Children of Shadows N.J. Simmonds,2021-07-08 Single mother Ella is struggling. About to turn forty, the last thing Ella needs in her life is more complications, but she suspects her brush with angels may not be over yet. Ella's daughter, Indie, is keeping a huge secret. But it's not until she meets the new kids at school that she begins to learn about her true powers. Luci has been busy. With the help of her whisperers, she's figured out how to destroy the Angelic Realm. The only problem is the one person who can help her secure the final ingredient won't help. As Indie explores her growing abilities, she enters a world of fate and power that Ella left behind sixteen years ago. She will soon discover that this world is on the brink of war, and that she may be the most powerful weapon of all. For over two thousand years, Ella's and Zac's lives have been intertwined. When fate no longer exists and the past catches up to the present, will the bond of blood be enough to unite two worlds?

I See a Shadow Laura Breen,2020-06-23 I See a Shadow is a charming picture book that delivers a bright new take on the concept of shadows and the delight of imagination, from debut author/illustrator Laura Breen. The Black Rabbit Philippa Leathers,2013 Rabbit has a problem: There's a large black rabbit chasing him, and no matter where he runs, the shadowy rabbit follows, but finally in the deep, dark wood, Rabbit loses his nemesis—only to encounter a real foe!

Shadow Michael Morpurgo,2014-12-23 Author of War Horse, and bestselling storyteller Michael Morpurgo touched our hearts with this beautiful story of a boy, his lost dog, and the lengths he would go to be reunited. This timely story of battle-scarred Afghanistan delivers a masterful portrait of war, love, and friendship. With the horrors of war bearing down on them, Aman and his mother are barely surviving in an Afghan cave, and staying there any longer will end horribly. The only comfort Aman has is Shadow, the loyal spaniel that shows up from places unknown, it seems, just when Aman needs him most. Aman, his mother, and Shadow finally leave the destroyed cave in hopes of escaping to England, but are held at a checkpoint, and Shadow runs away after being shot at by the police. Aman and his mother escape--without Shadow. Aman is heart-broken. Just as they are getting settled as

free citizens in England, they are imprisoned in a camp with locked doors and a barbed wire fence. Their only hope is Aman's classmate Matt, his grandpa, and the dream of finding his lost dog. After all, you never lose your shadow.

The Seer of Shadows Avi,2016-03-08 Horace Carpetine does not believe in ghosts. Raised to believe in science and reason, Horace Carpetine passes off spirits as superstition. Then he becomes an apprentice photographer and discovers an eerie—and even dangerous—supernatural power in his very own photographs. When a wealthy lady orders a portrait to place by her daughter's gravesite, Horace's employer, Enoch Middleditch, schemes to sell her more pictures—by convincing her that her daughter's ghost has appeared in the ones he's already taken. It's Horace's job to create images of the girl. Yet Horace somehow captures the girl's spirit along with her likeness. And when the spirit escapes the photographs, Horace discovers he's released a ghost bent on a deadly revenge. . . .

The Shadows Jacqueline West,2011-06-14 For fans of Small Spaces, Coraline, A Series of Unfortunate Events, and James Howe's Bunnica classics comes the first book in the award-winning, New York Times bestselling Books of Elsewhere series. This house is keeping secrets . . . When eleven-year-old Olive and her parents move into the crumbling mansion on Linden Street and find it filled with mysterious paintings, Olive knows the place is creepy—but it isn't until she encounters its three talking cats that she realizes there's something darkly magical afoot. Then Olive finds a pair of antique spectacles in a dusty drawer and discovers the most peculiar thing yet: She can travel inside the house's spooky paintings to a world that's strangely quiet . . . and eerily sinister. But in entering Elsewhere, Olive has been ensnared in a mystery darker and more dangerous than she could have imagined, confronting a power that wants to be rid of her by any means necessary. With only the cats and an unusual boy she meets in Elsewhere on her side, it's up to Olive to save the house from the shadows, before the lights go out for good.

Among the Hidden Margaret Peterson Haddix, 2002-06-12 In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?

Wicca Book of Shadows Lisa Chamberlain, 2015-09-30 Everything You Need to Know About Wicca, from Best-Selling Wicca Author Lisa Chamberlain It is estimated that there are over 1 million practicing Wiccans around the world today. But what is it that has made these people turn their back on the formal, structured religions that encompass the majority of the Western world? In our modern, high-pressured world, many of us fail to take notice the sheer beauty of the natural world surrounding us. In many ways, this is a travesty: the world we live in today seems so completely distant

from the one our ancestors lived in, a world where humans and nature were at one, their existence intertwined in the natural cycles of life. Wicca is a new way of life, a religion that takes you back to a more simple time, before the invention of the high-tech gadgetry we see all around us. You will learn to live and appreciate the natural world that surrounds you, celebrating the intricate changes in the seasons and everything they bring - from the bounties of the Summer harvest, to the cold and darkness of the Winter months, as Mother Nature rests in preparation for the next explosive cycle of life that Spring brings. Wicca is a re-incarnation of the very earliest religions, long pre-dating Christianity. Wiccans celebrate and share many of the same beliefs that these early people held, and try to embrace their way of life, all while remaining fully-functional in today's modern world. Getting Started as a Wiccan If you're sold on this new, exciting, peaceful way of life, that's great! Good to have you on-board. Unfortunately, and despite this commitment, this is where many people get stumped. One of the biggest questions I hear would-be Wiccans ask: how do I start practicing Wicca? The truth is, there is no right answer. If you endeavour to learn as much as possible about this religion, follow the core principles (for example, the Threefold Law), and revere the natural world surrounding you, as far as I'm concerned, you're a Wiccan. If you're just starting out, I'm sure this vague answer is of little help to you! That's why I set out to write this mini-series of books, titled Practicing the Craft. In this particular book, you'll learn everything you need to know about Wicca Book of Shadows - what they are, their history, and what to include in your own Book of Shadows. Wicca Book of Shadows Practicing magic isn't compulsory for Wiccans, however many people are inevitably attracted to the religion by the potential to positively change their lives for the better. As such, spellwork is one of the most discussed parts of being Wiccan. For those wanting to start practicing magic, keeping a Book of Shadows is a good starting point. A Book of Shadows is the ideal place to document your Wiccan journey, write down detailed spell outlines, and write any other information that may help you going forward. Because it contains all of your spells, many Wiccans will take their Book of Shadows into the circle during spellwork, too. Having a beautiful, leather-bound book will make the spell crafting process far more authentic - though you can use any book you like for constructing your own book. Due to the contents, many Wiccans are very private about their Book of Shadows. As such, you will probably want to take proactive steps towards protecting your book. This guide includes several privacy tips, as well as a dedicated spell for protecting your book. In other words, Wicca Book of Shadows will teach you everything you need to know to construct your own Book of Shadows, today! Would You Like to Know More?
