

Biblical Eschatology, Second Edition Jonathan Menn,2018-03-07 Biblical Eschatology provides what is not found in any other single volume on eschatology: it analyzes all the major eschatological passages (including the Olivet Discourse and the book of Revelation), issues (including the second coming of Christ, the millennium, the rapture, and Antichrist), and positions (including all the major views of the millennium) in a clear, but not superficial, way. The book concludes with a chapter showing how eschatology is relevant for our lives. Biblical Eschatology makes understanding eschatology easier by including chapters on how to interpret prophecy and apocalyptic literature, by showing the history of eschatological thought, and by placing eschatology in the context of the Bible's overall story line and structure. Clarity and understanding are enhanced by the use of comparative tables and appendices. Subject and Scripture indexes are included. The book interacts with the best of Evangelical and Reformed scholarship, and the extensive bibliography (which includes the web addresses of many online resources) provides an excellent source for the reader's further study. This is a perfect resource for intelligent Christians, including pastors, students, and teachers, who desire to understand eschatology and to see how it fits together with the rest of the Bible.

The Lenten Labyrinth Edward Hays,1994 The journeys of Lent and of life are seldom straight roads, but are usually like complicated mazes or labyrinths. While we often can feel lost along the complex twisting patterns of the labyrinth path, to travel the maze of the Way is the greatest of all adventures. This guidebook of daily reflections for this journey of transformation has the power to change to radically enrich our way of thinking, loving and believing. Each day's reflection-which takes but a few minutes to read-is followed by brief questions/exercises aimed at inspiring personal implications. Short of time? A few minutes daily with Father Hays can nourish a hungry soul for 24 hours. Both books of daily Lenten reflections-The Ascent of the Mountain of God and The Lenten Labyrinth-maximize our limited resources of time, making our journey through Lent into the heart of Holy Week a time of real renewal.

[Walking a Sacred Path](#) Lauren Artress,1996-06-01 Lauren Artress reintroduces the ancient labyrinth, a walking meditation that transcends the limits of still meditation, and shows us the possibilities it brings for renewal and change. 'Walking the Labyrinth' has reemerged today as a metaphor for the spiritual journey and a powerful tool for transformation. This walking meditation is an archetype, a mystical ritual found in all religious traditions. It quiets the mind and opens the soul. *Walking a Sacred Path* explores the historical origins of this divine imprint and shares the discoveries of modern day seekers. It shows us the potential of the Labyrinth to inspire change and renewal, and serves as a guide to help us develop the higher level of human awareness we need to survive in the twenty-first century.

The Catholic Church and the Northern Ireland Troubles, 1968-1998 Margaret M. Scull,2019 Until surprisingly recently the history of the Irish Catholic Church during the Northern Irish Troubles was written by Irish priests and bishops and was commemorative, rather than analytical. This study uses the Troubles as a case study to evaluate the role of the Catholic Church in mediating conflict. During the Troubles, these priests and bishops often worked behind the scenes, acting as go-betweens for the British government and republican paramilitaries, to bring about a peaceful solution. However, this study also looks more broadly at the actions of the American, Irish and English Catholic Churches, as well as that of the Vatican, to uncover the full impact of the Church on the conflict. This critical analysis of previously neglected state, Irish, and English Catholic Church archival material changes our perspective on the role of a religious institution in a modern conflict.

Escaping the Maze of Spiritual Abuse Lisa Oakley,Justin Humphreys,2019-06-20 'Authority and rigour ... great generosity and gentleness. The authors diagnose a critical problem in the church and offer practical advice on how to fix it.' Andrew Graystone, theologian, broadcaster and communications consultant 'Every time he wanted me to do something, he would quote scripture... I couldn't argue with scripture, it was like arguing with God.' The term 'spiritual abuse' is widely used across the Christian community. But what is it? Sometimes spiritual abuse involves leaders misusing their position, but ministers can also be the victims. Common factors include control through misuse of scripture, claims to divine authority, pressure to conform, and enforced accountability. Individuals may be isolated, and compelled to secrecy and silence. Drawing on a combination of extensive research, individual testimonies, and years of hands-on experience, Lisa Oakley and Justin Humphreys describe clearly the nature of spiritual abuse, and the best ways of countering it. Recovery is possible. But – how do we prevent spiritual abuse in the first place? What can leaders do to create safer places? Is there a link between theological ideas and harmful behaviours? How can leaders create opportunities for spiritual and emotional flourishing? Dr Lisa Oakley has researched spiritual abuse in the Christian faith in the UK since 2003. Justin Humphreys is chief executive of the safeguarding charity thirtyone: eight.

Christian Confessions Ted Campbell, 1996-01-01 Ted Campbell examines, in a comparative framework, the historic teachings of the four major Christian traditions that have shaped our theological heritage - Eastern Orthodoxy, Roman Catholicism. Reformation and Union churches, and Evangelical and Free churches. He provides an extensive overview of each tradition's particular beliefs on religious authority, God and Christ, human nature and salvation, and church, ministry, and the sacraments. He concludes by considering whether a definable core of Christian teachings cuts across denominational and confessional boundaries.

Shakespeare and Lost Plays David McInnis, 2021-03-25 Shakespeare and Lost Plays returns Shakespeare's dramatic work to its most immediate and (arguably) pivotal context; by situating it alongside the hundreds of plays known to Shakespeare's original audiences, but lost to us. David McInnis reassesses the value of lost plays in relation to both the companies that originally performed them, and to contemporary scholars of early modern drama. This innovative study revisits key moments in Shakespeare's career and the development of his company and, by prioritising the immense volume of information we now possess about lost plays, provides a richer, more accurate picture of dramatic activity than has hitherto been possible. By considering a variety of ways to grapple with the problem of lost, imperceptible, or ignored texts, this volume presents a methodology for working with lacunae in archival evidence and the distorting effect of Shakespeare-centric narratives, thus reinterpreting our perception of the field of early modern drama.
