Wars Within Janet E. Steele, 2005 For the twenty three years prior to its banning on June 21 1994, Tempo magazine was Indonesia's most important news weekly, and its editor in chief one of Indonesias's leading poets and intellectuals. This book tells the story of the paper, its staff and many supporters, and of its relations with political movements.

Liem Sioe Liong's Salim Group Richard Borsuk, 2014-11-07 After Suharto gained power in Indonesia in the mid-1960s, he stayed as the country's president for more than three decades, helped by the powerful military, hefty foreign aid and support from a coterie of cronies. A pivotal business backer for his New Order government was Liem Sioe Liong, a migrant from China, who arrived in Java in 1938. A combination of the Suharto connection, serendipity and personal charm propelled him to become the wealthiest tycoon in Southeast Asia. This is the story of how Liem built the Salim Group, a conglomerate that in its heyday controlled Indonesia's largest non-state bank, the country's dominant cement producer and flour mill, as well as the world's biggest maker of instant noodles. The book features exclusive input from Liem, who died in 2012, and his youngest son, Anthony Salim. It traces the founder's life and the group's symbiosis with Suharto, his generals and family. After the tumultuous 1997-98 Asian financial crisis sparked Suharto's fall and a backlash against the strongman's cronies, Anthony staved off the crushing of the debt-laden group. Told in a journalistic style, the story of the Salim Group provides insights into Suharto's New Order. For business executives, students and anyone with an interest in Southeast Asia's largest economy, the volume makes a valuable contribution towards understanding the country's modern history.

Revolt In Paradise K'tut Tantri, 2016-03-28 The true-life adventure of a Western woman who found happiness in Bali, then stayed on in Indonesia to help in the struggle for freedom. The great-granddaughter of a witch from the Isle of Man, the adopted daughter of a Balinese rajah, hostess of one of the most glamorous hotels in the Far East, a prisoner of the Japanese for two horror-packed years and, as Surabaya Sue, an ardent supporter of the Indonesian revolution, K'tut Tantri is well acquainted with the unexpected. Adventure and courage run strong in her blood. It was in a Hollywood movie theater that she first discovered Bali and knew it for the place where she belonged. She had hoped to live and paint there quietly among the island's simple people, but destiny, in the form of a stalled car and a delightful young prince, took a hand and revised her plans. She was formally adopted by the prince's father, and...though she came to know the peasants of the Balinese kampongs, she knew also, and intimately, the life of a Balinese palace with all its ritual and tradition. This world lasted for only a few years. With war come the Japanese, presumably as deliverers overthrowing Dutch rule but in reality as tyrants. K'tut Tantri stayed on to join the underground movement agitating for Indonesian independence, and was eventually captured, imprisoned, tortured. Then with the end of hostilities she chose once again to ally herself with the Indonesians—this time in their resistance against the British and the returning Dutch. A friend of the leaders around Sukarno, she was instrumental in getting the Indonesian story to the outside world, and on several occasions she lent herself to enterprises requiring the combined talents of Mata Hari and T. E. Lawrence. K'tut Tantri has an observant eye, an understanding knowledge, and she writes with spirit. Her story is a deeply moving personal drama and a vivid commentary on a period of crucial change in an ancient, romantic country.

The Romance of K'tut Tantri and Indonesia Timothy Lindsey, 2008 This historiographic study of K'tut Tantri - alias Vannen Walker, the journalist from the Isle of Man; Muriel Pearson, the unhappy wife; and Surabaya Sue, the notorious revolutionary - compares her romantic and colorful autobiography, *Revolt in Paradise*, with other versions of her past, including those of her fellow Bali colonists and her revolutionary comrades, as well as her foes, the Dutch, and various intelligence organizations. These alternative accounts of her past question the image of K'tut Tantri as hero, portraying her instead as dishonest, unstable, egotistical, and immoral. Such criticisms have overshadowed proper recognition of her role in the development of modern Indonesia, both as a bohemian hotelier in between-wars Bali and later as propaganda broadcaster and adviser to Indonesian revolutionary leaders including Soekarno, Sutomo, and Syarifuddin. Focusing on the nature of biography and autobiography, this book analyses K'tut Tantri's self-defeating battle to use history - in text and film script - to define her identity and reappropriate her past. An examination of the use of ideas of truth and fiction in understanding the past leads to broader consideration of the nature of history and its uses. Finally, an attempt is made to reconcile the deconstruction of K'tut Tantri's autobiography with both an acceptance of the validity of alternative historical genres and an acceptance of the problems inherent in writing a history of a living person. ABOUT THE AUTHOR Timothy Lindsey is Professor of Law, Director of the Asian Law Centre, Director of the Centre for Islamic Law and Society and Federation Fellow in the Law School at the University of Melbourne.

Solo Rebecca Seal, 2021-02-23 “Kind, realistic, and genuinely helpful...Install a copy on whatever surface is functioning as your desk, and you may even feel a little bit less alone.” —The Observer (London) A practical, accessible, and charming guide for finding joy while navigating your professional life working remotely from home—without losing your mind. Like it or not, working alone is now the new normal. The COVID-19 pandemic may have accelerated the process, but the trend is clear—making a living outside the confines of a public workplace is here to stay. For anyone who needs guidance on how to navigate

working from a home office—or a home sofa—here is a charming, expert, and genuinely helpful guide to managing a productive career without impromptu hallway conversations or on-call IT support, but with more joy—and, for most of us, better coffee. Written by a dedicated work-from-home expert, Solo culls wisdom from the latest research in psychology, economics, and social science and explores what we gain, or lose, in the shift to solo work. In chapters like “Loneliness and Solitude,” “The Power of Planning,” and “The Curse of Comparison (and Why Social Media Sucks),” it picks up where the bibles for freelancers stop, offering practical, inspiring, and uniquely reassuring advice culled from a range of influences, from Aesop’s fables to medical journals, and explaining what helps us stay resilient, productive, and focused in a company of one.

Learning From Violent Extremist Attacks: Behavioural Sciences Insights For Practitioners And Policymakers Majeed Khader,Loo Seng Neo,Jethro Chun Kiat Tan,Damien Dominic Eng Hoe Cheong,Jeffery Ee Heng Chin,2018-12-19 How can we use psychology and the behavioural sciences to aid law enforcement to better identify violent extremists? What can we learn from past attacks to ensure that our society is more prepared? How can societies deal with tension after these attacks?Violent extremists are evolving, constantly honing their strategies to out-manuever the 'good guys'. Faced with the quandary, challenges, and responsibilities of ensuring the safety of the society, practitioners and policymakers have to take decisive steps to respond and mitigate the impact of an attack. However, the daunting task of countering violent extremism is still plagued by the lack of basic understanding of the phenomenon.This book, Learning from Violent Extremist Attacks: Behavioural Sciences Insights for Practitioners and Policymakers, attempts to fill a gap in the extant literature by offering a behavioural sciences approach to integrate our understanding of the threat of violent extremism, with knowledge drawn from diverse fields, such as psychology, sociology, history, political science, technology, and communications to identify the lessons learned and provide scientifically defensible interventions and approaches for both the practitioners and policymakers.

Hà Nội, a Metropolis in the Making Collectif,2018-11-19 Built on 'the bend in the Red River', Hà Nội is among Southeast Asia's most ancient capitals. Over the centuries, it took shape in part from a dense substratum of villages. With the economic liberalisation of the 1980s, it encountered several obstacles to its expansion: absence of a real land market, high population densities, the government's food self-sufficiency policy that limits expropriations of land and the water management constraints of this very vulnerable delta. Since the beginning of the new millennium, the change in speed brought about by the state and by property developers in the construction and urban planning of the province-capital poses the problem of integration of in situ urbanised villages, the importance of preserving a green belt around Hà Nội and the necessity of protection from flooding. The harmonious fusion of city and countryside, which has always constituted the Red River Delta's defining feature, appears to be in jeopardy. Working from a rich body of maps and field studies, this collective work reveals how this grass-roots urbanisation encounters 'top-down' urbanisation, or metropolisation. By combining a variety of disciplinary approaches on several different scales, through a study of spatial issues and social dynamics, this atlas not only enables the reader to gauge the impact of major projects on the lives of villages integrated into the city's fabric but also to re-establish the peri-urban village stratum as a fully-fledged actor in the diversity of this emerging metropolis.

Gilgamesh Stephen Mitchell,2014-02-27 Vivid, enjoyable and comprehensible, the poet and pre-eminent translator Stephen Mitchell makes the oldest epic poem in the world accessible for the first time. Gilgamesh is a born leader, but in an attempt to control his growing arrogance, the Gods create Enkidu, a wild man, his equal in strength and courage. Enkidu is trapped by a temple prostitute, civilised through sexual experience and brought to Gilgamesh. They become best friends and battle evil together. After Enkidu's death the distraught Gilgamesh sets out on a journey to find Utnapishtim, the survivor of the Great Flood, made immortal by the Gods to ask him the secret of life and death. Gilgamesh is the first and remains one of the most important works of world literature. Written in ancient Mesopotamia in the second millennium B.C., it predates the Iliad by roughly 1,000 years. Gilgamesh is extraordinarily modern in its emotional power but also provides an insight into the values of an ancient culture and civilisation.

Dynamics of Industrial Revolution 4.0: Digital Technology Transformation and Cultural Evolution Ratri Wulandari,Idhar Resmadi,Vika Haristianti,Rahmiati Aulia,Riky Taufik Afif,Gema Ari Prahara,Aulia Ibrahim Yeru,2021-08-25 The 7th Bandung Creative Movement conference presented the theme Dynamics of Industrial Revolution 4.0 which discussed how the digital world and connectivity changed human culture in various aspects of life, and transformed in accordance to human needs and social culture. Digital technology has transformed society to serve people from manufacturing needs to smart cities, from network connectivity to people connectivity. The application of information technology has helped in improving live quality and environmental sustainability. Digital transformation is revolutionizing how businesses and workers interconnect to be more productive and efficient. The result is improved collaboration, faster processes and time-to-market, lower costs and better products. Devices are getting smarter, meaning they are able to perform more and more tasks without human intervention; moreover, these devices generate data that provide insights to further improve processes and gain greater efficiencies. Moreover, with the Internet of Things (IoT), all these smart devices are interconnected in ways that not only help make them even smarter, but also enhances the intelligence of the overall system. Digital technology is a formidable driver for the transformation of a highly carbon-dependent world into one that is more ecologically ‘smart.’ We are entering a new era of environmental innovation that is driving better alignment between technology and environmental goals. Since its first announcement in 2011, industrial revolution 4.0 has dynamically changed and transformed to adjust itself to the human needs and to serve more efficiency and effectiveness of everyday life as well as environmental enhancement. The 7th Bandung Creative Movement has brought forward discussions on dynamic changes, ups and downs, innovations, relations of industrial revolution of the internet of thing, data, automation, to human physical world, new art and aesthetic, business, product innovation, built environment, and education.

A Promised Land Barack Obama,2020-11-17 THE #1 SUNDAY TIMES BESTSELLER A riveting, deeply personal account of history in the making-from the president who inspired us to believe in the power of democracy - and the perfect gift this Christmas! 'Gorgeously written, humorous, compelling, life affirming' Justin Webb, Mail on Sunday In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency-a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective-the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of hope and change, and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day. 'What is unexpected in A Promised Land is the former president's candour' David Olusoga, Observer *Builder* ,1996
