Do Remember! Evan Auerbach,Daniel Isenberg,2023-10-03 Do Remember! The Golden Era of NYC Hip-Hop Mixtapes is the first comprehensive deep-dive oral and visual history of the golden era of hip-hop mixtape culture in New York City. From street corners to corner offices, mixtapes made a huge impact on the music industry and hip-hop culture in New York City during the late '80s, '90s, and early 2000s. Mixtapes helped dictate what rap songs were hot in the clubs, on the radio, and in the streets, and they influenced which artists would get signed to record deals. Mixtapes also showcased which DJs had the most skills and creativity, and who had the juice to pull the illest exclusives. Do Remember! combines the best elements of oral and pictorial histories to explore the evolution of mixtapes as a crucial component of New York City hip-hop culture. Featuring a comprehensive collection of rare mixtape cover art, never-before-seen images, vintage tracklists, and exclusive interviews with Kid Capri, Brucie B, Mister Cee, Ron G, S&S, Doo Wop, Green Lantern, Lord Finesse, Clark Kent, Bobbito, Cipa Sounds, Havoc of Mobb Deep, the late, great DJ Kay Slay, and many more, including a special foreword by Fab 5 Freddy, Do Remember! captures an era in New York City that went on to inspire future hip-hop generations all over the world.

Notorious C.O.P. Derrick Parker,Matt Diehl,2007-04-01 Throughout his career, Derrick Parker worked on some of the biggest criminal cases in rap history, from the shooting at Club New York, where Derrick personally escorted Jennifer Lopez to police headquarters, to the first shooting of Tupac Shakur. Always straddling the fence between po-po and NYPD outsider, Derrick threatened police tradition to try to get the cases solved. He was the first detective to interview an informant offering a detailed account of Biggie Smalls's murder. He protected one of the only surviving eyewitnesses to the Jam Master Jay murder and knows the identity of the killers as well as the motivation behind the shooting. Notorious C.O.P. reveals hip-hop crimes that never made the paper—like the robbing of Foxy Brown and the first Hot 97 shooting—and answers some lingering questions about murders that have remained unsolved. The book that both the NYPD and the hip-hop community don't want you to read, Notorious C.O.P. is the first insider look at the real links between crime and hip-hop and the inefficiencies that have left some of the most widely publicized murders in entertainment history unsolved.

The Faces of Virtue in Law Amalia Amaya,Claudio Michelon,2020-06-09 This book gathers together leading voices in virtue theory—an increasingly influential aspect of legal theory in the 21st century—to take stock of virtue jurisprudence's evolution and suggest ways in which this approach can be further developed. The contributions address the three main axes along which virtue jurisprudence has unfolded in the past decades: the quest to provide a suitable virtue-based foundation for the law (in general) or for some aspects of it (in particular, but not exclusively, criminal law); the investigation of the role played by character traits in legal decision-making; and the investigation of how the law can be part of a virtuous life. As will become apparent for readers of this volume, those lines are converging and, as they do so, a general virtue-based approach to the study of law is starting to emerge. Crucial in addressing problems with legal experience for which the resources of traditional legal theory are insufficient, this book's investigation of virtue theory and virtue jurisprudence will be of interest to all of those studying legal decision-making and the philosophy of law, as well as those studying virtue ethics more widely. It was originally published as a special issue of Jurisprudence.

Notes from the Hyena's Belly Nega Mezlekia,2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, Notes from the Hyena's Belly offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Reconstructing the Variant Generation Process of Hadith Hiroyuki Yanagihashi,2022 This monograph is dedicated to the analysis of hadiths for the purpose of reconstructing the process of variant generation. Medieval authors seemingly did not devote many pages to the question of textual variation, certainly because they had little interest in the question of how individual hadiths were historically formed. Several contemporary researchers have shown interest in the issue of textual variation in hadith. They agree that many hadiths were reformulated since their initial circulation and aim to trace the process of reformulation with regard to individual hadiths. Methodologically, the most successful is the isn?d-cum-matn analysis proposed by Harald Motzki and Gregor Schoeler. This method consists of determining whether a correlation lies between the transmission process of a hadith, obtained from the analysis of isn?ds (chains of transmission), and its textual development, obtained from the examination of its matn (text), sometimes complemented by biographical sources.However, despite the existence of many excellent studies based on this method, presenting the general pattern of variant generation with accuracy is far from being achieved. This study, which contains four chapters, seeks to precisely reconstruct the process of variant generation by analyzing isn?ds from various quantitative perspectives, in addition to using the isn?d-cum- matn analysis

From Jailer to Jailed Bernard B. Kerik,2015-03-31 The controversial New York City police commissioner and New York Times bestselling author of The Lost Son shares the story of his fall from

grace and the effects of his incarceration on his views of the American justice system. Bernard Kerik was New York City's police commissioner during the 9/11 attacks, and became an American hero as he led the NYPD through rescue and recovery efforts of the World Trade Center. His résumé as a public servant is long and storied, and includes receiving a Medal of Honor. In 2004, Kerik was nominated by George W. Bush to head the Department of Homeland Security. Now, he is a former Federal Prison Inmate known as #84888-054. Convicted of tax fraud and false statements in 2007, Kerik was sentenced to four years in federal prison. Now, for the first time, he talks candidly about what it was like on the inside: the torture of solitary confinement, the abuse of power, the mental and physical torment of being locked up in a cage, the powerlessness. With newfound perspective, Kerik makes a plea for change and illuminates why our punishment system doesn't always fit the crime. In this extraordinary memoir, Kerik reveals his unprecedented view of the American penal system from both sides: as the jailer and the jailed. With astonishing candor, bravery, and insider's intelligence, Bernard Kerik shares his fall from grace to incarceration, and turns it into a genuine and uniquely insightful argument for criminal justice reform.
