50 Boyfriends Worse Than Yours Justin Racz,2008-12-17 Tired of watching your man play X-Box all day? Does he cruise match.com when you're not home? When he takes you back to his place, does his mother answer the door? 50 Boyfriends Worse Than Yours is a hilarious collection of these painfully familiar boyfriends, men we've all had the misfortune to meet. There's Thrifty, who thinks taking you out to Chuck E Cheese is charming; Goth Guy, who borrows your make-up; Large Pet Owner, who wears his Python around the house. Rounding out the list are The Flaw Corrector, The Comedian (who's using you for material), One Position Peter (enough said), and Balding and Touchy About It. Isn't revenge sweet? Funny, irresistible, and instantly relatable, 50 Boyfriends Worse Than Yours is the perfect Valentine's Day gift.

Through My Eyes Cheryl Cole,2010-09-30 Last year Cheryl Cole had a number one single, a number one album and was a judge on the UK's most successful television programme. She continues to be an integral member of the most successful girl band the UK has ever seen. Warm, talented, incredibly beautiful and greatly loved by the British public, she is the most talked about celebrity in the UK today. Here, in My World, Cheryl allows us an intimate glimpse behind the scenes of her busy and fascinating life. Packed full of previously unseen photographs from Cheryl's own personal collection of favourites, together with dozens of stunning and exclusive new images, this book will be a must-have for her millions of devoted fans. Cheryl says: 'I think looking at pictures is a bit like listening to music - it reminds you of what was happening and how you were feeling at certain times in your life. Sometimes I look at old pictures and I can't believe that was me. I think we all do that. I went through a phase of being a bit tomboyish when I loved trainers and Timberland boots and baggy trousers. I had pink streaks in my hair at one point but I was experimenting and at the time I liked it. I can look at photos and straight away they'll bring back loads of memories. That's really why I wanted to do this book, so I could choose pictures that mean something to me and tell the stories that go with them.'

The Case for Marriage Linda Waite,Maggie Gallagher,2002-03-05 A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. “A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical.” -- William J. Bennett, author of The Book of Virtues “Makes the absolutely critical point that marriage has been misrepresented and misunderstood.” -- The Wall Street Journal www.broadwaybooks.com
