Nature-Inspired Computing Nazmul H. Siddique, Hojjat Adeli, 2017-05-19 Nature-Inspired Computing: Physics and Chemistry-Based Algorithms provides a comprehensive introduction to the methodologies and algorithms in nature-inspired computing, with an emphasis on applications to real-life engineering problems. The research interest for Nature-inspired Computing has grown considerably exploring different phenomena observed in nature and basic principles of physics, chemistry, and biology. The discipline has reached a mature stage and the field has been well-established. This endeavour is another attempt at investigation into various computational schemes inspired from nature, which are presented in this book with the development of a suitable framework and industrial applications. Designed for senior undergraduates, postgraduates, research students, and professionals, the book is written at a comprehensible level for students who have some basic knowledge of calculus and differential equations, and some exposure to optimization theory. Due to the focus on search and optimization, the book is also appropriate for electrical, control, civil, industrial and manufacturing engineering, business, and economics students, as well as those in computer and information sciences. With the mathematical and programming references and applications in each chapter, the book is self-contained, and can also serve as a reference for researchers and scientists in the fields of system science, natural computing, and optimization.

**Today's Essentials of Governmental and Not-for-Profit Accounting and Reporting** Susan W. Martin, Ellen N. West, 2066-12-19 Pedagogically rich, this core textbook in governmental and not-for-profit accounting offers in-depth coverage for advanced accounting courses. The classroom-tested text logically builds student understanding of basic concepts like accountability, typical transactions like recording budgets and property taxes, and carries those concepts through to the detailed production of annual financial statements and conversions to produce government-wide financial statements. Reasonably priced and user friendly, the Martin-West volume is loaded with helpful questions, exercises, problems that include Internet research, case studies, summaries, and boxed items. Key features include: Putting It Together examples walk readers through the process of analyzing and entering typical transactions and developing financial statements Strategically placed interpretive exercises direct readers to apply what they have learned to a variety of situations Ties to the Real World information from business publications and from actual financial reports illustrate chapter concepts and accounting concerns Clearly stated, measurable learning objectives focus on specific learning goals

Obama Zombies Jason Mattera, 2010-03-23 In 2008, Barack Obama lobotomized a generation. For an entire year, otherwise clear-thinking members of the most affluent, over-educated, information-drenched generation in American history fell prey to the most expensive, hi-tech, laser-focused marketing assault in presidential campaign history. Twitter messages were machine-gunned to cell phones at mach speed. Facebook and MySpace groups spread across the Internet like digital fire. YouTube videos featuring celebrities ricocheted across the globe and into college students' in-boxes with devastating regularity. All the while, the mega-money-raising engine whirled like a slot machine stuck on jackpot. The result: an unthinking mass of young voters marched forward to elect the most radical and untested president in U.S. history. Recognized as one of the country's top young conservative activists by Human Events, Jason Mattera created an internet sensation with ambush video interviews that exposed clueless young liberals and cunning Democratic officials. Now he reveals the jaw-dropping lengths Barack Obama and his allies in Hollywood, Washington, and Academia went to in order to transform a legion of iPod-listening, MTV-watching followers into a winning coalition that threatens to become a long-lasting political realignment. Obama Zombies uncovers the true, behind-the-scenes story of the methods and tactics the Obama campaign unleashed on youth culture. Through personal interviews and meticulous original research, Mattera explains why conservatism's future rests upon jolting the young masses from their slumber, yanking out their earphones, and sparking a countercultural conservative battle against the rise of the ignorant Left. The lesson from 2008 is crystal clear: When true conservatives run away, Obama zombies come out to play.

**Patent Pledges** Jorge L. Contreras, Meredith Jacob, 2017-03-31 Patent holders are increasingly making voluntary, public commitments to limit the enforcement and other exploitation of their patents. The best-known form of patent pledge is the so-called FRAND commitment, in which a patent holder commits to license patents to manufacturers of standardized products on terms that are "fair, reasonable and non-discriminatory." Patent pledges have also been appearing in fields well beyond technical standard-setting, including open source software, green technology and the biosciences. This book explores the motivations, legal characteristics and policy goals of these increasingly popular private ordering tools.

**Race and Radio** Bala James Baptiste, 2019-08-01 In *Race and Radio: Pioneering Black Broadcasters in New Orleans*, Bala James Baptiste traces the history of the integration of radio broadcasting in New Orleans and tells the story of how African American on-air personalities transformed the medium. Analyzing a trove of primary data—including archived manuscripts, articles and display advertisements in newspapers, oral narratives of historical memories, and other accounts of African Americans and radio in New Orleans between 1945 and 1965—Baptiste constructs a formidable narrative of broadcast history, racism, and black experience in this enormously influential radio market. The historiography includes the rise and progression of black broadcasters who reshaped the Crescent City. The first, O. C. W. Taylor, hosted an unprecedented talk show, the *Negro Forum*, on WNOE beginning in 1946. Three years later in 1949, listeners heard Vernon Dr. Daddy-O Winslow's smooth and creative voice as a disk jockey on WWEZ. The book also tells of Larry McKinley who arrived in New Orleans from Chicago in 1953 and played a critical role in informing black listeners about the civil rights movement in the city. The racial integration of radio presented opportunities for African Americans to speak more clearly, in their own voices, and with a technological tool that opened a broader horizon in which to envision community. While limited by corporate pressures and demands from advertisers ranging from local funeral homes to

Jax beer, these black broadcasters helped unify and organize the communities to which they spoke. Race and Radio captures the first overtures of this new voice and preserves a history of black radio's awakening.

*A Perspective on the Pledge* Alonzo Fyfe, 2011-10-07 This book looks at the reasons commonly offered in defense of 'under God' and shows why no fair and just person of any religion would accept it. It does so by looking at a hypothetical country where its citizens have adopted a pledge of allegiance to 'one white nation' - because it was founded by white people. Through this story, we meet Shawn Henry. He is a high school junior who will show us how this modification to the Pledge suggests that failure to support 'one white nation' is made comparable to failure to support a nation 'with liberty and justice for all'. In doing so, it creates a climate of hostility that denigrates and degrades the contributions of good citizens. It then looks at the major arguments in defense of the pledge, and shows how no fair and just person could support it.

**Al-Bayah Pledge of Allegiance in Sharia & Sufism** Mrs. Ambreen Moghees Sarwari Qadri, 2020-03-18 Of all the promises made in the world, the best promise is the one made with the perfect spiritual guide where you offer your spiritual self and he blesses you with the closeness and vision of Allah. This book is an English translation of "Bayat ki ahmiyat aur Zaroorat." Al-bayah refers to the trade between a slave and his Lord wherein one pledges to give Allah his ownself and everything he owns in exchange for His proximity though everything belongs to Allah in reality. Among the essentials of Islam, al-bayah has the utmost importance. In this book importance of pledge of allegiance is revealed according to the teachings of Quran and Hadith along with quotes of Sufi Saints in a very beautiful and comprehensive manner. Along with pledge of allegiance of women, renewal of pledge of allegiance and different types of pledge of allegiance are also described very precisely in this book. It also highlights the fact that pledge of allegiance is the only Sunna of Prophet Mohammad sall'Allahu alayhi wa'alihi wasallam that is the Sunna of Allah as well. May this book be a source of guidance for all the seekers of Truth. **Before You Pledge: Essential Information You Should Know About the Divine Nine** Dr. Michael J. R. Winfield, Before You Pledge: Essential Information You Should Know About the Divine Nine is an important read for all those considering joining a Black Greek Letter Organization or for anyone wanting to simply learn about the origin of this august body of black men and women. The dawn of the twentieth century brought many challenges to young African American students seeking enrollment at all-white college campuses. Intense racial prejudice forced many black students to leave predominantly white universities. And at the same time, on Historically Black College campuses, the desire for fellowship through shared social experiences led to the rise of Black Greek life, starting with Cornell University in New York. Alpha Phi Alpha, the first black fraternity formed at a predominantly white university in 1906, would point the way for similar organizations to develop. Between 1906 and 1922, eight Black Greek Letter Organizations were formed, with a ninth in 1963. Known collectively as the "Divine Nine," these five fraternities and four sororities would go on to shape the course of Black America. Together, these young black men and women would face down racial prejudice, take the lead in the fight for social justice, in the end, reshape the American

cultural landscape. Finally, no other group of people can claim to have the sheer degree of accomplishments in all areas of human activity in the United States and in many other parts of the world compared to the Divine Nine.

**The Pledge** Chandra Sparks Taylor, 2008-10-01 Raised in a strict household, sixteen-year-old Courtland Murphy never had a date. But that was before the guy of her every dream—basketball star Allen Benson—asked her out. She's gone from never-been-kissed to dating the hottest guy in school. And now her new boyfriend is pressuring her to prove she loves him—by having sex. But as a member of her community's Worth-the-Wait club, Courtland made a vow to stay a virgin. Now everyone—from friends to family to fellow club members—gives her different advice, from do it! to you made a pledge, girl! It would be so easy for Courtland to go all the way with Allen, but sometimes his charming personality leaves her wondering. Who knew being in love could be so confusing?

*The Restless Wave* John McCain, Mark Salter, 2019-05-21 #1 NEW YORK TIMES BESTSELLER "History matters to McCain, and for him America is and was about its promise. The book is his farewell address, a mixture of the personal and the political. 'I have loved my life,' he writes. 'All of it.' *The Restless Wave* is a fitting valedictory for a man who seldom backed down." —The Guardian (US) "A book-length meditation on what it means to face the hard challenges of long life and the sobering likelihood of imminent death...A reflection on hardship, a homily on purpose, a celebration of life — and a challenge to Americans to live up to their values and founding principles at a time when both are in jeopardy." —The Boston Globe In this candid political memoir from Senator John McCain, an American hero reflects on his life and what matters most. "I don't know how much longer I'll be here. Maybe I'll have another five years...Maybe I'll be gone before you read this. My predicament is, well, rather unpredictable. But I'm prepared for either contingency, or at least I'm getting prepared. I have some things I'd like to take care of first, some work that needs finishing, and some people I need to see. And I want to talk to my fellow Americans a little more if I may." So writes John McCain in this inspiring, moving, frank, and deeply personal memoir. Written while confronting a mortal illness, McCain looks back with appreciation on his years in the Senate, his historic 2008 campaign for the presidency against Barack Obama, and his crusades on behalf of democracy and human rights in Eastern Europe and the Middle East. Always the fighter, McCain attacks the spurious nationalism and political polarization afflicting American policy. He makes an impassioned case for democratic internationalism and bi-partisanship. He recalls his disagreements with several presidents, and minces no words in his objections to some of President Trump's statements and policies. At the same time, he tells stories of his most satisfying moments of public service and offers a positive vision of America that looks beyond the Trump presidency. *The Restless Wave* is John McCain at his best.

e-Jeanne: 2004 (Part One - January through June) Jeanne Halsey, 2013-02-17 "Once I got started, I couldn't stop." The history of e-Jeanne began around 1999, really ramped up when 9/11 hit our nation, became more organized and intentional thereafter, and continued until ... 2005? You see, e-Jeanne was a precursor of currently popular "blogs," although we called her an "e-zine." She was assembled early in the morning (right after my morning devotions — in fact, I realize that many of my morning devotions somehow crept into the e-Editorials), and then forwarded by e-mail to over 300 people all around the world. I did this two or three days a week for 10 years. Like I said, maybe I am a little crazy. ... This is not a book you can rush through (unless you are only looking for jokes), and I am astonished how small the font has to be in order to fit everything in; you're going to need a bookmark to help mark your spot. Always, my goal was to fulfill: Let your good works shine out for all to see, so that everyone will praise your Heavenly Father. (Matthew 5:16)

Mobtown Massacre Josh S. Cutler, 2019-02-18 Winner of the 2020 Baltimore History Prize, this is

a gripping account of how a Federalist editor risked his life to defend his anti-war views. With a bitterly divided nation plunged into the War of 1812, Alexander Hanson penned an anti-war editorial that provoked a violent standoff that crippled the city of Baltimore and left Hanson beaten within an inch of his life. This little-known episode in American history—complete with a midnight jailbreak, bloodthirsty mobs and unspeakable acts of torture—helped shape the course of war, the Federalist Party and the nation’s very notion of the freedom of the press. Josh Cutler’s history of the Mobtown Massacre offers a lesson in liberty that reverberates today. “A compelling story that’s as timely today as it was two centuries ago.” —Congressman William R. Keating “A remarkably vivid, engaging and very readable account of a brief but major event in Baltimore history . . . which reflected the sharp political divisiveness of the time at the start of the War of 1812, and had important implications for freedom of the press and the war itself.” —Charles Markell, board member, Baltimore City Historical Society “A timely and scholarly examination of one man’s struggle for freedom of the press.” —Fred Dorsey, Howard County, MD historian “Cutler’s book tells not only of politics of that era and the controversy of a war that ultimately led to the burning of the White House and the writing of ‘The Star-Spangled Banner’ by Francis Scott Key, but also how it challenged America’s devotion to a free press.” —The Baltimore Sun
