Assistive Technology for Visually Impaired and Blind People Marion Hersch, Michael A Johnson, 2010-05-12 Equal accessibility to public places and services is now required by law in many countries. For the vision-impaired, specialised technology often can provide a fuller enjoyment of the facilities of society, from large scale meetings and public entertainments to reading a book or making music. This volume explores the engineering and design principles and techniques used in assistive technology for blind and vision-impaired people. This book maintains the currency of knowledge for engineers and health workers who develop devices and services for people with sight loss, and is an excellent source of reference for students of assistive technology and rehabilitation.

Reaching the Finish Line Kallen Diggs, 2015-05-05 Maybe you are one of those people that have been led down a trail of bad luck. You are frustrated but realize that it won't help to continue to feel that way. isn't it time that you start reaching the finish line? In 'Reaching the finish line,' you will learn how to: land a great career without a HS diploma; land a great career without a college degree; graduate with a bachelor's degree in 1 year; change careers without going back to school; work from home for the rest of your life, and much more.--Back cover

Next-Generation Ethics Ali E. Abbas, 2019-11-07 Leaders from academia and industry offer guidance for professionals and general readers on ethical questions posed by modern technology.

Start with Why Simon Sinek, 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the

basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the **WHY** of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. **START WITH WHY** asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with **WHY**. They realized that people won't truly buy into a product, service, movement, or idea until they understand the **WHY** behind it. **START WITH WHY** shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with **WHY**.

Combat at Close Quarters Edward J. Marolda, R. Blake Dunnavent, Naval History & Heritage Command (U S), Navy Dept (U S), 2015 This work describes riverine combat during the Vietnam War, emphasizing the operations of the U.S. Navy's River Patrol Force, which conducted Operation Game Warden; the U.S. Army-Navy Mobile Riverine Force, the formation that General William Westmoreland said "saved the Mekong Delta" during the Tet Offensive of 1968; and the Vietnam Navy. An important section details the SEALORDS combined campaign, a determined effort by U.S. Navy, South Vietnamese Navy, and allied

ground forces to cut enemy supply lines from Cambodia and disrupt operations at base areas deep in the delta. The author also covers details on the combat vessels, helicopters, weapons, and equipment employed in the Mekong Delta as well as the Vietnamese combatants (on both sides) and American troops who fought to secure Vietnam's waterways. Special features focus on the ubiquitous river patrol boats (PBRs) and the Swift boats (PCFs), river warfare training, Vice Admiral Elmo R. Zumwalt Jr., the Black Ponies aircraft squadron, and Navy SEALs. This publication may be of interest to history scholars, veterans, students in advanced placement history classes, and military enthusiasts given the continuing impact of riverine warfare on U.S. naval and military operations in the 21st century. Special Publicity Tie-In: Commemoration of the 50th anniversary of the Vietnam War (Commemoration dates: 28 May 2012 - 11 November 2025). This is the fifth book in the series, The U.S. Navy and the Vietnam War. TABLE OF CONTENTS
 Introduction The First Indochina War The Vietnam Navy River Force and American Advisors The U.S. Navy and the Rivers of Vietnam SEALORDS The End of the Line for U.S. and Vietnamese River Forces

Information Needs of Communities Steven Waldman, 2011-09 In 2009, a bipartisan Knight Commission found that while the broadband age is enabling an info. and commun. renaissance, local communities in particular are being unevenly served with critical info. about local issues. Soon after the Knight Commission delivered its findings, the FCC initiated a working group to identify crosscurrent and trend,

and make recommendations on how the info. needs of communities can be met in a broadband world. This report by the FCC Working Group on the Info. Needs of Communities addresses the rapidly changing media landscape in a broadband age. Contents: Media Landscape; The Policy and Regulatory Landscape; Recommendations. Charts and tables. This is a print on demand report.

Textbook of Peripheral Vascular Interventions, Second Edition Richard R. Heuser, Michel Henry, 2008-06-02 Textbook of Peripheral Vascular Intervention, Second Edition, discusses therapies that can make a real difference in the lives of patients. As there are increasing demands for effective, less invasive approaches to therapies for critical limb ischemia, chronic total occlusions, as well as therapies for some subsets.

9 to 5 Millionaire Workbook Jemal King, 2020-10-23

Trap Door Reina Gossett, Eric A. Stanley, Johanna Burton, 2017-12-15 Essays, conversations, and archival investigations explore the paradoxes, limitations, and social ramifications of trans representation within contemporary culture. The increasing representation of trans identity throughout art and popular culture in recent years has been nothing if not paradoxical. Trans visibility is touted as a sign of a liberal society, but it has coincided with a political moment marked both by heightened violence against trans people (especially trans women of color) and by the suppression of trans rights under civil law. Trap Door grapples with these contradictions. The essays, conversations, and dossiers gathered here delve into themes as wide-ranging yet interconnected as beauty, performativity, activism, and police brutality. Collectively, they

attest to how trans people are frequently offered “doors”—entrances to visibility and recognition—that are actually “traps,” accommodating trans bodies and communities only insofar as they cooperate with dominant norms. The volume speculates about a third term, perhaps uniquely suited for our time: the trapdoor, neither entrance nor exit, but a secret passageway leading elsewhere. *Trap Door* begins a conversation that extends through and beyond trans culture, showing how these issues have relevance for anyone invested in the ethics of visual culture. Contributors Lexi Adsit, Sara Ahmed, Nicole Archer, Kai Lumumba Barrow, Johanna Burton, micha cárdenas, Mel Y. Chen, Grace Dunham, Treva Ellison, Sydney Freeland, Che Gossett, Reina Gossett, Stamatina Gregory, Miss Major Griffin-Gracy, Robert Hamblin, Eva Hayward, Juliana Huxtable, Yve Laris Cohen, Abram J. Lewis, Heather Love, Park McArthur, CeCe McDonald, Toshio Meronek, Fred Moten, Tavia Nyong'o, Morgan M. Page, Roy Pérez, Dean Spade, Eric A. Stanley, Jeannine Tang, Wu Tsang, Jeanne Vaccaro, Chris E. Vargas, Geo Wyeth, Kalaniopua Young, Constantina Zavitsanos

Essentials of Business Communication Mary Ellen Guffey, 2004 This text-workbook is a streamlined, no-nonsense approach to business communication. It takes a three-in-one approach: (1) text, (2) practical workbook, and (3) self-teaching grammar/mechanics handbook. The chapters reinforce basic writing skills, then apply these skills to a variety of memos, letters, reports, and resumes. This new edition features increased coverage of contemporary business communication issues including oral communication, electronic forms of communication, diversity and ethics.

The 1619 Project Nikole Hannah-Jones, *The New York Times Magazine*, 2021-11-16 #1 NEW YORK

TIMES BESTSELLER • NAACP IMAGE AWARD WINNER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. **FINALIST FOR THE KIRKUS PRIZE • ONE OF THE BEST BOOKS OF THE YEAR:** *The Washington Post*, *NPR*, *Esquire*, *Marie Claire*, *Electric Lit*, *Ms. magazine*, *Kirkus Reviews*, *Booklist* In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The *New York Times Magazine*'s award-winning 1619 Project issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. No Place Like Home C.J. Janovy, 2018-01-15 Far from the coastal centers of culture and politics, Kansas stands at the very center of American stereotypes about red states. In the American imagination, it is a place LGBT people leave. *No Place Like Home* is about why they stay. The book tells the epic story of how a few disorganized and politically naïve Kansans, realizing they were unfairly under attack, rolled up their sleeves, went looking for fights, and ended up making friends in one of the country's most hostile states. The LGBT civil rights movement's history in California and in big cities such as New York and Washington, DC, has been well documented. But what is it like for LGBT activists in a place like Kansas, where they face much stiffer headwinds? How do they win hearts and minds in the shadow of the Westboro Baptist Church ("Christian" motto: "God Hates Fags")? Traveling the state in search of answers—from city to suburb to farm—journalist C. J. Janovy encounters LGBT activists who have fought,

in ways big and small, for the acceptance and respect of their neighbors, their communities, and their government. Her book tells the story of these twenty-first-century citizen activists—the issues that unite them, the actions they take, and the personal and larger consequences of their efforts, however successful they might be. With its close-up view of the lives and work behind LGBT activism in Kansas, *No Place Like Home* fills a prairie-sized gap in the narrative of civil rights in America. The book also looks forward, as an inspiring guide for progressives concerned about the future of any vilified minority in an increasingly polarized nation.

The Motorcycle, 1895

Standing up for a Sustainable World Claude Henry, Johan Rockström, Nicholas Stern, 2020-12-25 The world has witnessed extraordinary economic growth, poverty reduction and increased life expectancy and population since the end of WWII, but it has occurred at the expense of undermining life support systems on Earth and subjecting future generations to the real risk of destabilising the planet. This timely book exposes and explores this colossal environmental cost and the dangerous position the world is now in. *Standing up for a Sustainable World* is written by and about key individuals who have not only understood the threats to our planet, but also become witness to them and confronted them.

Kingfish Richard D. White, Jr., 2009-03-25 From the moment he took office as governor in 1928 to the day an assassin's bullet cut him down in 1935, Huey Long wielded all but dictatorial control over the state of Louisiana. A man of shameless ambition and ruthless vindictiveness, Long orchestrated elections, hired and fired thousands at will, and deployed the state militia as his personal police force. And yet,

paradoxically, as governor and later as senator, Long did more good for the state's poor and uneducated than any politician before or since. Outrageous demagogue or charismatic visionary? In this powerful new biography, Richard D. White, Jr., brings Huey Long to life in all his blazing, controversial glory. White taps invaluable new source material to present a fresh, vivid portrait of both the man and the Depression era that catapulted him to fame. From his boyhood in dirt-poor Winn Parish, Long knew he was destined for power—the problem was how to get it fast enough to satisfy his insatiable appetite. With cunning and crudity unheard of in Louisiana politics, Long crushed his opponents in the 1928 gubernatorial race, then immediately set about tightening his iron grip. The press attacked him viciously, the oil companies howled for his blood after he pushed through a controversial oil processing tax, but Long had the adulation of the people. In 1930, the Kingfish got himself elected senator, and then there was no stopping him. White's account of Long's heyday unfolds with the mesmerizing intensity of a movie. Pegged by President Roosevelt as “one of the two most dangerous men in the country,” Long organized a radical movement to redistribute money through his Share Our Wealth Society—and his gospel of pensions for all, a shorter workweek, and free college spread like wildfire. The Louisiana poor already worshiped him for building thousands of miles of roads and funding schools, hospitals, and universities; his outrageous antics on the Senate floor gained him a growing national base. By 1935, despite a barrage of corruption investigations, Huey Long announced that he was running for president. In the end, Long was a tragic hero—a power addict who squandered his genius and came close to destroying the very foundation of democratic rule. Kingfish is a balanced, lucid, and absolutely spellbinding portrait of the life and times of the most incendiary

figure in the history of American politics.

Ten of the Largest Church Ministries Aggressively Touching the World Elmer Towns, 2020-01-21 We have the greatest gospel to offer to people, but most churches don't know how to deliver it to the public. -- Chris Hodges *Wisdom from Some of the Greatest Church Leaders of our Time* **Ten of the Largest Church Ministries Aggressively Touching the World** is about the innovative ways these leaders plant churches, and the unique strategies they utilize to teach and disciple their people. It also explores the multi-faceted methods they use to reach people for Jesus. Ten methods are examined, including marketing techniques, powerful worship, and Scripture translation. These methods are based on eternal Biblical principles that never change, even when culture changes. This is your invitation to harvest wisdom and insight from some of the most respected, cutting-edge, and unique church leaders alive today! These methods will transform your own ministry for greater Kingdom effectiveness. The great faith of men and women challenge you to gain understanding of the principles to grow your faith to accomplish the impossible. May the testimonies and stories in this book challenge your faith to do something revolutionary in your life and for the Kingdom of God!

Pukka's Promise Ted Kerasote, 2013-02-05 This guide by the author of *Merle's Door* is "beneficial for anyone who wants to ensure that their dogs will be healthy and well" (Seattle Post-Intelligencer). From the bestselling author who offers "the most utterly compelling translation of dog to human I have ever seen" (Jeffrey Masson), this is a joyful chronicle of a dog and a groundbreaking answer to the question: How can we give our dogs the happiest, healthiest lives? When Ted Kerasote was ready for a new dog

after losing his beloved Merle—who died too soon, as all our dogs do—he knew he wanted to give his puppy Pukka the longest life possible. But how to do that? So much has changed in the way we feed, vaccinate, train, and live with our dogs from even a decade ago. In an adventure that echoes *The Omnivore's Dilemma* with a canine spin, Kerasote tackles these subjects, questioning our conventional wisdom and emerging with vital new information that will surprise even the most knowledgeable dog lovers. Can a purebred be as healthy as a mixed breed? How many vaccines are too many? Should we rethink spaying and neutering? Is raw food really healthier than kibble, and should your dog be chewing more bones? Traveling the world and interviewing breeders, veterinarians, and leaders of the animal-welfare movement, Kerasote pulls together the latest research to help us rethink the everyday choices we make for our companions. And as he did in *Merle's Door*, Kerasote interweaves fascinating science with the charming stories of raising Pukka among his dog friends in their small Wyoming village. Funny, revelatory, and full of the delights of falling in love with a dog, *Pukka's Promise* will help redefine the potential of our animal partners.

The Carrot Principle Adrian Gostick, Chester Elton, 2012-12-11 Newly updated to include information for the UK, *The Carrot Principle* illustrates how ordinary organizations have made themselves extraordinary through the use of strategic employee recognition. The authors show how great organizations and great managers succeed through living the Carrot Principle. Featuring case studies of effective recognition in some of the world's most successful organizations, such as DHL, Avis, Pepsi, etc and demonstrating how recognition has led to improved employee commitment and bottom line results in

these companies, the book also shows how a Carrot Culture is not created by the CEO, senior leadership team or HR department, but manager by manager. The book provides examples of leaders - from around the globe - who lead through the Carrot Principle: providing plentiful how-to's for managers wishing to get started or hoping to enhance their recognition abilities. Overall, there has never been a book in the recognition or motivation space that has had this type of quantitative or case study support.

Alternative Toxicological Methods Harry Salem, Sidney A. Katz, 2003-03-26 Bringing together the recent and relevant contributions of over 125 scientists from industry, government, and academia in North America and Western Europe, Alternative Toxicological Methods explores the development and validation of replacement, reduction, and refinement alternatives (the 3Rs) to animal testing. Internationally recognized scientist

Adopting the Beat of Term: An Psychological Symphony within **Champion Medical Center Baton Rouge For Iphone**

In some sort of taken by screens and the ceaseless chatter of quick communication, the melodic beauty and emotional symphony created by the published word usually fade in to the background, eclipsed by the persistent noise and interruptions that permeate our lives. Nevertheless, located within the pages of **Champion Medical Center Baton Rouge For Iphone** a charming literary value filled with natural emotions,

lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, that fascinating masterpiece conducts readers on a mental trip, well unraveling the concealed songs and profound affect resonating within each carefully crafted phrase. Within the depths of the poignant analysis, we can investigate the book's key harmonies, analyze its enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers' souls.
