Spiritual Clearings Diana Burney, 2009-10-13 Appealing to readers of the popular Archangels and Ascended Masters by best-selling author Doreen Virtue, PhD, Spiritual Clearings taps into the metaphysics and healing market with both spiritually powerful and accessible practices to clear energy and cultivate forward movement. A blend of spiritual and practical material, Spiritual Clearings offers a comprehensive checklist of situations that may require a personal, home, property, or business clearing, from confronting illness or feeling "stuck" in life, to having trouble selling a home, to high employee turnover. In addition to describing energetic blockages, such as negative thought forms, author Diana Burney also discusses different categories of energy, its presence in the invisible world, and the unseen influences or beings that may be drawn to discordant energy. Through spiritual clearings, Burney proposes, we can release our own

negativity as well as guide unseen negative forces toward the light. The book's clearing rituals include prayers that invoke the assistance of higher beings such as archangels and Ascended Masters, incantations and chants from different spiritual traditions, the visualization of divine light and the violet flame, and the expression of gratitude. Additional meditation and visualization exercises, descriptions of divine beings, and a summary of the universal laws provide readers with a clear path to fulfilling their potential and creating a personal environment of confidence, creativity, love, and acceptance.

Chakra Mastery Carolyn Joy White, Ph.d., 2015-07-09 When you were born, did you come with an owner's manual? If not then how can you achieve life mastery or even know the Human Energy System? Chakra Mastery: 7 Keys to Discover Your Inner Wisdom, the latest contribution from Dr. Carolyn, demystifies the Human Energy System (HES)-the aura and chakras. What is Energy? Humans are made of energy, yet how do we describe or measure something so nebulous and intangible? Light is an expression of energy. Is it a particle or a wave? Science tells us it behaves as both yet does this debate over functionality negate its existence or validity? Light is necessary for our very existence as physical beings

yet the mechanics behind this energy is at best metaphoric. Even the familiar model of the atom-a nucleus of protons and neutrons, orbited by electrons as if a mini solar system-is also a metaphor. In actuality it looks nothing like its model, yet that doesn't negate its existence. What are chakras? For many, the chakras are things that supposedly reside inside the human body. What they are and their connection to the human body often remains unclear. *Chakra Mastery: 7 Keys to Discover Your Inner Wisdom* is a modern metaphor for ancient wisdom-the wisdom imparted by understanding. Metaphors tend to take you from that confined, 3-D world and lead you on a journey of inner exploration, that intangible place where you discover your Inner Wisdom. This book is conversational and engages you in an exploration of your HES. Learn the nature of energy and the characteristics and relevance of each chakra and their influence on your HES, Discover how the 7 major chakras affect your body/mind and spirit. With *Chakra Mastery: 7 Keys to Discover Your Inner Wisdom* you learn about each chakra's characteristics, purpose and relevance to your health and wellness. The 20 Playercises (exercises) interspersed throughout the book map out the Master's Path, empowering you to discover your Inner Wisdom through the seven major chakras. Dr. Carolyn holds up the Looking Glass for you, taking you through the steps of Chakra Mastery in a very down-to-earth and practical way. It's up to you to start the journey. *Chakra Mastery: 7 Keys to Discover Your Inner Wisdom* is a must read primer on the Human Energy System for your pursuit of self-mastery.

But Lightworkers aren't necessarily well-known spiritual gurus—they are also musicians and artists, shopkeepers, accountants, stay-at-home moms, and people you pass on the street. They share their gifts in many ways; by speaking out for those who have no voice, creating glorious works of art that uplift our planet, or perhaps writing music that elevates our spirits. But one thing is certain: the Earth is more in need of them than ever before. Here, Sahvanna Arienta—long-time psychic medium and intuitive advisor with clientele from around the globe—shows how to: Discover the true origin of your soul Realize your unique gifts Learn how anxiety, depression, or addiction may actually be signs of a Lightworker's highly sensitive nature Transform your sensitivities into extrasensory perceptions And use these qualities as healing powers Sahvanna Arienta's *Lightworker* will change the way you view yourself and your life's challenges and to discover your true place in the world.

Our Women are Free Wynne Maggi, 2001 An exploration of the lives of women among the Kalasha, a tiny, vibrant community in Pakistan's North West Frontier Province

The Holy Book of Women's Mysteries Zsuzsanna Budapest, 2007-10-01 A women's spirituality classic now back in print! The Holy Book of Women's Mysteries is essential for Pagans, feminists, and women seeking to learn more about the spiritual path as it relates to the feminine and the Goddess aspects of witchcraft and Wicca. This book is not about reinstating a matriarchy or tearing down patriarchy; it is about women's spirituality and its relationship with politics and lifestyle. Z. Budapest is one of the founding mothers of modern women's witchcraft, beginning with the establishment of Susan B. Anthony Coven in Los Angeles in 1971. She catapulted herself into the media spotlight when she was tried as a witch and found guilty in 1975 after being arrested on Venice Beach for reading tarot cards. She fought the charges and, after a nine year battle, won the right for every tarot reader to do so legally. The Holy Book of Women's Mysteries is a seminal text that contains invaluable information on Dianic witchcraft and spells, including everyday magick, sabbat rituals, and divination methods; a section on how vegetarian theories and politics relate to witchcraft and the feminine aspect; and a good deal of information on goddesses and how the patriarchal religions distorted old myths to serve their own needs. There are several unique and beautiful Rites of Passage for women and men that you don't often find, and Budapest's personal life stories are an equally valuable read, from her escape across the mountains from Communist Hungary to her fight for women's religious freedom upon moving to America. * This reprint features a new introduction by Z.

Budapest, in addition to essays by luminaries such as Starhawk and Merlin Stone.
