Preaching in Pictures Peter Jonker,2015-05-19 The preachers' words are meant to connect, to resonate with and influence hearers. Too often, sermons fall short. *Preaching in Pictures: Using Images for Sermons that Connect* shows how to choose, use, and illustrate a controlling image in every sermon. Readers learn how one effective image can cause the proclaimed word to sink in and transform the listener. Peter Jonker helps readers to build skill and confidence, with practical instruction, examples, and straightforward teaching. "Good preaching isn't just the dissemination of information; it is a conduit of Spirit-empowered formation. Such formative preaching doesn't convince the intellect; it captures the imagination. A controlling image has the power to do just this—to capture the imagination. Peter Jonker invites preachers to understand and to effectively use controlling images for formation of the hearer. This great book is erudite and accessible, theoretically grounded and yet intensely practical, complete with exercises. I'll be pointing preachers to it from now on." --James K.A. Smith, author of *Desiring the Kingdom: Worship, Worldview, and Cultural Formation* "Preaching in Pictures opened eyes of my imagination. I can't wait to write my next sermon." --Heidi DeJonge Pastor, Westside Fellowship Christian Reformed Church, Kingston, Ontario "Peter Jonker offers preachers practical ways to connect the gospel in the hearts of listeners, with a wealth of helpful examples. This is a fresh and welcome perspective, just the book for preachers whose sermons have reached their shelf life and are in need of new energy." --John Michael Rottman, Professor of Preaching Calvin Theological Seminary "Sane, balanced, assured--but also strikingly insightful--Peter Jonker's writing is a sheer gift to anyone interested in eventful preaching. Every page is worth pondering. Jonker writes with great verve and authority." --Cornelius Plantinga, Jr., Author of *Reading for Preaching: The Preacher in Conversation with Storytellers, Biographers, Poets, and Journalists*

Seeing Faith, Printing Pictures: Religious Identity during the English Reformation David J. Davis,2013-03-27 This book offers a unique analysis of visual religion in Reformation England as seen in its religious printed images. Challenging traditional notions of an iconoclastic Reformation, it offers a thorough analysis of the widespread body of printed images and the ways the images gave shape to the religious culture.

The Wrightsman Pictures Jayne Wrightsman,2005 This lavish catalogue presents 150 European paintings, pastels, and drawings from the late fifteenth to the mid-nineteenth century that have been given to the Metropolitan Museum by Mr. and Mrs. Charles Wrightsman or are still held in Mrs. Wrightsman's private collection. These notable works were collected over the past four decades, many of them with the Museum in mind; some were purchased by the Museum through the Wrightsman Fund. Highlights of the book include masterpieces by Vermeer, El Greco, Rubens, Van Dyck, Georges de La Tour, Jacques-Louis David, and Caspar David Friedrich as well as numerous paintings by the eighteenth-century Venetian artists Canaletto, Guardi, and the Tiepolos, father and son, plus a dozen remarkable portrait drawings by Ingres. Each work is reproduced in color and is accompanied by a short essay.

Nostradamus' Lost Pictures Unveiled Patricia Ann Sunday,2013-06-27 This picture book is a short story synopses and is extracted material from my book titled Nostradamus, Branham and the Little Book: Gods Masterpiece...with a few updated developments. The Prophet Nostradamus has provided us with a pictogram of the Second Coming of Jesus the Christ...Yeshua Ha Mashiach (Yeshua the Messiah) AND tells us WHO the end-time Anti-Christ will be. NOW is the time for the revealing and unveiling of the Prophet Nostradamus lifes work. You will be amazed to find out WHO Nostradamus really was. Nostradamus tells us that those Christians who are in the Catholic Church are being set up for a big slaughter because of their belief in the false and demonic Virgin Mary Apparitions complete with its bleeding statues and other anomalies. Muslims also believe in the Virgin Mary of Fatima apparitions as well as prayer beads drawing these two religions together on two central doctrines...and the name CHRISLAM is quickly becoming a popular coined name for it. This iron and clay religion will not adhere together comfortably. Nostradamus states that this coming slaughter will be like it was in 1792. This means it will be worse than the French Revolution Reign of Terror. In the coming Reign of Terror guillotines will behead millions. Guillotines have already been shipped into the United States in preparation for civil unrest at the dissolution of the dollar bill and move into the New (NAZI) World Order. The Bible cautions us to beware of end-time manifestations in the AIR. That not only includes apparitions (Ghosts/Shape-Shifters) of all sorts but the UFO phenomenon as well. The Bible instructs us that it is SATAN and his demonic hordes that are the POWERS and PRINCIPALITIES in the AIR. The Bible states that even the very ELECT will be deceived if it is possible. IT IS POSSIBLE! (Matthew 24:24; Mark 13:22.) The Prophet Nostradamus has left us the Little Book of Revelation Ten that Daniel the Prophet and John the Apostle and Revelator (of the Book of Revelation) could not write because it had to be sealed up until the end-time....NOW. (Daniel 12:4; Revelation 10.) Nostradamus helps us unravel this end-time puzzle and he uses pictures to do it. After all...Isnt a picture worth a thousand words?

Poetry, Pictures, and Popular Publishing Lorraine Janzen Kooistra,2014-10-07 In Poetry, Pictures, and Popular Publishing eminent

Rossetti scholar Lorraine Janzen Kooistra demonstrates the cultural centrality of a neglected artifact: the Victorian illustrated gift book. Turning a critical lens on “drawing-room books” as both material objects and historical events, Kooistra reveals how the gift book’s visual/verbal form mediated “high” and popular art as well as book and periodical publication. A composite text produced by many makers, the poetic gift book was designed for domestic space and a female audience; its mode of publication marks a significant moment in the history of authorship, reading, and publishing. With rigorous attention to the gift book’s aesthetic and ideological features, Kooistra analyzes the contributions of poets, artists, engravers, publishers, and readers and shows how its material form moved poetry into popular culture. Drawing on archival and periodical research, she offers new readings of Eliza Cook, Adelaide Procter, and Jean Ingelow and shows the transatlantic reach of their verses. Boldly resituating Tennyson’s works within the gift-book economy he dominated, Kooistra demonstrates how the conditions of corporate authorship shaped the production and reception of the laureate’s verses at the peak of his popularity. *Poetry, Pictures, and Popular Publishing* changes the map of poetry’s place—in all its senses—in Victorian everyday life and consumer culture.

Religion, Media, and Marginality in Modern Africa Felicitas Becker, Joel Cabrita, Marie Rodet, 2018-02-02 In recent years, anthropologists, historians, and others have been drawn to study the profuse and creative usages of digital media by religious movements. At the same time, scholars of Christian Africa have long been concerned with the history of textual culture, the politics of Bible translation, and the status of the vernacular in Christianity. Students of Islam in Africa have similarly examined politics of knowledge, the transmission of learning in written form, and the influence of new media. Until now, however, these arenas—Christianity and Islam, digital media and “old” media—have been studied separately. *Religion, Media, and Marginality in Modern Africa* is one of the first volumes to put new media and old media into significant conversation with one another, and also offers a rare comparison between Christianity and Islam in Africa. The contributors find many previously unacknowledged correspondences among different media and between the two faiths. In the process they challenge the technological determinism—the notion that certain types of media generate particular forms of religious expression—that haunts many studies. In evaluating how media usage and religious commitment intersect in the social, cultural, and political landscapes of modern Africa, this collection will contribute to the development of new paradigms for media and religious studies. Contributors: Heike Behrend, Andre Chappatte, Maria Frahm-Arp, David Gordon, Liz Gunner, Bruce S. Hall, Sean Hanretta, Jorg Haustein, Katrien Pype, and Asonzeh Ukah.
