**Equinox** David Towsey,2022-05-12 In this world, two souls inhabit a single body, one by day, one by night. But though they live alongside one another, their ends do not always align. For Special Inspector Morden, whose hunt for a dangerous witch takes him far from home, this will be a problem... Christophor Morden lives by night. His day-brother, Alexsander, knows only the sun. They are two souls in a single body, in a world where identities change with the rising and setting of the sun. Night-brother or day-sister, one never sees the light, the other knows nothing of the night. Early one evening, Christophor is roused by a call to the city prison. A prisoner has torn his eyes out and cannot say why. Yet worse: in the sockets that once held his eyes, teeth are growing. The police suspect the supernatural, so Christophor, a member of the king's special inspectorate, is charged with finding the witch responsible. Night-by-night, Christophor's investigation leads him ever further from home, toward a backwards village on the far edge of the kingdom. But the closer he gets to the truth, the more his day-brother's actions frustrate him. Who is Alexsander protecting? What does he not want Christophor to discover? And all the while, an ancient and apocalyptic ritual creeps closer to completion... Praise for Equinox: 'Clever, original and beautifully crafted, half the fun here lies in getting to grips with the ramifications of this complex world, but the story holds like a vice' Daily Mail 'Spellbinding fantasy... This innovative work is sure to please' Publishers Weekly 'An ambitious and gruesome tale of intrigue, witches, and the warring self – utterly transporting' Ian Green, author of The Gauntlet and the Fist Beneath

May Sarton's fictionalized account of her cat Tom Jones's life and adventures prior to making the author's acquaintance begins with a fiercely independent, nameless street cat who follows the ten commandments of the Gentleman Cat—including "A Gentleman Cat allows no constraint of his person, not even loving constraint." But after several years of roaming, Tom has grown tired of his vagabond lifestyle, and he concludes that there might be some appeal after all in giving up the freedom of street life for a loving home. It will take just the right human companion, however, to make his transformation from Cat About Town to genuine Fur Person possible. Sarton's book is one of the most beloved stories ever written about the joys and tribulations inherent in sharing one's life with a cat.

*Your Brother's Blood* David Towsey,2015-12-01 This imaginative and unconventional debut novel is set centuries in the future. An unnamed event has wiped out most of humanity, scattering its remnants across vast and now barren lands reminiscent of the 19th century western frontier of America. Small clusters of humans still cling to existence in a post-apocalyptic world that is increasingly overrun by those who have risen from the dead--or, as the living call them, the Walkin'. Thomas, a thirty-two year old conscripted soldier, homeward bound to the small frontier town of Barkley after fighting in a devastating civil war, is filled with hope at the thought of being reunited with his wife, Sarah, and daughter, Mary, both named after characters in the Good Book. As it turns out, he also happens to be among the Walkin'. Devoid of a pulse or sense of pain, but with his memories and hopes intact, Thomas soon realizes that the living, who are increasingly drawn to the followers of the Good Book, are not kindly disposed to the likes of him. And when he learns what the good people of Barkley intend to do to him, and to his family, he realizes he may just have to kidnap his daughter to save her from a fate worse than becoming a member of the undead. When the people of Barkley send out a posse in pursuit of father and daughter, the race for survival truly begins...

**Rise of the Videogame Zinesters** Anna Anthropy,2012-03-20 Anna Anthropy is a key personality in the ongoing paradigm shift that is slowly changing the way videogames are understood, by creators and players, and by the wider culture. –Patrick Alexander, Eagra.com Equal parts autobiography, ethnography, and how-to manual, this book concisely makes the case for the unique power of 'zinester' games. –Adam Parrish, NYU's Interactive Telecommunication Program (Tisch School of the Arts), and author of the ZZT game Winter These days, everybody can make and distribute a photograph, or a video, or a book. Rise of the Videogame Zinesters shows you that everyone can make a videogame, too. But why should they? For Anna Anthropy, it's not for fame or for profit, but for the strange, aimless beauty of personal creativity.” –Ian Bogost, Director, Graduate Program in Digital Media, Georgia Institute of Technology Rise is a great guidebook to understanding—and more importantly, participating in—this dynamically evolving culture. –Jim Munroe, co-founder of the Hand Eye Society and the Difference Engine Initiative “Here, Anna Anthropy demonstrates how people from every background and walk of life are breaking free of the commercial cowardice of major publishers, and bringing their individual visions of the game to life. . . . If game design is to be an art, as those of us who love games fervently hope, it must be rescued from its crushing commercial pressures. You can be a part of its future.” –Greg Costikyan, author of I Have No Mouth and I Must Scream Anna gives the world of video games a crucial perspective from her seat of authority within outsider culture, and illustrates how essential it is for the space to empower voices of all kinds if it is to evolve. –Leigh Alexander, editor-at-large of Gamasutra

**The Assistants** Camille Perri,2016-05-03 “Ocean’s Eleven meets The Devil Wears Prada” (The Skimm) in this hilarious, razor-sharp debut novel about a group of overeducated and underpaid women who decide they’ve finally had enough... Rule #1: All important men have assistants. Rule #2: Men rule the world. Still. Rule #3: There is enough money. There is so much money. Tina Fontana is a thirty-year-old executive assistant to Robert Barlow, the CEO of Titan Corp., a multinational media conglomerate. She’s excellent at her job and beloved by her famous boss—but after six years of making reservations and pouring drinks from bottles that cost more than her rent, the glamour of working for a media company in New York has completely faded, but her student loan debt has not. When a technical error with Robert’s expense report presents Tina with the opportunity to pay off the entire balance of her loans with what would essentially be pocket change for her boss, she hesitates. She’s always played by the rules, but this would be a life-changer. As Tina begins to fall down the rabbit hole of her morally questionable plan, other assistants with crushing debt and fewer scruples approach her to say that they want in. Before she knows it, she’s at the forefront of a movement that has implications far beyond what anyone anticipated...
