Real Estate Investing - Flipping Houses James
Connor, 2019-10-04 If you want to discover the
shortcuts to making huge profits by flipping
houses to become financially independent and live
your dream life, then keep reading ... Do you know
what the quickest and most efficient way to make
profits out of real estate investment is? In 2017,
200,000 homes were bought and sold in the US
within a twelve-month period. That's 6% of all the
single-family homes and condos sold during the
whole of the year. Do you know why? It's because
these houses were flipped. Imagine buying a house,
then quickly renovating it, before selling it four
weeks later at a profit A good house flipper can
turn a month of work and investment into a year's
worth of profits, all because they understand the
secrets to successful real estate investment, and
how to rehab and resell a home. The average profit
margin for a flipped home in 2018 was \$29,342.
That's the average for the whole of the United
States. If you know where the most profitable
house flipping locations are, then you can easily
reap 6-figure profits. A skilled house flipper
knows more than just where to invest, but also
when to invest. Too many people think that they
only need to learn the 70% rule and then they'll
become a house flipping tycoon and be rich in no
time. But a skilled house flipper understands that
calculating risk correctly, based on numerous
considerations, is the secret to becoming a house
flipping success instead of a flipping flop. These
skills can be learned, as long as you have a
willingness to put in the time and effort

required. Mindset and work ethic go a lot further in real estate investment than fancy degrees or even a huge bank balance. You just need to start learning, and then you'll start house flipping in no time. In this book, *Real Estate Investing - Flipping Houses*, you will discover: The 8 key ways to secure financing The most important consideration when choosing the right real estate farm area How to choose who to buy from and why The 10 places you need to go to locate the very best real estate deals The secret formulas for profitable home flipping How to become a killer negotiator, who always makes the best deals The 7 questions you must ask before hiring a contractor The techniques to becoming a ruthless closer How to apply for the most beneficial license every house flipper needs to have And much, much more. House flipping sounds so easy and so profitable to do, that it's too good to be true. It is this kind of thinking that makes people sit on their sofas, thinking about what could be, rather than discovering the proven methods to house flipping, that has turned millions of former nobodies into millionaires. Even if you've never heard of house flipping before, you can invest in real estate and make quick, effective profits. You just need to discover the secrets to a successful house flipping operation. If you want to discover how to flip homes and reap huge, quick profits, then you need this book today

Have you ever thought about the huge potential to create wealth through investing in rental properties? Thinking about it and doing it are two different things. In this book, *Rental Property Investing*, you will discover: The 5 easy steps to create a successful business plan The tax benefits that property investors are entitled to and how to claim them The 5 principles to succeed as a property investor How to see the big picture when analyzing potential properties to add to your portfolio How to buy a \$0 house A simple explanation of how to calculate your future expenses The criteria that you have to use when selecting the right location to invest in The 3 types of rental management strategies and how to choose the best one for you And much, much more. The Real Before the Estate: Chastin

Miles, 2018-10-23 Are you are an aspiring, a practicing or a struggling Real Estate agent? When starting out as an agent, there are many challenges you come across. You may have great ideas blowing up in your mind but before long, you realize that nothing has worked. If you are at this stage, don't worry, you are not alone. The main reason why over 80 percent of the beginner agents quit is that they do not know how to differentiate the REALITY from the REAL ESTATE. I feel like I wasted my first 2 years as an agent. I did not make any progress in my career. I made unnecessary mistakes and my personal and professional life was full of struggles. I can't remember how many times I felt like quitting. But then I also learned a few secrets that I want to pass out to all aspiring and beginner agents. My Name is Chastin J. Miles and I'm an award-winning and accomplished real estate agent. I started off in Dallas, TX and had to struggle like most agents. Through the many years of my career, I have managed to turn things around and now I sit among the best. I have won over 10 awards in this short period including being named Best Real Estate Agent by D Magazine and the 2018 Top Social Media Expert Texas by Top Agent Magazine. My work has been featured in over 8 magazines and even TV shows. I could go on and on about my success but this is not about me. This is about you and what you need to break through. The Real Before The Estate is a book I wrote specifically to help those trying to scale up the ladder in the industry. The Real Before The Estate takes you away from the theories you learn in school and the ideas you have in your mind by introducing you to the real world of real estate. Think of this book as the demo mode of Real Estate world. This book gives you practical knowledge and step by step processes on how to get started and actually

succeed in the real estate world. It took me over six years of making mistakes, interacting with industry leaders, and making tough decisions to acquire this knowledge. If I had the knowledge I have now when I started I would be very far in my career. But I don't regret anything; through years of experience, I have managed to reach the peak of my career. Now I use my knowledge to mentor upcoming agents. This is everything you must know before you get into the prosperous yet tumultuous community of Real Estate Agents.
