Ronald D. Lankford

Sleigh Rides, Jingle Bells, and Silent Nights Ronald D. Lankford, 2013-10-01 When Bing Crosby's *White Christmas* debuted in 1942, no one imagined that a holiday song would top the charts year after year. One of the best-selling singles ever released, it remains on rotation at tree lighting ceremonies across the country, in crowded shopping malls on Black Friday, and at warm diners on lonely Christmas Eve nights. Over the years, other favorites have been added to America's annual playlist, including Elvis Presley's *Blue Christmas*, the King Cole Trio's *The Christmas Song*, Gene Autry's *Rudolph the Red-Nosed Reindeer*, Willie Nelson's *Pretty Paper*, and, of course, Elmo & Patsy's *Grandma Got Run Over by a Reindeer*. Viewing American holiday values through the filter of familiar Christmas songs, Ronald Lankford examines popular culture, consumerism, and the dynamics of the traditional American family. He surveys more than seventy-five years of songs and reveals that the "modern American Christmas" has carried a complex and sometimes contradictory set of meanings. Interpreting tunes against the backdrop of the eras in which they were first released, he identifies the repeated themes of nostalgia, commerce, holiday blues, carnival, and travesty that underscore so much beloved music. This first full-length analysis of the lyrics, images, and commercial forces inextricably linked to Yuletide music hits the heart of what many Americans think Christmas is--or should be.

The Other End of the Leash Patricia McConnell, Ph.D., 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite

simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Me You See Jill Williamson, 2021-04-18 *The Me You See* is the third book in a series that travels alongside four friends as they deal with teen life in Riverbend, Indiana. The novel inspires girls and young women to deepen their relationships with God and solve their problems in God-honoring ways. Winter break is usually Izzy’s favorite time of year, but this year all it does is make her feel lonely. She adores her brother Sebastian, but she’s stuck at home taking care of him ALL. THE. TIME. And her squad—her friends from Drama I—are too busy with their own exciting plans to get together with her. So of course her phone is her lifeline! Izzy creates and posts videos of her amazing, to-die-for cupcake creations on her Instagram account. AND she stays connected with her squad. At least she would . . . if any of them bothered to text her back. Seriously, how hard is it to text back? But then school

starts up again and Zac, the dreamy senior she's been crushing on for months, starts texting her. But her friends are less than thrilled. If they could only see Zac like she does—he's really a great guy! Then everything would be perfect. *Riverbend Friends*: A girl's best hope for surviving high school is her friends. Join Tessa, Shay, Izzy, and Amelia as they laugh together, lean on each other, and discover that God is a Friend who's always got their back.

With a Little Help Cory Doctorow,2015-07-16 With a Little Help is my first serious experiment in self-publishing. I've published many novels, short story collections, books of essays and so on with publishers, and it's all been very good and satisfying and educational and so on, but it seems like it's time to try something new. With a Little Help consists of 12 stories, all reprints except for Epoch (commissioned by Mark Shuttleworth).

Working Misunderstandings Frauke Mörike,2021-11-30 Misunderstandings are often perceived as something to be avoided yet delineate an integrative part of everyday work. This book addresses the role that misunderstandings play in collaborative work and, above all, their effects on the organisational result. As exemplified by project collaboration across three offices of a multinational corporation in India, Frauke Mörike explores how misunderstandings shape the organisational system and why they prove not only necessary but even

productive for organisational functioning. In doing so, she offers new ways to think about collaboration and establishes 'misunderstanding' as a key factor of insight for the field of organisational research.

Beyond Memory Max Mojapelo, 2008 South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them worthy of preservation. And if one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the musics of the black communities. *Beyond Memory: Recording the History, Moments and Memories of South African Music* is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of a man, Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a deejay at the South African Broadcasting Corporation. This book - astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the

late 20th and early 21st centuries.

The Brand Innovation Manifesto John Grant, 2006-05-12

The days of the image brands are over, and 'new marketing' has gone mainstream. The world's biggest companies are pursuing a post-advertising strategy, moving away from advertising and investing in leading edge alternatives. In the vanguard of the revolution has been John Grant, co-founder of the legendary agency St. Luke's and author of *The New Marketing Manifesto*, whose radical thinking has informed a generation. Now Grant is set to stun the industry again. In *The Brand Innovation Manifesto*, he redefines the nature of brands, showing why old models and scales no longer work and revealing that the key to success today is impacting people's lifestyles (think Starbucks, iPod and eBay). At the heart of the book is the concept of the 'brand molecule' to which new cultural ideas can be constantly added to keep pace with change. Cataloguing 32 classes of idea, Grant presents a practical approach to mixing and matching them within your own market to develop new brand ideas - and new ideas for existing brands.

Murder For Two Kellen Blair, Joe Kinosian, 2019-10

Officer Marcus Moskowicz is a small town policeman with dreams of making it to detective. One fateful night, shots ring out at the surprise birthday party of Great American Novelist Arthur Whitney and the writer is killed...fatally. With the nearest detective an hour away, Marcus jumps at the chance to prove his sleuthing skills—with the help of his silent partner, Lou. But whodunit? Did Dahlia Whitney, Arthur's scene-stealing wife, give him a big finish? Is Barrette Lewis, the prima ballerina, the prime suspect? Did

Dr. Griff, the overly-friendly psychiatrist, make a frenemy? Marcus has only a short amount of time to find the killer and make his name before the real detective arrives... and the ice cream melts!

"But He Doesn't Know the Territory" Meredith Willson, 2020-09-22 Chronicles the creation of Meredith Willson's *The Music Man*—reprinted now as the Broadway Edition Composer Meredith Willson described *The Music Man* as "an Iowan's attempt to pay tribute to his home state." Now featuring a new foreword by noted singer and educator Michael Feinstein, this book presents Willson's reflections on the ups and downs, surprises and disappointments, and finally successes of making one of America's most popular musicals. Willson's whimsical, personable writing style brings readers back in time with him to the 1950s to experience firsthand the exciting trials and tribulations of creating a Broadway masterpiece. Fresh admiration of the musical—and the man behind the music—is sure to result.
