Whn: When New York City Went Country Ed Salamon,2013-02-01 In 1973, conventional industry wisdom was that a country music station could not be successful in the New York market. WHN ignored that wisdom and announced that it was switching from a middle-of-the-road format to country, billing itself as Easy Lovin' Country. The actual changeover took place at 5:45 am on February 26th when Jack Spector, calling himself The Kosher Cowboy From Coney Island, introduced the George Jones classic The Race Is On. And the rest is history.

The International Politics of Surplus Capacity (Routledge Revivals) Susan Strange,Roger Tooze,2009-11-02 This important survey, first published in 1981, presents some different and often contending perceptions of the problem of surplus capacity as it re-emerged in the world of the 1980s – an economic climate with many parallels to the current era. Susan Strange and Roger Tooze deliberately assembled writers of many different nationalities, professional backgrounds and ideological convictions and asked them to make the case for their version of the problem. Some even doubt if there really is much of a problem at all. Others see it as fundamentally political, or monetary; as inherent in the capitalist system, or as the product of short-sighted pressure groups and perverse politicians. To help readers judge for themselves, there are specialist contributions on surplus capacity as it has shown up in different sectors of the world economy – shipbuilding, textiles, steel, petrochemicals, insurance and banking – and on the responses of different actors in the international system, including the European Community and multinational corporations.

You Better Not Cry Augusten Burroughs,2009-10-27 You've eaten too much candy at Christmas...but have you ever eaten the face off a six-footstuffed Santa? You've seen gingerbread houses...but have you ever made your own gingerbread tenement? You've woken up with a hangover...but have you ever woken up next to Kris Kringle himself? Augusten Burroughs has, and in this caustically funny, nostalgic, poignant, and moving collection he recounts Christmases past and present—as only he could. With gimleteyed wit and illuminated prose, Augusten shows how the holidays bring out the worst in us and sometimes, just sometimes, the very, very best.

Not here. I'm going to save you the trouble and get to the point right up front. These first sentences of the book sum up what Ted Allen's The Food You Want to Eat is all about-the tempting, delicious, satisfying fare you really want on your dinner table tonight, without the fuss and the
