Childhood's Favorites and Fairy Stories Hamilton Wright Mabie, 2016-08-24

Books are as much a part of the furnishing of a house as tables and chairs, and in the making of a home they belong, not with the luxuries but with the necessities. A bookless house is not a home; for a home affords food and shelter for the mind as well as for the body. It is as great an offence against a child to starve his mind as to starve his body, and there is as much danger of reducing his vitality and putting him at a disadvantage in his lifework in the one as in the other form of deprivation. There was a time when it was felt that shelter, clothing, food and physical oversight comprised the whole duty of a charitable institution to dependent children; to-day no community would permit such an institution to exist unless it provided school privileges. An acute sense of responsibility toward children is one of the prime characteristics of American society, shown in the vast expenditures for public education in all forms, in the increasing attention paid to light, ventilation, and safety in school buildings, in the opening of play grounds in large cities, in physical supervision of children in schools, and the agitation against the employment of children in factories, and in other and less obvious ways. Children are helpless to protect themselves and secure what they need for health of body and mind; they are exceedingly impressionable; and the future is always in their hands. The first and most imperative duty of parents is to give their children the best attainable preparation for life, no matter at what sacrifice to themselves. There are hosts of fathers and mothers who recognize this obligation but do not know how to discharge it; who are eager to give their children the most wholesome conditions, but do not know how to secure them; who are especially anxious

that their children should start early and start right on that highway of education which is the open road to honorable success.

Boy and Going Solo Roald Dahl,2016-09-13 Boy and Going Solo is the whole of Roald Dahl's extraordinary autobiography in one volume. Roald Dahl wasn't always a writer. Once he was just a schoolboy. Have you ever wondered what he was like growing up? In BOY you'll find out why he and his friends took revenge on the beastly Mrs Pratchett who ran the sweet shop. He remembers what it was like taste-testing chocolate for Cadbury's and he even reveals

how his nose was nearly sliced off. Then in GOING SOLO you'll read stories of whizzing through the air in a Tiger Moth Plane, encounters with hungry lions, and the terrible crash that led him to storytelling. Roald Dahl tells his story in his own words – and it's all TRUE. And now you can listen to all of Roald Dahl's novels for children on Roald Dahl Audiobooks read by some very famous voices, including Kate Winslet, David Walliams and Steven Fry – plus there are added squelchy soundeffects from Pinewood Studios! Also look out for new Roald Dahl apps in the App store and Google Play– including the disgusting TWIT OR MISS! and HOUSE OF TWITS inspired by the revolting Twits.

On Rereading Patricia Meyer Spacks, 2013-11-18 After retiring from a lifetime of teaching literature, Patricia Meyer Spacks embarked on a year-long project of rereading dozens of novels: childhood favorites, fiction first encountered in young adulthood and never before revisited, books frequently reread, canonical works of literature she was supposed to have liked but didn't, guilty pleasures (books she oughtn't to have liked but did), and stories reread for fun vs. those read for the classroom. On Rereading records the sometimes surprising, always fascinating, results of her personal experiment. Spacks addresses a number of intriguing questions raised by the purposeful act of rereading: Why do we reread novels when, in many instances, we can remember the plot? Why, for example, do some lovers of Jane Austen's fiction reread her novels every year (or oftener)? Why do young children love to hear the same story read aloud every night at bedtime? And why, as adults, do we return to childhood favorites such as The Hobbit, Alice in Wonderland, and the Harry Potter novels? What pleasures does rereading bring? What psychological needs does it answer? What guilt does it induce when life is short and there are so many other things to do (and so many

other books to read)? Rereading, Spacks discovers, helps us to make sense of ourselves. It brings us sharply in contact with how we, like the books we reread, have both changed and remained the same.

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you

have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
