**LIFE Cats** The Editors of LIFE,2019-02-15 Cats, the new special edition from LIFE, takes an in-depth look at the world's most popular pet, the only domesticated animal that remains almost as wild as its ancient ancestors, which might explain why they rarely do what we want them to do or as we expect them to do. Cats looks at the history of the house cat, secrets of cat behavior, and what you've always wondered: what exactly do cats do all day long when we're away at work or at school? Plus, the historic animosity between cats and dogs-how much is true, how much is manufactured? We also look at miracle cats, adoption success stories, and this special edition features lots of great pictures of (what else?) cats.

**In the Company of Cats** Carla Anne Schaaf,2003 Personal note from author Carla Anne Schaaf, L.V.T. This book is dedicated to all the cats that have come into my life past and present. Each one has come to me under many different circumstances and each has his or her own story to tell. The collection of short stories in this book are their stories of how they came to live with me. You will laugh at their funny little antics and you will cry at their passing. I hope you enjoy the stories in this book, there are many more to be told, this is just the beginning.
