Building a Culture of Literacy in Your Community Through Día Jeanette Larson,2011-03-29

A celebration of children, families, and reading held annually since 1996, Children's Day/Book Day, known as Día, emphasizes the importance of literacy for children of all linguistic and cultural backgrounds. In anticipation of Día's fifteenth anniversary, the Association for Library Service to Children (ALSC) presents a collection of the best of its Día programming ideas, offering * A wealth of ready-to-use programs, easily adaptable for a variety of cultures * Cultural competency training tips to encourage outreach to minority populations * Interviews with library directors about the best ways to heighten awareness of cultural and literacy issues Complemented by numerous bilingual book suggestions, this resource is perfect for collection development, early literacy storytimes, and year-round program planning.

Pro Cycling on \$10 a Day Phil Gaimon,2014-05-05 In his book *Pro Cycling on \$10 a Day*, Phil Gaimon brings the full powers of his wit to tell his story. Plump, grumpy, slumped on the couch, and going nowhere fast at age 16, Phil Gaimon began riding a bicycle with the grand ambition of shedding a few pounds before going off to college. He soon fell into racing and discovered he was a natural, riding his way into a pro contract after just one season despite utter ignorance of a century of cycling etiquette. Presented here as a guide--and a warning--to aspiring racers who dream of joining the professional racing circus, Phil's adventures in road rash serve as a hilarious and cautionary tale of frustrating team directors and broken promises. Phil's education in the ways of the peloton, his discouraging negotiations for a better contract, his endless miles crisscrossing America in pursuit of race wins, and his conviction that somewhere just around the corner lies the ticket to the big time fuel this tale of hope and ambition from one of cycling's best story-tellers. *Pro Cycling on \$10 a Day*

chronicles the racer's daily lot of blood-soaked bandages, sleazy motels, cheap food, and overflowing toilets. But it also celebrates the true beauty of the sport and the worth of the journey, proving in the end that even among the narrow ranks of world-class professional cycling, there will always be room for a hard-working outsider.

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe.

It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
