Galaxy Quest: The Inside Story Matt McAllister, 2021-08-10 The essential guide to Galaxy Quest!
Behind-the-scenes stories and cast interviews from the critically acclaimed science fiction comedy and all-
time top fan favorite. By Grabthar's hammer! A witty, inventive, and heartfelt tribute to science fiction
fans, Galaxy Quest has been making audiences laugh, cry, and cheer for over two decades. This authorized
book examines the entire process of making the movie, from the initial spec script through to development,
filming, and postproduction. Along the way, it takes an in-depth look into the film's visual effects. Artists at
ILM and Stan Winston Studio reveal how they used a mixture of lovingly designed miniatures, puppets,
prosthetics, and CGI to bring to life the Protector, the pig lizard, and the movie's other incredible monsters
and starships. Featuring over 60 new interviews with Galaxy Quest's cast and crew, including Tim Allen,
Sigourney Weaver, Sam Rockwell, and Dean Parisot, and unseen photos and concept art, this is the
ultimate guide to the funniest movie in the Galaxy. Charting the story from concept to script, filming and

release, with chapters looking at the casting, the sets, the costumes and makeup and the ship design and the visual effects, this guide is packed with hundreds of fascinating production photos, concept art and rare behind-the-scenes images. Galaxy Quest is a 1999 cult classic science fiction comedy film. A parody of, and homage to, science-fiction films and series, especially Star Trek and its fandom, the film stars Tim Allen, Sigourney Weaver, Alan Rickman, Tony Shalhoub, Sam Rockwell, and Daryl Mitchell. It depicts the cast of a fictional defunct cult television series, Galaxy Quest, who are visited by actual aliens who think the series is an accurate documentary, and become involved in a very real intergalactic conflict. The film was positively received by critics: it won the Hugo Award for Best Dramatic Presentation (an award won by the original Star Trek series in the 1960s) and the Nebula Award for Best Script. It was also nominated for 10 Saturn Awards, including Best Science Fiction Film and Best Director for Parisot, Best Actress for Weaver, and Best Supporting Actor for Rickman, with Allen winning Best Actor. Be sure to watch Never Surrender: A Galaxy Quest Documentary - now available on Netflix.

Readers from multiple different cultures will be able to apply the principles presented by use of relevant examples, illustrations, and enlightening insights provided from a wide range of Global South and Global North multicultural and intercultural perspectives. Transforming Communication offers practical principles to encourage and challenge Christian readers to build relationships that might well require engaging with issues that bring them out of their comfort zone but, the book also offers insights and encouraging devotional nuggets that feed into a triad of knowledge-impartment, self-examination and challenge, along with spiritual enrichment for the task.
