Plants Vs Zombies Game Guide Minh Hoang Pham,2019-06-23 The game practically walks you through the game, throwing in more units to build as the Adventure mode progresses. This type of hand holding is obnoxious in most other videogames, but done well enough that an online guide is superfluous. Only the most vexing problems are covered in this file.You ebegin by placing a Sunflower or Sun-shroom. These units generate the resource the game refers to as Sun (in this file, SUn Points). Using Sun points, you may build other units capable of attack. The other resource would be money. This is used to purchase permanent upgrades, such as more unit slots, enhanced units, and extra game modes. Money is secondary, although you will earn some simply from playing mini-games, etc.Plant a row of pots near the bottom headed up by a bulb of Garlic. Plant all Sunflowers behind the Garlic and then you have more columns available for more firepower.If you can get to a flat part of the roof, don't be afraid to use Threepeaters and Torchwood to add to your cabbage-launching offense.Jalapenos are your friends on rooftops.Let's take a look at this guide to become the best player in Plants vs Zombies!
