Ghost Ocean S.M. Peters,2009-05-05 In the dark, rainy town of St. Ives, twenty-two-year-old Te Evangeline works for paranormal investigator Babu Cherian. The work isn't very dangerous—Te's not sure she even believes in the supernatural. But she knows that her father believed enough to work as Babu's partner, until he died mysteriously five years ago. Since then, St.Ives has been relatively quiet. But when a friend of Babu's is murdered under impossible circumstances, Te learns that the dead man was keeping an ancient power at bay, and the creature he was guarding has escaped. Now Te and Babu must track down what killed him, and capture it before it can unleash an evil as old as time. As Te's investigations lead her into the darkest corners of the city, uncanny signs point to this death being linked to her father's. Te is beginning to believe in a world where things are not as they seem—where old powers are awakening and realities shifting, and where Te may find that she herself is somehow stranger and more powerful than she ever imagined.

Love Me, Love Me Not SM Koz,2018-06-19 Family, abandonment, and forbidden romance are at the core of SM Koz's powerful and emotionally charged novel about a teen who falls for her foster brother. When Hailey Brown is removed from her home and put into foster care, all she wants is a safe, comfortable place where she can finish school and move on with her life. It's not easy adjusting to a new school and a new life, but Mr. and Mrs. Campbell and their teenage son, Brad, welcome Hailey with open arms. As Hailey begins to adjust to her new life, she and Brad grow closer. For the first time, Hailey feels like she might have a real shot at a future. Soon, however, Hailey realizes her relationship with Brad has crossed the line from friendship into something more. But being with Brad would mean giving up the perfect life that Hailey has waited so long to have. Can Hailey and Brad resist the feelings that are developing between them—or will they risk it all to be together? Chosen by readers like you for Macmillan's young adult imprint Swoon Reads, SM Koz delivers a powerful debut about the ups and downs of being a foster child. Praise for Love Me, Love Me Not: "Hailey's history is real and true." —LydiaBeach, reader on SwoonReads.com "I could feel every emotion through the author's words." —AnnaBanana, reader on SwoonReads.com " Gripping and pulls at the heart strings." —R. Turner, reader on SwoonReads.com

The Sopranos (SM) David Chase,2009-06-27 This must-have book for every fan of HBO's hit show The Sopranos packs five scripts from the best episodes, handpicked by series creator David Chase. The Sopranos is HBO's TV show about your average New Jersey mafia capo, with major headaches. His mother wants him dead, his psychiatrist makes him nuts, and the FBI takes an unhealthy interest in his business. Here are the complete scripts from five of the best episodes: Pilot-Tony's shrink sessions focus on ducks in his swimming pool while he plans to blow up a restaurant. College-While driving his daughter to college interviews, Tony discovers and garrotes a mob informant who betrayed his family. The Happy Wanderer-David Scatino loses his son's SUV to Tony in a high-stakes poker game. The Knight in White Satin Armor-Tony's Russian mistress attempts suicide, and his sister shoots her fiancé. Pine Barrens-Christopher and Paulie try to dispose of a murdered Russian gangster who turns out to be very much alive.

The Family Trade Charles Stross,2010-04-01 A bold fantasy in the tradition of Roger Zelazny's Chronicles of Amber, The Merchant Princes is a sweeping new series from the hottest new writer in science fiction! Miriam Beckstein is happy in her life. She's a successful reporter for a hi-tech magazine in Boston, making good money doing what she loves. When her researcher brings her iron-clad evidence of a money-laundering scheme, Miriam thinks she's found the story of the year. But when she takes it to her editor, she's fired on the spot and gets a death threat from the criminals she has uncovered. Before the day is over, she's received a locket left by the mother she never knew-the mother who was murdered when she was an infant. Within is a knotwork pattern, which has a hypnotic effect on her. Before she knows it, she's transported herself to a parallel Earth, a world where knights on horseback chase their prey with automatic weapons, and where world-skipping assassins lurk just on the other side of reality - a world where her true family runs things. The six families of the Clan rule the kingdom of Gruinmarkt from behind the scenes, a mixture of nobility and criminal conspirators whose power to walk between the worlds makes them rich in both. Braids of family loyalty and intermarriage provide a fragile guarantee of peace, but a recently-ended civil war has left the families shaken and suspicious. Taken in by her mother's people, she becomes the star of the story of the century-as Cinderella without a fairy godmother. As her mother's heir, Miriam is hailed as the prodigal countess Helge Thorold-Hjorth, and feted and feasted. Caught up in schemes and plots centuries in the making, Miriam is surrounded by unlikely allies, forbidden loves, lethal contraband, and, most dangerous of all, her family. Her unexpected return will supercede the claims of other clan members to her mother's fortune and power, and whoever killed her mother will be happy to see her dead, too. Behind all this lie deeper secrets still, which threaten everyone and everything she has ever known. Patterns of deception and interlocking lies, as intricate as the knotwork between the universes. But Miriam is no one's pawn, and is determined to conquer her new home on her own terms. Blending the creativity and humor of Roger Zelazny, the adventure of H. Beam Piper and Philip Jose Farmer, and the rigor and scope of a science-fiction writer on the grandest scale, Charles Stross has set a new standard for fantasy epics. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Who is where in World Banking 1979 Mayo Elstob,1979

Screen Doors and Sweet Tea Martha Hall Foose,2010-10-20 Gifted chef and storyteller Martha Hall Foose invites you into her kitchen to share recipes that bring alive the landscape, people, and traditions that make Southern cuisine an American favorite. Born and raised in Mississippi, Foose cooks Southern food with a contemporary flair: Sweet Potato Soup is enhanced with coconut milk and curry powder; Blackberry Limeade gets a lift from a secret ingredient-cardamom; and her much-ballyhooed Sweet Tea Pie combines two great Southern staples-sweet tea and pie, of course-to make one phenomenal signature dessert. The more than 150 original recipes are not only full of flavor, but also rich with local color and characters. As the executive chef of the Viking Cooking School, teaching thousands of home cooks each year, Foose crafts recipes that are the perfect combination of delicious, creative, and accessible. Filled with humorous and touching tales as well as useful information on ingredients, techniques, storage, shortcuts, variations, and substitutions, *Screen Doors and Sweet Tea* is a must-have for the American home cook-and a must-read for anyone who craves a return to what cooking is all about: comfort, company, and good eating.

A Business Directory of the Subscribers to the New Map of Maine William Willis,1862 A very full Directory persons who are engaged in the industrial pursuits of the State ... With this is connected an Advertising Department ... a concise History of the State ... Happy Money Elizabeth Dunn,Michael Norton,2013-05-14 If you think money can't buy happiness, you're not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. If you think money can't buy

happiness, you're not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. *Happy Money* offers a tour of new research on the science of spending. Most people recognize that they need professional advice on how to earn, save, and invest their money. When it comes to spending that money, most people just follow their intuitions. But scientific research shows that those intuitions are often wrong. *Happy Money* explains why you can get more happiness for your money by following five principles, from choosing experiences over stuff to spending money on others. And the five principles can be used not only by individuals but by companies seeking to create happier employees and provide “happier products” to their customers. Elizabeth Dunn and Michael Norton show how companies from Google to Pepsi to Crate & Barrel have put these ideas into action. Along the way, the authors describe new research that reveals that luxury cars often provide no more pleasure than economy models, that commercials can actually enhance the enjoyment of watching television, and that residents of many cities frequently miss out on inexpensive pleasures in their hometowns. By the end of this book, readers will ask themselves one simple question whenever they reach for their wallets: Am I getting the biggest happiness bang for my buck?

Terminator 3: Terminator Dreams Aaron Allston, 2013-11-05 Despite the heroic efforts of John Connor and Kate Webster, and the ultimate sacrifice of a T-850 terminator, Skynet became operational and mobilized its machine forces in all-out war against its prime enemy: mankind. More than twenty years later the war continues, fought by human resistance forces led by John and Kate, and by people in secret enclaves around the world. Raiding machine facilities, using small guerrilla forces to sabotage and destroy Skynet forces, the resistance is holding its own . . . but it's not enough. The self-aware AI that controls the robot terminators, the hunter-killers, and the rest of what used to be America's arsenal is too smart, too quick, too flexible to be defeated. Or perhaps the answer to human victory lies shrouded behind the mists of time. Before Judgment Day, Danny Avila was a programmer on the project that became Skynet. In the months leading up to Judgment Day he began to have nightmares involving Terminators rampaging and destroying the world. Then, two days before the holocaust, he disappeared. Found years later by John and Kate, completely amnesiac about events of his life prior to Judgment Day, he became a useful member of the resistance, with an uncanny ability to predict Skynet tactics. Now he is having Terminator dreams again, dreams of the days when he was on the Terminator design team . . . of the days when the world was on the path to destruction. Could there be some kind of psychic link between the Danny of today and the Danny of nearly thirty years ago---a mental wire through which thoughts and images are transmitted forward and backward in time? Might this one desperately stressed man living in two eras be the time machine the resistance needs to undo the devastation of Judgment Day? A daring and dangerous experiment may prove the salvation of mankind's future . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Rand McNally International Bankers Directory, 1982

Let's Pretend This Never Happened Jenny Lawson, 2013-03-05 The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.”—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

The Captivating World of Kindle Books: A Thorough Guide Revealing the Advantages of E-book Books: A Realm of Convenience and Flexibility Kindle books, with their inherent mobility and simplicity of availability, have liberated readers from the limitations of hardcopy books.
