**Dark Sky** C. J. Box, 2021-03-02 Wyoming game warden Joe Pickett must accompany a Silicon Valley CEO on a hunting trip--but soon learns that he himself may be the hunted--in the thrilling new novel from #1 New York Times bestselling author C. J. Box. \*\*Winner of the Western Writers of America Spur Award for contemporary novel\*\* When the governor of Wyoming gives Joe Pickett the thankless task of taking a tech baron on an elk hunting trip, Joe reluctantly treks into the wilderness with his high-profile charge. But as they venture into the woods, a man-hunter is hot on their heels, driven by a desire for revenge. Finding himself without a weapon, a horse, or a way to communicate, Joe must rely on his wits and his knowledge of the outdoors to protect himself and his companion. Meanwhile, Joe's closest friend, Nate Romanowski, and his own daughter Sheridan learn of the threat to Joe's life and follow him into the woods. In a stunning final showdown, the three of them come up against the worst that nature--and man--have to offer.

*The Other People* C. J. Tudor, 2020-01-28 A gripping thriller about a man's quest for the daughter no one else believes is still alive, from the acclaimed author of *The Chalk Man* and *The Hiding Place*. An ID Book Club Selection • "C. J. Tudor is terrific. I can't wait to see what she does next."—Harlan Coben, #1 New York Times bestselling author Q: Why are you called the Other People? A: We are people just like you. People to whom terrible things have happened. We've found solace not in forgiveness or forgetting. But in helping each other find justice. Driving home one night, stuck behind a rusty old car, Gabe sees a little girl's face appear in its rear window. She mouths one word: Daddy. It's his five-year-old daughter, Izzy. He never sees her again. Three years later, Gabe spends his days and nights traveling up and down the highway, searching for the car that took his daughter, refusing to give up hope, even though most people believe she's dead. When the car that he saw escape with his little girl is found abandoned with a body inside, Gabe must confront not just the day Izzy disappeared but the painful events from his past now dredged to the surface. Q: What sort of justice? A: That depends on the individual. But our ethos is a punishment that fits the crime. Fran and her daughter, Alice, also put in a lot of miles on the road. Not searching. Running. Because Fran knows what really happened to Gabe's daughter. She knows who is responsible. And she knows what they will do if they ever catch up to her and Alice. Q: Can I request to have someone killed? A: If your Request is acceptable, and unless there are exceptional circumstances, we fulfill all Requests.

Law, Women Judges and the Gender Order Kasey McLoughlin, 2021-11-18 This book seeks to understand how women judges are situated as legal knowers on the High Court of Australia by asking whether a near-equal gender balance on the High Court has disrupted the Court's historically masculinist gender regime. This book examines how the High Court's gender regime operates once there is more than one woman on the bench. It explores the following questions: How have the Court's gender relations accommodated the presence women on the bench? How have the women themselves accommodated those pre-existing gender relations? How might legal judgments and reasoning change as a result of changing gender dynamics on the bench? To develop answers to these (and other) questions the book pursues a methodology that conceptualises the High Court as an

institution with a particular gender regime shaped historically by the dominant gender order of the wider society. The intersection between the (gendered) individuals and the (gendered) institution in which they operate produces and reproduces that institution's gender regime. Hence, the enquiry is not so much asking 'have women judges made a difference?' but rather is asking how should we understand women judges' relationship with the law, a relationship that is shaped as much by the individual judge as by the institutional context in which they operate. Scholars, legal practitioners and researchers interested in judicial reasoning, gender diversity and the legal profession, gender and politics will be interested in this book because it breaks new ground as a case study of a Court's gender regime at a particular time.

Rise of the Vicious Princess C. J. Redwine,2022-06-14 The first in a YA political fantasy duology about a fierce princess determined to bring lasting peace to her kingdom regardless of the cost to her heart—from C.J. Redwine, the author of the Defiance series and the New York Times bestselling Ravenspire series. Perfect for fans of These Violent Delights, And I Darken, and Ash Princess. Princess Charis Willowthorn is the dutiful sword of Calera. Raised to be ruthless and cunning, her only goal is to hold her war-torn kingdom together long enough to find a path toward peace with their ancient foe Montevallo, even if the cost is her own heart. When violence erupts in the castle itself, nearly killing the queen, Charis must assume her mother's duties and manage both the war and her kingdom. But as an unseen enemy begins sinking Calera's ships, Charis realizes a threat much greater than Montevallo is coming for her people. So she forms a plan. By day, she is Calera's formidable princess intent on forging an alliance with Montevallo. By night, she disguises herself as a smuggler and roams the sea with a trusted group of loyalists, hunting for their new enemies. And through it all, there's the one boy she can't have—who guards her life, but steals her heart. But her enemies are much closer than Charis realizes, and her heart isn't the only thing she has left to lose.

The Living Bread Thomas Merton,1915 The whole problem of our time is the problem of love. How are we going to recover the ability to love ourselves and to love one another? We cannot be at peace with others because we are not at peace with ourselves, and we cannot be at peace with ourselves because we are not at peace with God. There is a distinction between a contrite sense of sin and a feeling of guilt. The former is a true and healthy thing, the latter tends to be false and pathological. The man who suffers from a sense of guilt does not want to feel guilty, but at the same time he does not want to be innocent. He wants to do what he thinks he must not do, without the pain of worrying about the consequences. The history of our time has been made by dictators whose characters, often transparently easy to read, have been full of repressed guilt. They have managed to enlist the support of masses of men moved by the same repressed drives as themselves. Modern dictatorships display everywhere a deliberate and calculated hatred for human nature as such. The technique of degradation used in concentration camps and in staged trials are all too familiar in our time. They have one purpose: to defile the human person.
