**Rumble Road** Jon Robinson, 2010-08-19 In this follow-up to Robert Caprio's collection of road stories *Are We There Yet?*, WWE superstars and divas dish the dirt on the late night shenanigans that take place behind the scenes, on the road, and in hotels all across the world. If you think all the WWE drama unfolds inside the wrestling ring, then think again. Sometimes the action outside the ring can be just as exciting -- and as dangerous -- for the wrestlers as they drive, fly and occasionally fight their way from city to city to entertain their millions of fans. In *Rumble Road* the superstars of the WWE recount their shocking and hilarious road trip misadventures. From classic pranks to the particular habits of the baddest of the bad guys who ever set foot inside the squared circle, these are the untold stories of life on the road -- straight from the mouths of those who continue to live it one trip at a time.

**My Favorite Match** Jon Robinson, 2012-07-31 Remember the time Goldust ran over "Rowdy" Roddy Piper in his gold Cadillac? How about when Randy Orton battled Mick Foley with a barbed-wire bat named "Barbie"? When you ask a WWE Superstar what his favorite match is, you might be surprised by his answer. But that's the thing about a phrase like "favorite match." It's not about the greatest match in their careers or the time they won their first title. It's about the moments that stand out and make them smile. Sometimes, it's the same smile they had when they left the ring, face full of blood and sweat, to the roars of thousands. Sometimes, it's the smile they tried so hard to hide when anything and everything seemed to go so wrong that even the ring announcer was accidentally injured in their struggle. And sometimes, it's the smile only the showmen themselves share with each other as brothers in battle with one goal in mind: doing whatever it takes to put on the best show possible, even if it means landing on a few thousand thumbtacks along the way. These are their stories, straight from the Superstars who performed some of the most memorable matches in WWE history. These are the most unexpected, the most brutal, the most hilarious, and the most unforgettable moments of their careers—captured in their own words.

hardball. From revelations about the meanest, softest, and smelliest players in the league, to Williams's early days as a "young man with a lot of money and not a lot of sense," to his strong and powerful views on race, privilege, and giving back, *Loose Balls* is a basketball book unlike any other. No inspirational pieties or chest-thumping boasting here—instead, Jayson Williams gives us the real insider tales of refs, groupies, coaches, entourages, and all the superstars, bench warmers, journeymen, clowns, and other performers in the rarefied circus that is professional basketball.

*Platinum* Aliya S. King, 2010-07-06 You only think you want this life . . . Alex Maxwell is planning her wedding to up-and coming music artist Birdie, ghostwriting video vixen Cleopatra Wright's memoir, and she's just been assigned the story of the year by her editor in chief at a major music industry magazine—an article about the glamorous lives of women married to platinum-selling hip-hop artists. Alex has been interviewing celebrities and hangers-on long enough to know all that glitters isn't gold, so she's determined to get the real scoop. Still, it's not going to be easy to get past the wives' gilded cages. . . Beth Saddlebrook, wife of aging rapper Z. They have three beautiful boys and a seemingly endless supply of cash. But Beth spends her days trying to keep Z off drugs and fielding calls from women hollering she's just a "small-town white bitch" and claiming to be carrying Z's baby. Only one person understands what she's going through. . . Kipenzi Hill, multiplatinum-selling R&B artist and Beth's best friend. Her relationship with rap star and record label president Jake is an open secret in the industry. She knows Jake loves her, but he'd rather break up than publicly acknowledge it. Now she has learned that the newest (and much younger) R&B sensation Bunny has been signed to Jake's label. Josephine Bennett, wife to Jamaican singer and überproducer Ras Bennett. Josephine doesn't just want to spend her husband's money, she wants to contribute. Her fashion company is finally starting to get media attention when her husband admits to something she's suspected all along—he's fallen in love with another woman. Cleopatra Wright, every man's dream girl, a video vixen with a story to tell and scores to settle. Cleo's got that thing no one can put a finger on and no man (or woman) can resist. Some would call her evil or misguided or both, but Cleo always moves with a purpose and she'll stop at nothing to get what she wants. . . Alex realizes she may have more in common with these women than she'd like. What if this is a glimpse of how her life will be if Birdie finally gets signed to a major label? Stuck between her loyalty to this newfound sisterhood and her obligation to write the truth, Alex is forced to rethink everything she knows about work, friendship, and love.

*Diamond Life* Aliya S. King, 2012-02-07 The follow-up to the critically acclaimed novel *Platinum*, *Diamond Life* returns to the smoke and mirrors world of fame with brand new characters and more true to life plotlines. Alex Maxwell's career as a journalist and celebrity ghostwriter is taking off, but it pales in comparison to her rapper husband Birdie's multi-platinum debut and world tour. Slowly but surely, everything they swore would never happen begins to happen—leaving Brooklyn for a mansion in suburban New Jersey and letting a reality TV crew into their home. Birdie is confronted time and again by the sexy groupies who pursue famous rappers, and he's forced to make some life-changing choices. Meanwhile, the largely unknown performers Trip and Step release their new single, and it becomes the hottest song of the year. The duo's popularity spreads like wildfire at the expense of entertainment's leading icons—Jake and Z—who seem to be losing their edge, their market share, and perhaps their reputations, too.

Diamond Life doesn't just pick up where Platinum left off—it reintroduces Platinum's main characters from a different perspective and gives background characters center stage while presenting future stars. Whether readers have read the first book or not, they'll be swept up by this intoxicating story of love, sex, ambition, money, betrayal, and the surprising realities of making it big.

It informs readers of the latest developments in the digital humanities and their influence on learning and teaching. With the growing advancement of digital technology, humanistic inquiries have expanded and transformed in unfathomable complexity as new content is being rapidly created. The emergence of electronic archiving, digital scholarship, digitized pedagogy, textual digitization and software creation has brought about huge impacts on both humanities subjects and the university curricula in terms of nature, scope and design. This volume provides insights into what these technological changes mean for all the stakeholders involved and for the ways in which humanities subjects are understood. Part 1 of this volume begins with a broad perspective on digital humanities and discusses the current status of the field in Asia, Canada and Europe. Then, with a special focus on new literacies, educational implications, and innovative research in the digital humanities, Parts 2-4 explore how digital technology revolutionizes art forms, curricula, and pedagogy, revealing the current practices and latest trends in the digital humanities. Written by experts and researchers across Asia, Australia, Canada and Europe, this volume brings global insights into the digital humanities, particularly in the education aspect. **The Causal Effect of Studying on Academic Performance** Todd R. Stinebrickner,Ralph Stinebrickner,2007 Despite the large amount of attention that has been paid recently to understanding the determinants of educational outcomes, knowledge of the causal effect of the most fundamental input in the education production function - students' study time and effort - has remained virtually non-existent. In this paper, we examine the causal effect of studying on grade performance using an Instrumental Variable estimator. Our approach takes advantage of a unique natural experiment and is possible because we have collected unique longitudinal data that provides detailed information about all aspects of this

experiment. Important for understanding the potential impact of a wide array of education policies, the results suggest that human capital accumulation is far from predetermined at the time of college entrance.
