Christian Radio Bob Lochte, 2005-12-13 Religious programming has been on the airwaves since broadcasting began, but today it is one of the fastest growing categories in radio. This book examines the progression of Christian radio from its beginnings on tiny local stations (like WCAL from St. Olaf's College in Minnesota) to its presence on network and satellite radio of today. The author notes the factors that brought Christian music into the mainstream and discusses how network policies and regulations affected the development of Christian radio. Also considered are the changing demographics that have contributed to the success of Christian broadcasting. Major Christian networks and their evangelical missions are discussed, along with such programs A Money Minute, Life on the Edge and Focus on the Family, which offer practical topical advice for today's Christian. The final chapter considers the future of Christian radio.

My mother was very spiritual and believed in the Lord, and she wanted to share her experiences about preparing yourself before you pass away and meet the Lord. This book will be instrumental to those who know they are about to pass away and want to get right with the Lord and themselves before they die. This book has helped different people ease themselves, knowing there is a place after life that is greater than what is here on earth. My mission in life is to please both the Lord and my mother by getting her message out.
