City Island Alice Payne,1969 City Island Tales of the Clam Diggers brings alive three centuries of history about this colorful and little known island within New York City.

City Island and Orchard Beach Catherine A. Scott,2004 A resort community once known as a playground for the wealthy, City Island rose to fame as a leader in boat manufacturing and gained international recognition for the victorious yachts it produced for the America's Cup races. Well-known shipyards on the island, including Nevins, Minneford, and Kretzers, weathered society's changing demands to cater to a new clientele of boat owners who required smaller vessels with lowmaintenance features. With over 200 vintage photographs accompanied by an insightful text, City Island and Orchard Beach traces the transformation of this European-styled community from the mid-1800s to the 1990s. This visual journey to the early days of the island focuses on the community's sense of purpose and its adaptability to the changes brought on by time and technology. Learn about the lives of the island's original settlers, tour its original homes and businesses, and discover the significant role that the area played in the Revolutionary War. Sail Tales Captain Robert Engel,2009-08-05 Sail Tales is about the adventures a humble sailboat owner had over the years. So where does one start writing about these adventures? You start at the beginning. That beginning was in 1967 when I was helping a friend of mine, Frank, re-build an old wooden boat that he had bought. Frank took the whole boat apart and then rebuilt it from the frames up. It was a sleek little craft and I found myself involved in his project. Frank found a similar craft and with his promise of help, I bought it. I spent the whole winter and most of the spring doing the things that had to be done to the boat to get it ready for the summer of 69. I

knew nothing about about sailing. But how hard could it be to learn? I soon found out. My sailing adventures started that summer. I learned quickly that unlike a power boat, a sailboat is not a craft that you get aboard, turn a key and then drive it like a car. You have to sail the boat. You have to do what the wind lets you do. You cant go directly where you want to go because the wind wont allow it. You have to finesse, you have be diplomatic, you have to learn to tweak a sail rather than over trim. Well, I learned to get that sailboat from point to point. I also learned that time on a sailboat is not the same as time on land and I learned this on my very first trip on my first sailboat. That three hour trip ended up taking thirteen hours. Read about it. The time of a sailboat trip can not be predicted. If you need to get to a certain place at a certain time take a bus not a sailboat. An afternoon trip has more than once become a late nighter. Leave your watches ashore. Thats what I tell everyone before they step foot aboard. I dont know what time well be back but Im certain that we will be back. My very first sailboat trip was not a late nighter but rather an early morning return. Speaking of time, How long does it take you to hang a calender on your wall? You get a stick pin and put it through a hole in the calender and stick the pin in the cork board. Thirty seconds? It took me the better part of three hours to hang a calender on the boat. First I had to get the tape from the old calender off the wall. For this project I had to find the razor blade scrapper. Then I had to run to the hardware store to get new blades for it. The scrapper got the top layer of the tape off the wall but the sticky part of the tape just rolled up into little balls. I had to go back to the hardware store for some solvent to get the sticky balls off the wall. Then and only then was I able to re-tape the new calender to the wall. I have since put the scrapper in its place so I can find it next time. I hope I remember that place. Imagine what a project it is to install a new pedestal steering system or an new diesel engine. Imagine the time it takes to make an old boat a safe craft, a boat ready to sail, and the keyword is safe. It took me the better part of four years to make my Morgan 38 the boat I wanted it to be. And notice Im not saying anything about the cost. Thats another story. And these are some of the stories I tell. This is the third boat I have redone. But it is the last boat that I will redo. Im getting too old for this rebuilding stuff. Parts of Sail Tales tells about projects such as what I have just described. But the majority of the stories are about sailing trips where something happens. If you are a sailor or if you own a sailboat, sit back and try to remember trips that were dull and boring. They dont pop into your mind. But what does pop are the adventures, the thrill of the wind that is blowing just a bit harder than you would like. You remember the trips where the rail is in the water for most of the day and how you were able to keep the boat under control. You remember the trips where there was no wind and the day became a motor day. You remember entering an anchorage and finding someone there from your marina or someo

The Other Islands of New York City: A History and Guide (Third Edition) Sharon Seitz, Stuart Miller, 2011-06-06 "A well-written and comprehensive tale . . . a lively history of the people and events that forged modern-day New York City."—The Urban Audubon Experience a seldom-seen New York City with journalists and NYC natives Sharon Seitz and Stuart Miller as they show you the 42 islands in this city's diverse archipelago. Within the city's boundaries

there are dozens of islands—some famous, like Ellis, some infamous, like Rikers, and others forgotten, like North Brother, where Typhoid Mary spent nearly 30 years in confinement. While the spotlight often falls on the museums, trends, and restaurants of Manhattan, the city's other islands have vivid and intriguing stories to tell. They offer the day-tripper everything from nature trails to military garrisons. This detailed guide and comprehensive history will give you a sense of how New York City's politics, population, and landscape have evolved over the last several centuries through the prism of its islands. Full of practical information on how to reach each island, what you'll see there, and colorful stories, facts, and legends, *The Other Islands of New York City* is much more than a travel guide.

New York Nights Nick Catalano,2008-12-02 New York Nights shares the personal experiences, gossip anecdotes, and critical commentary of a television and concert producer who has been firmly entrenched in the exciting and unpredictable comedy and jazz scene in a city that never sleeps. Producer Nick Catalano introduced early audiences to the comedy of Jerry Seinfeld, Bill Maher, Richard Lewis, Robert Klein, Larry David, Sam Kinison, Ray Romano, and many others. In this compelling collection of stories, Catalano reminisces about how these comedians started in the business and also includes details about the hangouts of jazz legends like Miles Davis, Lionel Hampton, Duke Ellington, and Max Roach. A reviewer and essayist, Catalano shares his night club observations on the performances of such well-known singers as Rosemary Clooney, Johnny Mathis, and Mel Torm and his critical commentary on the writing of luminaries such as Dorothy Parker, H.L. Mencken and Budd Schulberg. For those who have never experienced the excitement of sitting in an aisle seat at the Metropolitan Opera, Catalano deftly recreates the scene and what it is like to witness the magic and incredible talent of Placido Domingo and Therese Stratas. New York Nights puts its finger on the pulse of an incredible and vast cultural landscape and offers an intriguing and entertaining behind-the-scenes look at a world like no other.
