Church Plantology Peyton Jones, 2021-04-20 The first comprehensive textbook on effective church planting from a veteran church planter. The Apostle Paul was a veteran church planter who laid a foundation like a wise and master builder and there is much we can learn from his example. Paul indicated that there were basic skills and experiences required to successfully plant a church. Church Plantology examines the wide variety of church planting methods and ideologies in contemporary pastoral practice and outlines a biblical model based on the New Testament. During his time in prison, Paul spent much of his time writing to Titus, Timothy, and others who'd served alongside him in the trenches to complete their training as church plantings. We can continue to apply these time-tested, proven methods, following the pioneering example of the early church. Today, the casualty rate is high. What if we could reduce the odds of failing? Church Plantology by Peyton Jones is a robust guide to planting that will help planters to provide the foundation necessary to survive beyond the initial first years so that they don't end up a walking statistic.

Reaching the Unreached Peyton Jones, 2017-05-16 For too long church leaders have focused on increasing the size of their church rather than increasing their reach outside of the four walls of the church building. The result? Church life becomes a predictable set of routines with predictable results. Church members struggle to reach the neighborhoods they drive through on their way to church programs, unable to penetrate their surrounding communities in a meaningful way. Reaching the Unreached recounts the stories, struggles, and triumphs of individuals and churches that have reinvented themselves to meet the world where it is, working to reach the ones that no one else is reaching. The search for the "silver bullet" of success has diverted us from tapping into the timeless principles found in the book of Acts, says author, pastor, and front-line church planter Peyton Jones. Yet the spiritual climate that Paul and the Apostles stepped into is not all that different from the brave new world the church faces today. From accidentally planting a church in a Starbucks in Europe, to baptizing members of the Mexican mafia in Long Beach Harbor, Jones has been on the frontlines of today's missional movement and has lived to tell the tale. In Reaching the Unreached, he teaches church planters, pastors, and church leaders how to convert pew jockeys into missionaries and awake the sleeping giant of Christ's church, one person at a time. Today there are two types of churches: those who put their proverbial heads in the sand, and those who champion 1st century principles, meet the challenges head on, and embrace the adventure of mission in community. Tomorrow, only one type of church will survive—those that accept the challenge to reach the unreached.

Starting a New Church Ralph Moore, 2011-08-31 According to the author, perhaps our greatest responsibility is to evangelize our own generation. Yet established churches are not able to do that. In fact, rising generations of Americans live in ignorance of Jesus Christ and have no moral absolutes. Aggressive church planting, the author believes, is the answer to the problem, because new churches focus on the needs of each new generation and present biblical truth in the cultural context that best reaches those people. The objectives of this book are to lay down the challenge to consider becoming a church planter while at the same time screen out wishful thinking and focus on the practical challenges of church planting. This authoritative and edgy message is the next thing in evangelism.

The Church Planting Wife Christine Hoover, 2013-01-16 Nothing in my life goes untouched by my husband's calling. Christine Hoover's words in the first chapter describe so well the life of a church planter's wife, which is enormously difficult yet extraordinarily rewarding. To be married to a church planter is a calling of its own with a richness of its own. In The Church Planting Wife, Hoover explores and encourages the hearts of her readers while teaching what it means to have heart prepared for this unique ministry. She knows the challenges: A church planter's wife must develop a job description, be a wise helper to her husband, develop friendships within the church and community, deal with stress and discouragement, handle wounds, and more. Christine speaks candidly about these challenges while urging readers to grow a heart that wholly reflects Jesus. Spread throughout

these pages are stories and interviews from church planting wives. Christine Hoover empathetically and pointedly builds from these testimonies to uplift the reader and offer lessons of hope in the midst of a challenging ministry.

Plant Like Jesus Ben Ingebretson, 2021-02-01 Plant Like Jesus provides spiritual nourishment for planting leaders, innovating pastors, seminary students, and anyone seeking to root their mission work in the practices of Jesus. Author Ben Ingebretson's extensive experience in church planting brings hands-on credibility to this topic. He uses accessible language and real-life examples to encourage and equip those who are called to reach new people for Christ. With each of the 60 devotional readings, Ingebretson proclaims that by looking to the past, leaders can better tend the future. Sourced from the best practices of Jesus and the early Christian movement, Plant Like Jesus addresses missional engagement, ministry development, and effective leadership. Entries include scripture, theological reflection, meditation, and prayer. Questions for reflection invite readers to dig deeper. Jesus and the way the early church followed his example gives us a pathway to follow, writes Ingebretson. He is not only the Lord of the church; he is also the Lord of church planting.

Plantlife J. David Jackson, 2008-10-29 Jon is a church planting candidate who has attended one of the Baptist seminaries in the southern part of the United States. He has studied church planting in class; he has heard teachers and guest speakers talk about their experiences and espouse certain strategies for planting new churches. He has been exposed to church plants in the community nearby and has even interviewed some of the planters to learn what has worked and what has not. As he examines the theory and the practice of these church leaders, he wonders whether he knows enough to determine if church planting is for him. Jon is not alone today. The interest in church planting is immense. Books and magazine articles are being written about the topic all the time; conferences and training workshops are too many to number. Even in academic circles, where it once was considered by students as a last resort, church planting has taken on a high profile opportunity. It draws a lot of attention these days, for a variety of reasons. Some are attracted to the pioneer spirit necessary to start something new. Others respond to the absence of tradition and the way things have been. Headline-making planters across the country keep the profile and impact of church planting front and center in the ministry stories we hear. Some are using amazingly creative ways to engage a Biblically-illiterate society with the relevance of the eternal Gospel. That 's what this book is about. It is an attempt to capture on paper for Jon the heart and imagination of some of the best church planters in the world, those who have served here in the Mid-Atlantic region of the United States with our Baptist denomination over the past few years. These men and women have shared their stories and helped us all learn how to plant churches more effectively than before. In the world of church planting there is a common line of thought, suggesting that these three things must be aligned if the ministry is to be effective: right planter, right place and right plan. If this line of thought is accurate, you will have to do the hard work of deciphering God 's call upon your life and the way he has shaped you for ministry to determine whether or not church planting is really for you. If it is what God has intended for you to pursue, then and only then, do the right place and right plan become critical to success. Such contextualization is necessary for us to engage and transform the culture where planters are embedded. And it is this kind of contextual understanding that is critical for taking the theory of a textbook and hammering it out on the anvil of reality in field experience.

Planting Churches Cross-Culturally David F. Hesselgrave, 2000-05-01 A practical approach to church planting that uses cultural and experiential data to facilitate the founding of new churches in unreached areas of the world.

Church Planting by the Book E. Elbert Smith, 2015-03-31 Church Planting by the Book explains church planting in the first-century church and seeks to understand how Scripture can be applied to modern church plants. With its focus on the churches of Acts 2, Church Planting provides readers with a scriptural example of healthy churches and provides unique insight for modern church planters.

It's Personal Brian Bloye, Amy Bloye, 2012-04-23 A challenging and encouraging manual for day-to-day life in ministry written specifically for

couples who want to do more than survive the process of church planting and leadership—who want to actually thrive and grow in faith together as a family. Though we may feel like we can't show it, every aspect of planting a church is personal. Church planters and those in ministry leadership roles give so much to starting and growing healthy, thriving churches that when some people inevitably criticize the church, or leave altogether, it's hard not to take it personally. Brian and Amy Bloye know firsthand the emotional and relational toll that planting churches can take. In *It's Personal*—part of the Exponential series, inspiring and equipping next-generation church planters—the Bloye's get personal about finding the right balance of family and ministry. Planting a church is more than a ministry—it's a calling that touches every aspect of your life in very personal ways. With intimacy and wisdom, Brian and Amy discuss topics like: How to protect your marriage while planting a church. How to respond to growth and change. How to lead well while still maintaining space and time for family. How to know when it's becoming too personal. With a forward by Andy Stanley, *It's Personal* will challenge and encourage you to avoid some of the pitfalls of planting a church and be equipped to build both strong and prevailing ministries, and healthy marriages and families. Each chapter includes interviews with church-planting couples who share their personal joys and struggles, giving you authentic insight into the issues families face when planting a church.

Church Planting Road Map James R. Nikkel, 2004

Planting Missional Churches Ed Stetzer, 2006-05-01 *Planting Missional Churches* is an instruction book for planting biblically faithful and culturally relevant churches. It addresses the “how-to” and “why” issues of church planting by providing practical guidance through all the phases of a church plant while taking a missional look at existing and emerging cultures.

Church Planting Is for Wimps Mike McKinley, 2010 The story of a church's revitalization counters a common conception that a church's size determines its health and points pastors to the faithful ministry of God's Word.

Spin-Off Churches Rodney Harrison, Tom Cheyney, Don Overstreet, 2008 Veteran missional church planters present a much needed how-to resource for churches desiring to sponsor the planting of other new churches locally and globally.

The Multiplying Church Bob Roberts Jr., 2009-05-26 *The Multiplying Church* is a primer for pastors and lay leaders involved in, or wanting to learn about, the church multiplication groundswell in North America. It shows how multiplying churches should be a natural, regular function of every church to reach the 70 percent of Americans who have no meaningful church relationship. Detailing the stories and guiding principles of this dramatic growth, this guide offers insight on: • Why churches are multiplying in the East but not in the West • Keys to church multiplication • The missing link—pregnant mother churches • Antioch vs. Jerusalem: Which got it right? • What kind of churches should we start? • What is the end game of church planting? • How big does a church have to be to start multiplying churches? • Church planting movements or Jesus movements? Bob Roberts helps us return to an early-church model of multiplication where a single church sent laypeople out to plant other communities of believers.

Church Planting for Reproduction Samuel D Faircloth, 2012-07-01 The task of church planting requires the wisdom of a practitioner and the logic of a strategist. With his years of experience planting churches, and his extensive research on the subject, the author displays these two requisites on every page of his fruitful study. As a missionary and missiologist, writes J. Ronald Blue of Dallas Theological Seminary, the author gives a new perspective to church planting that extends beyond the immediate and sometimes shallow goal of a newly installed fellowship of believers. This book will be an invaluable aid to church planters and missionaries. This is a church planting guide that puts it all together. The author emphasizes that the primary goal of missions constitutes planting churches, which in turn are able to reproduce themselves. By using the proven management method

Program Evaluation and Review Technique (PERT), the author outlines each step needed to accomplish that goal. Over sixty charts illustrate his principles and directives. Samuel D. Faircloth served as a U.S. Army Chaplain in Italy, WWII and as a missionary teacher and church planter in Portugal for thirty-six years, and as academic dean and professor of missions and church history in the Netherlands for six years, continuing as adjunct professor until 2010. He is a graduate of Wheaton College, Illinois, B.S., Eastern Baptist Theological Seminary, Philadelphia, MDiv., Trinity Evangelical Divinity School, D. Miss. He resides in Windsor Park Manor, in Carol Stream, Illinois with his wife, Betty.

Church Planting Dag Heward-Mills,2008-08-05 This book reveals why church planting is the key to fulfilling the Great Commission. The Author in dealing with the mindset of a church planter, proceeds to compare and contrast the attitude of the first church at Jerusalem to that of the church at Antioch. Other revealing truths are expounded on as he deals with barrenness in ministry and how to diagnose it. Other practical topics include 'How to Start a Church', 'How and When to flow in the Tent Ministry', 'Sacrifice and Church Planting' and 'Church Planting and The Priestly Ministry'.
