Financial Management for Episcopal Parishes James B. Jordan, 2017-07-01 Designed to help parishes of all sizes establish good financial management processes and policies. Experience shows that open and transparent churches engender a greater feeling of trust and willingness on the part of the donor. The policies and processes in *Financial Management for Episcopal Parishes*, which can be implemented by any size church, allow clergy, vestry, and parishioners to establish and document procedures that enable a financially transparent organization. The book defines the roles of the clergy, staff, vestry, and congregation and outlines what needs to be done by them to design and implement a system of checks and balances for financial oversight and stewardship, in order to protect donations and assets. Throughout the book, real-life examples of processes and procedures that did not work (and why) make for enjoyable reading of an otherwise business-like subject. Every reader will recognize some of them in their own church life.
