Coalition David Laws, 2016-03-22 When David Cameron and Nick Clegg stepped out into the rose garden at No. 10 to launch the first coalition government since the Second

World War, it was amid a sea of uncertainty. Some doubted whether the coalition could survive a full term - or even a full year. Five years later, this bold departure for British politics had weathered storms, spending cuts and military strikes, rows, referendums and riots. In this compelling insider account, David Laws lays bare the inner workings of the coalition government from its birth in 2010 to its demise in 2015. As one of the chief Lib Dem negotiators, Laws had a front-row seat from the very beginning of the parliament. Holding key posts in the heart of government, he was there for the triumphs, the tantrums and the tactical manoeuvrings. Now, he brings this experience to bear, revealing how crucial decisions were made, uncovering the often explosive divisions between and within the coalition parties, and candidly exploring the personalities and positions of the leading players on both sides of the government. Honest, insightful and at times shocking, *Coalition* shines a powerful light on perhaps the most fascinating political partnership of modern times.

The Routledge Handbook of People and Place in the 21st-Century City Kate Bishop, Nancy Marshall, 2019-08-13 Increasing urbanization and increasing urban density put enormous pressure on the relationships between people and place in cities. Built environment professionals must pay attention to the impact of people-place relationships in small- to large-scale urban initiatives. A small playground in a neighborhood pocket park is an example of a small-scale urban development; a national environmental policy that influences energy sources is an example of a large-scale initiative. All scales of decision-making have implications for the people-place relationships present in cities. This book presents new research in contemporary, interdisciplinary urban challenges, and

opportunities, and aims to keep the people–place relationship debate in focus in the policies and practices of built environment professionals and city managers. Most urban planning and design decisions, even those on a small scale, will remain in the urban built form for many decades, conditioning people’s experience of their city. It is important that these decisions are made using the best available knowledge. This book contains an interdisciplinary discussion of contemporary urban movements and issues influencing the relationship between people and place in urban environments around the world which have major implications for both the processes and products of urban planning, design, and management. The main purpose of the book is to consolidate contemporary thinking among experts from a range of disciplines including anthropology, environmental psychology, cultural geography, urban design and planning, architecture and landscape architecture, and the arts, on how to conceptualize and promote healthy people and place relationships in the 21st-century city. Within each of the chapters, the authors focus on their specific areas of expertise which enable readers to understand key issues for urban environments, urban populations, and the links between them.

One Grand Noise Jerrilyn McGregory, 2021-07-29 Winner of the 2022 Chicago Folklore Prize For many, December 26 is more than the day after Christmas. Boxing Day is one of the world's most celebrated cultural holidays. As a legacy of British colonialism, Boxing Day is observed throughout Africa and parts of the African diaspora, but, unlike Trinidadian Carnival and Mardi Gras, fewer know of Bermuda's Gombey dancers, Bahamian Junkanoo, Dangriga's Jankunú and Charikanari, St. Croix's Crucian Christmas Festival, and St. Kitts's Sugar Mas. *One Grand Noise: Boxing Day in the Anglicized Caribbean World* delivers a highly detailed, thought-provoking examination of the use of spectacular vernacular to metaphorically dramatize such tropes as "one grand noise," "foreday morning," and from "back o' town." In cultural solidarity and an obvious critique of Western values and norms, revelers engage in celebratory sounds, often donning masks, cross-dressing, and dancing with abandon along thoroughfares usually deemed anathema to them. Folklorist Jerrilyn McGregory demonstrates how the cultural producers in various island locations ritualize Boxing Day as a part of their struggles over identity, class, and gender relations in accordance with time and space. Based on ethnographic study undertaken by McGregory, *One Grand Noise* explores Boxing Day as part of a creolization process from slavery into the twenty-first century. McGregory traces the holiday from its Egyptian origins to today and includes chapters on the Gombey dancers of Bermuda, the evolution of Junkanoo/Jankunú in The Bahamas and Belize, and J'ouvert traditions in St. Croix and St. Kitts. Through her exploration of the holiday, McGregory negotiates the

ways in which Boxing Day has expanded from small communal traditions into a common history of colonialism that keeps alive a collective spirit of resistance.

American Holiday Postcards, 1905-1915 Daniel Gifford, 2013-08-22 In the early 20th century, postcards were one of the most important and popular expressions of holiday sentiment in American culture. Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze. However, their uses and meanings were far from universal. This book argues that holiday postcards circulated primarily among rural and small town, Northern, white women with Anglo-Saxon and Germanic heritages. Through analysis of a broad range of sources, Daniel Gifford recreates the history of postcards to account for these specific audiences, and reconsiders the postcard phenomenon as an image-based conversation among exclusive groups of Americans. A variety of narratives are thus revealed: the debates generated by the Country Life Movement; the empowering manifestations of the New Woman; the civic privileges of whiteness; and the role of emerging technologies. From Santa Claus to Easter bunnies, flag-waving turkeys to gun-toting cupids, holiday postcards at first seem to be amusing expressions of a halcyon past. Yet with knowledge of audience and historical conflicts, this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era.

Ravioli Paul Silvio, 2013-06-12 Heart-warming stories about a Sicilian-American family. Second generation Sicilian's life experiences growing up in Chicago. Old country

stories from parents and grandparents. Ravioli grew out of Paul Andrea Silvio's book *Silvio Family Memories*, written for his grandchildren when Paul was told his neurological illness would progress and he would be unable to share his thoughts and history with his family. Ravioli is about the life of first generation Sicilian-Americans. This book provides an entertaining depiction of the times and a smattering of self-composed philosophies. One can leaf through the book and read at random. In reading Ravioli it will become obvious that family relations are extremely important to Paul. Whether it was his Sicilian upbringing or his positive views of family growing up, he was happy to have been a part of it and able to share that with the reader. Paul was fortunate to have known all four of his Sicilian grandparents.

Unfolding the Mystery of Christ Eliot Kapitan, 2020-04-15 2021 Catholic Media Association Award first place award in faith formation 2021 Catholic Media Association Award second place award in pastoral ministry - catechetical The catechumenate is animated by trust. Seekers have to trust in new, barely-rooted faith. Seekers also need to have trust in parish ministers, who will to guide them on the way. Parish ministers need to have trust in their Spirit-given gifts. Most importantly, all involved in the RCIA process needs to have trust in the church's normative formation practice—scripture and tradition mediated through the gradual encounter with Christ in the celebration of the liturgical year. Eliot Kapitan makes it easier for each to trust. With gentle wisdom, he presents an ordered method for preparing the Period of the Catechumenate Sunday-by-Sunday, season-by-season, liturgical year-by-liturgical year. If you have ever lacked confidence in your ability to lead the seekers on the way of faith, this book will help you trust that you

already have all the skills and resources you need.

Preaching Christ from Psalms Sidney Greidanus, 2016-11-10 In this penultimate volume of his series on preaching Christ from the Old Testament, Sidney Greidanus offers expert guidance for busy pastors on preaching Christ from Psalms. Beginning with a general introduction on how pastors can interpret and preach from the biblical psalms — and why they should — Greidanus proceeds by discussing twenty-two psalms in the Revised Common Lectionary, Year A, supplying the building blocks necessary to preach from Psalms at Christmas, Easter, Pentecost, and other major days and seasons of the church year. In addition to laying out basic homiletical-theological approaches suitable for each selected psalm, these chapters also provide verse-by-verse exposition, bridges to Christ in the New Testament, and ideas for placing the psalmist's words into contemporary context.

Interrogating Models of Diversity within a Multicultural Environment Michael Tonderai Kariwo, Neda Asadi, Chouaib El Bouhali, 2019-05-28 Discussing common understanding of the concepts of multiculturalism, diversity, and inclusion, this volume critically examines the interpretation and praxis of diversity and inclusion in relation to marginalized populations—from women, sexual minorities, minority newcomers, and aboriginal communities. The contributors collected here present well-grounded epistemological, theoretical, and methodological bases from which to account (at least in part) for the processes and dynamics shaping the relationship between diversity and inclusion, on the one hand, and policy and practice on the other. Arising from research derived in part from community work with minorities in North America, particularly Canada, this volume examines common barriers to full minority integration, with important implications for inclusion efforts around the globe.

Regional Science Perspectives on Tourism and Hospitality Mauro Ferrante, Oliver Fritz, Özge Öner, 2020-12-16 This book approaches the tourism and hospitality industry from a regional science perspective. By analyzing the spatial context of tourist travels, the hospitality sector, and the regional impacts of tourist activities, it demonstrates the value of the regional science paradigm for understanding the dynamics and effects of tourism and hospitality-related phenomena. Written by leading regional science scholars from various countries as well as professionals from organizations such as OECD and AirBnB, the contributions address topics such as migration, new types of accommodation, segmentation of tourism demand, and the potential use of tracking

technologies in tourism research. The content is divided into five parts, the first of which analyzes spatial effects on the development of firms in the tourism industry, while the second approaches temporal and spatial variability in tourism through analytical regional science tools. The broader economic and social impacts of tourism are addressed in part three. Part four assesses specific tourism segments and tourist behaviors, while part five discusses environmental aspects and tourism destination policies. The book will appeal to scholars of regional and spatial science and tourism, as well as tourism specialists and policymakers interested in developing science and evidence-based tourism policies.
