A Super Upsetting Cookbook About Sandwiches Tyler Kord,2016-06-14 “Tyler and his approach to sandwiches are equal parts clever, hilarious, and deeply dirty (in all the right ways). I’m obsessed with the never-ending possibility of what a sandwich can be, and so I’m a supreme fan girl of everything that Tyler and his crazy mind inserts between these pages and two pieces of bread.” —Christina Tosi Known genius and broccoli savant Tyler Kord is chef-owner of the lauded No. 7 Sub shops in New York. He is also a fabulously neurotic man who directs his energy into ruminations on sandwich philosophy, love, self-loathing, pay phones, getting drunk in the shower, Tom Cruise, food ethics, and what it's like having the names of two different women tattooed on your body. But being a chef means that it's your job to make people happy, and so, to thank you for being there while he works out his issues, he offers you this collection of truly excellent recipes, like roast beef with crispy shallots and smoky French dressing, a mind-blowing mayonnaise that tastes exactly like pho, or so many ways to make vegetables into sandiwches that you may never eat salad again. A Super Upsetting Cookbook About Sandwiches will make you laugh, make you cry, and most of all, make you hungry.

Motion Picture Copyrights & Renewals, 1950-1959 David Pierce, 1989 This annotated reference provides information on the copyright status of over 20,000 features, short films, television programs, and documentaries. The United States copyright system allows a film to fall into the public domain if a renewal is not filed in the twenty-eighth year after its release. Such public domain films may be used by anyone for free, but finding out which films are or are not still under copyright can be expensive and tedious. This guide alleviates that expense and drudgery by including all motion pictures registered for copyright in the 1950s, as well as 500 that were received after 1959. The book also includes an overview of the copyright system and sample certificates. All renewals of copyrights are noted, allowing readers to clearly see which items are or are not in the public domain.

Bel Canto Bully Philip Eisenbeiss, 2013-05-07 Unscrupulous, devilishly ambitious and undeniably charismatic, Domenico Barbaja was the most celebrated Italian impresario of the early 1800s and one of the most intriguing characters to dominate the operatic empire of the period. Dubbed the Viceroy of Naples, Barbaja managed both the Teatro di San Carlo in Naples and La Scala in Milan. He was the influential force behind the careers of a plethora of artists including Vincenzo Bellini, Gioachino Rossini and the great mezzo-soprano Isabella Colbran, who became Barbaja's lover before

eventually deserting him to marry Rossini. Most vitally, Barbaja's vision had an irrevocable impact on the history of Italian opera; determined to create a lucrative business, he cultivated an energetic environment of new artists producing innovative, exciting opera that people would flock to hear. Philip Eisenbeiss brilliantly pieces together the forgotten story of a tireless tyrant who began life as a barely educated coffee waiter, yet grew to be one of the richest and most potent men in Italy. A natural entrepreneur, Barbaja had the ability to predict a sensation; a skill he exploited his entire life, forging his fortune as a café-owner, arms profiteer, gambling tycoon and eventually, opera magnate. Eisenbeiss unlocks the enigma of this eccentric and fascinating personality that has been hitherto neglected.

The 17 Day Diet Dr Mike Moreno,2011-05-12 Dr Mike Moreno's 17 Day Diet is a revolutionary new weight-loss programme that activates your skinny gene so that you burn fat day in and day out. The diet is structured around four 17-day cycles: Accelerate- the rapid weight loss portion that helps flush sugar and fat storage from your system; Activate-the metabolic restart portion with alternating low and high calorie days to help shed body fat; Achieve - this phase is about learning to control portions and introducing new fitness routines; Arrive - A combination of the first three cycles to keep good habits up for good. Each cycle changes your calorie count and the food that you're eating. The variation that Dr. Mike calls 'body confusion' is designed to keep your metabolism guessing. This is not a diet that relies on a tiny list of approved foods, gruelling exercise routines, or unrealistic calorie counts that leave you hungry and unfulfilled. Each phase comes with extensive lists of what dieters can and can't eat while on the phase, but also offers acceptable cheats. He advises readers not to drink while on the diet, but concedes that if they absolutely have to then they should at least drink red wine. Dr Mike knows that a diet can only work if it's compatible with the real world, and so he's designed the programme with usability as a top priority.

The Carnivore Diet Shawn Baker,2019-11-19 Shawn Baker's Carnivore Diet is a revolutionary, paradigm-breaking nutritional strategy that takes contemporary dietary theory and dumps it on its head. It breaks just about all the "rules" and delivers outstanding results. At its heart is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. The Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types. Common disease conditions

that are often thought to be lifelong and progressive are often reversed on this diet, and in this book, Baker discusses some of the theory behind that phenomenon as well. It outlines a comprehensive strategy for incorporating the Carnivore Diet as a tool or a lifelong eating style, and Baker offers a thorough discussion of the most common misconceptions about this diet and the problems people have when transitioning to it.
