Mantras are very powerful tools for changing the way we believe (and therefore act) regarding our possibilities and opportunities. 101 Mantras for Prosperity contains more than 101 mantras (affirmations) to help people achieve a mindset that is more conducive to being prosperous. Prosperity is something that is sought after by almost every one. Each person has his or her own definition of what prosperity is, but almost everyone is seeking something more. Using mantras is based on the Law of Attraction, which says that whatever you focus your attention on is that what you attract into your life. The mantras in this book are intended to help the reader focus his or her attention on prosperity rather than the lack of it in order to attract more prosperity in to

his or her life. This self help book has useful chapters about the nature of Prosperity and about how the author has overcome her own issues in part by using mantras. There is also a very nicely presented chapter on how to use mantras to improve your life.

Inspired Life: Mantras for Success Prof. B.S. Ahluwalia, 2013-09-26 Why are some people rich and successful? How did they achieve success? Did they have an external influence, or did they succeed through their own hard work? We all have desires and aspirations for money, power, and fame. At the back of it is the need for financial security and achievement. Although these things are common across people, there is a huge variation as to what different people achieve in life. What are the reasons for this anomaly? The reasons lie within us. Although there is no restriction in having dreams and wishes, we set very low targets and goals for ourselves. The hard fact is that you may achieve 70 percent or 90 percent of your target, but you will never achieve more than your target. By setting lower targets and by having lower aspirations, you are only stunting your growth. To start with, all of us have same the potential, but most of us are not even aware of the powers of our mind and our body. Professor Ahluwalia highlights all these aspects and lays down the road map for you to realize your power and potential and how to succeed in life, achieving the success you richly deserve.

The Dynamic Laws of Prosperity Catherine Ponder, 2016-06-21 There's Gold Dust in the Air for You! This book is the result of several recent recessions and many years of lean living. Nobody

likes recessions and nobody likes lean living-and indeed nobody should like them. For fifteen years I tried to find such a book as this one. During those years of searching the book shelves, I found that there are many books which give various success ideas, but in none of them did I find a set of compact, simple laws for assuring success. I began searching for a book such as this after having been widowed and left with a small son to rear and educate. Since I had no training for work and no means of income, I would have given anything to have known then about the power of prosperous thinking. As soon as I grasped this wonderful success secret, the tide began to change! As you begin reading this book, no matter what the conditions of your life may now be, do so in this attitude of mind: There is gold dust in the air-for me... Get Your Copy Now.
