Living the Simply Luxurious Life Shannon Ables, 2018-10-07 What can you uniquely give the world? We often sell ourselves short with self-limiting beliefs, but most of us would be amazed and delighted to know that we do have something special – our distinctive passions and talents – to offer. And what if I told you that what you have to give will also enable you to live a life of true contentment? How is that possible? It happens when you embrace and curate your own simply luxurious life. We tend to not realize the capacity of our full potential and settle for what society has deemed acceptable. However, each of us has a unique journey to travel if only we would find the courage, paired with key skills we can develop, to step forward. This book will help you along the deeper journey to discovering your best self as you begin to trust your intuition and listen to your curiosity. You will learn how to: – Recognize your innate strengths – Acquire the skills needed to nurture your best self – Identify and navigate past societal limitations often placed upon women – Strengthen your brand both personally and professionally – Build a supportive and healthy community – Cultivate effortless style – Enhance your everyday meals with seasonal fare – Live with less, so that you can live more fully – Understand how to make a successful fresh start – Establish and mastermind your financial security – Experience great pleasure and joy in relationships – Always strive for quality over quantity in every arena of your life Living simply luxuriously is a choice: to think critically, to live courageously, and to savor the everydays as much as the grand occasions. As you learn to live well in your everydays, you will elevate your experience and recognize what is working for you and what is not. With this knowledge, you let go of the unnecessary, thus simplifying your life and removing the complexity. Choices become easier, life has more flavor, and you begin to feel deeply satisfying true contentment. Provence Glory François Simon, 2021-03-01 From cities to quaint towns and everything in between, Provence has something for everyone. Swim in the crystal clear waters of the Calanque de Sormiou in Marseille. Drive with the top down through fields of lavender in Valensole. Experience a bite of just-out-of-the-oven fougasse, a Provençal classic. Stand in awe of the beautiful, white Camargue horses native to the area. Located in the South of France, Provence is uniquely positioned to be a cultural blend of the Mediterranean. Roman landmarks still prevail from the 1st century AD alongside châteaux from medieval times—a varied legacy brightened by the indigenous mimosas and cypresses.

The Mystery of the Lost Cezanne M. L. Longworth, 2015-09-15 A beguiling mystery that finds Verlaque and Bonnet searching for a murderer—in a crime tied to Provence’s greatest artist Provençal Mystery Series #5 A friend in his cigar club asks Antoine Verlaque to visit René Rouquet, a retired postal worker who has found a rolled-up canvas in his apartment. As the apartment once belonged to Paul Cézanne, Rouquet is convinced he’s discovered a treasure. But when Antoine arrives at the apartment, he finds René dead, the canvas missing, and a mysterious art history professor standing over the body. When the painting is finally recovered, the mystery only deepens. The brushwork and color all point to Cézanne. But who is the smiling woman in the painting? She is definitely not the dour Madame Cézanne. Who killed René? Who stole the painting? And what will they do to get it back? Like Donna Leon and Andrea Camilleri, M. L. Longworth’s enchanting mysteries blend clever whodunits with gustatory delights and the timeless romance of Provence. The Mystery of the Lost Cézanne adds a new twist by immersing Antoine and Marine in a clever double narrative that costars Provence’s greatest artist. “Art theft is a hot topic on the mystery scene, and no one’s heist is livelier than Longworth’s.” –Kirkus Reviews

ArtCurious Jennifer Dasal, 2020-09-15 A wildly entertaining and surprisingly educational dive into art history as you've never seen it before, from the host of the beloved ArtCurious podcast We're all familiar with the works of Claude Monet, thanks in no small part to the ubiquitous reproductions of his water lilies on umbrellas, handbags, scarves, and dorm-room posters. But did you also know that Monet and his cohort were trailblazing rebels whose works were originally deemed unbelievably ugly and vulgar? And while you probably know the tale of Vincent van Gogh's suicide, you may not be aware that there's pretty compelling evidence that the artist didn't die by his own hand but was accidentally killed--or even murdered. Or how about the fact that one of Andy Warhol's most enduring legacies involves Caroline Kennedy's moldy birthday cake and a collection of toenail clippings? ArtCurious is a colorful look at the world of art history, revealing some of the strangest, funniest, and most fascinating stories behind the world's great artists and masterpieces. Through these and other incredible, weird, and wonderful tales, ArtCurious presents an engaging look at why art history is, and continues to be, a riveting and relevant world to explore.

Lisette's List Susan Vreeland, 2014-08-26 From Susan Vreeland, bestselling author of such acclaimed novels as *Girl in Hyacinth Blue*, *Luncheon of the Boating Party*, and *Clara and Mr. Tiffany*, comes a richly imagined story of a woman’s awakening in the south of Vichy France—to the power of art, to the beauty of provincial life, and to love in the midst of war. In 1937, young Lisette Roux and her husband, André, move from Paris to a village in Provence to care for André’s grandfather Pascal. Lisette regrets having to give up her dream of becoming a gallery apprentice and longs for the comforts and sophistication of Paris. But as she soon discovers, the hilltop town is

rich with unexpected pleasures. Pascal once worked in the nearby ochre mines and later became a pigment salesman and frame maker; while selling his pigments in Paris, he befriended Pissarro and Cézanne, some of whose paintings he received in trade for his frames. Pascal begins to tutor Lisette in both art and life, allowing her to see his small collection of paintings and the Provençal landscape itself in a new light. Inspired by Pascal’s advice to “Do the important things first,” Lisette begins a list of vows to herself (#4. Learn what makes a painting great). When war breaks out, André goes off to the front, but not before hiding Pascal’s paintings to keep them from the Nazis’ reach. With German forces spreading across Europe, the sudden fall of Paris, and the rise of Vichy France, Lisette sets out to locate the paintings (#11. Find the paintings in my lifetime). Her search takes her through the stunning French countryside, where she befriends Marc and Bella Chagall, who are in hiding before their flight to America, and acquaints her with the land, her neighbors, and even herself in ways she never dreamed possible. Through joy and tragedy, occupation and liberation, small acts of kindness and great acts of courage, Lisette learns to forgive the past, to live robustly, and to love again. Praise for Lisette’s List “Vreeland’s love of painters and painting, her meticulous research and pitch-perfect descriptive talents . . . are abundantly evident in her new novel.”—The Washington Post “This historical novel’s . . . great strength is its lovingly detailed setting. . . . Readers will enjoy lingering in the sun-dappled, fruit-scented Provençal landscape that Vreeland brings to life.”—The Boston Globe

Sustainable City Regions: Tetsuo Kidokoro,Noboru Harata,L.P. Subanu,J. Jessen,A. Motte,E.P. Seltzer,2008-08-27 How should regional cities develop regional development strategies for their sustainable future? How can such strategies work effectively? Regional cities are now at a crossroads: will they decline or be regenerated under the impacts of globalization? Their sustainable regeneration as creative regional centers will play a decisive role in their sustainable development as a whole, but only with viable regional spatial strategies that strengthen the network of cities and their hinterlands. The concern here lies in urban regeneration and strategic spatial planning at the city-region level. This book records observations of 12 dynamically changing regional cities in Asia, Europe and the United States. The form of the city region, urban regeneration and strategic spatial planning as well as the local and regional governance of each city are examined. Through this empirical and comparative analysis, essential lessons are drawn, which will add a new perspective to discussions on the sustainable future of regional cities in an age of globalization.

Cézanne and Paris Paul Cézanne,Denis Coutagne,Musée du Luxembourg,2011 A native of Aix-en-Provence by birth, Paul Cézanne (1839–1906) went to Paris for the first time in 1861, at the insistence of his childhood friend Émile Zola. Cézanne decided to become a painter, against his family's advice, determined to make his mark on the Parisian scene that was then intrinsic to any successful artistic career.Paradoxically, Cézanne did not use Paris as a theme for his paintings: he did not represent its streets, its monuments, life in the area, or the great urban transformations taking place, unlike many of his contemporaries, including Caillebotte, Guillaumin, and Pissarro. So was the painter indifferent to this city? Throughout his life, he would make over twenty return trips to Paris from Aix, without ever setting down in the capital, even though some of his stays there were lengthy. So what was Cézanne looking for in Paris? What kind of influence did the capital have on his painting? He had contacts with artistic and intellectual circles that were liberal in both thought and lifestyle, and was he determined at all costs to resist their temptation? Was he drawn by the city's vibrant creative buzz, seeing it as something essential to the development of his art? From a range of viewpoints and using extensive illustrations, this book explores these questions by following the painter's career in Paris and the surrounding area, as well as the motifs he used and pictorial choices he made.--Book jacket.
