Chicago Dreaming Timothy B. Spears,2005-06-15 Part I examines the ethos of self-making and boosterism that has defined the city since its settlement in the 1830s, and argues that these energies formed the context for hinterland migration during the nineteenth century and beyond. Part 2 highlights the emotional and cultural forces that continued to tie many migrants to the hinterland even after their arrival in Chicago. Part 3 looks at Chicago's ethnic communities through the eyes of hinterland migrants, underscoring the cultural authority of these native-born newcomers in mediating the assimilation of foreign immigrants. Chapter 6 focuses on the work of Jane Addams and Chapter 7 considers how Chicago's multiethnic community is portrayed in Edith Wyatt's and Elia Peattie's fiction and in Carl Sandburg's poetry.

Modern in the Middle Susan Benjamin,Michelangelo Sabatino,2020-09-01 The first survey of the classic twentieth-century houses that defined American Midwestern modernism. Famed as the birthplace of that icon of twentieth-century architecture, the skyscraper, Chicago also cultivated a more humble but no less consequential form of modernism--the private residence. *Modern in the Middle: Chicago Houses 1929-75* explores the substantial yet overlooked role that Chicago and its suburbs played in the development of the modern single-family house in the twentieth century. In a city often associated with the outsize reputations of Frank Lloyd Wright and Ludwig Mies van der Rohe, the examples discussed in this generously illustrated book expand and enrich the story of the region's built environment. Authors Susan Benjamin and Michelangelo Sabatino survey dozens of influential houses by architects whose contributions are ripe for reappraisal, such as Paul Schweikher, Harry Weese, Keck & Keck, and William Pereira. From the bold, early example of the Battledeck House by Henry Dubin (1930) to John Vinci and Lawrence Kenny's gem the Freemark House (1975), the generation-spanning residences discussed here reveal how these architects contended with climate and natural setting while negotiating the dominant influences of Wright and Mies. They also reveal how residential clients--typically middle-class professionals, progressive in their thinking--helped to trailblaze modern architecture in America. Though reflecting different approaches to site, space, structure, and materials, the examples in *Modern in the Middle* reveal an abundance of astonishing houses that have never been collected into one study--until now.

Chicago Assassin Richard Shmelter,2008 The city of Chicago led the nation when it came to gangland violence during the Prohibition era. As a result, many infamous, unforgettable personalities became a part of America's criminal history. *Chicago Assassin* is the story of 'Machine Gun' Jack McGurn, one of the people responsible for putting much of the roar into the Roaring Twenties. His family immigrated to Chicago from Sicily in 1906, as he grew up in the city's slums and later took up boxing as 'Battling' Jack McGurn. After avenging his father's death by killing the three hit men responsible, he came to the attention of Al Capone, who invited him into his organization, known as the Chicago Outfit. There he rose to power and was one of the most feared members Capone's organizations, with more than twenty-five known kills for the mob. 'Battling' Jack McGurn became so adept with the Thompson submachine gun that he quickly became known as 'Machine Gun' Jack McGurn.
