The Life Monaco Grand Prix Stuart Codling,2019-04-16 Go behind the scenes to explore the history, racing, celebrity fans, and after hours of racing's most glamorous and prestigious round in the F1 championship with The Life Monaco Grand Prix. Monaco sponsored its first race in 1929 and the circuit has been part of the Formula 1 series since 1950. Conducted with the patronage of Monaco's royal family, its beautiful street-circuit has made Monaco the most glamorous setting of any F1 race. But the classic architecture and high-profile spectators belie a course notorious for its complexity and challenges. With no safety barriers until 1969, drivers have twice plunged into the harbor among the spectating yachts. Off the circuit, Monaco is a 24-hour spectacle of expensive boats, high-profile parties, celebrity F1 fans, penthouse spectating, and high-roller lifestyle. From the Monte Carlo casino (integral to numerous James Bond films) to top clubs like Amber Lounge, Jimmy's, and The Black Lounge to F1 racers' luxury homes to the takeoffs and landings of countless private jets, Monaco represents the epitome of the jet-setting lifestyle long associated with the F1 circus. From the first Grand Prix in 1929 to today's star-studded event, The Life Monaco Grand Prix takes the reader on a full lap of this prestigious race.

The Report: Abu Dhabi 2016 Oxford Business Group,2016-05-09 Subdued oil prices prompted a trimmed federal budget for 2016 as the UAE, like other countries in the region, tightened its belt in response to falling hydrocarbons revenues. However, a sustained focus on economic diversification and targeted investment in Abu Dhabi's key non-oil sectors in recent years means the emirate is well positioned to weather the storm. Looking forward, plans for future development are mapped out in Abu Dhabi Economic Vision 2030, a comprehensive economic policy document that aims to reduce dependence on oil and gas, thereby creating a more sustainable knowledge-based economy for the emirate and its inhabitants. Aided by hydrocarbons reserves that are among the world's largest and substantial financial resources, Abu Dhabi has built up a strong foundation to become a regional leader and an increasingly important global player in a wide variety of sectors, including oil and gas, financial services, health care, aviation and renewable energy.

Running The World Nick Butter,2020-11-12 'Superb - a great book to fuel your wanderlust.' Mark Beaumont 'The ultimate running book, showcasing the ultimate running adventure.' Sean Conway --- In 2019, Nick Butter became the first person to run a marathon in every country on Earth. This is Nick's story of his world record-breaking adventure and the extraordinary people who joined him along the way. On January 6th 2018, Nick Butter tied his laces and stepped out on to an icy pavement in Toronto, where he began to take the first steps of an epic journey that would see him run 196 marathons in every one of the world's 196 countries. Spending almost two years on the road and relying on the kindness of strangers to keep him moving, Nick's odyssey allowed him to travel slowly, on foot, immersing himself in the diverse cultures and customs of his host nations. Running through capital cities and deserts, around islands and through spectacular landscapes, Nick dodges bullets in Guinea-Bissau, crosses battlefields in Syria, survives a wild dog attack in Tunisia and runs around an erupting volcano in Guatemala. Along the way, he is often joined by local supporters and fellow runners, curious children and bemused passers-by. Telling their stories alongside his own, Nick captures the unique spirit of each place he visits and forges a new relationship with the world around him. Running the World captures Nick's journey as he sets three world records and covers over five thousand miles. As he recounts his adventures, he shares his unique perspective on our glorious planet, celebrates the diversity of human experience, and reflects on the overwhelming power of running.
