Art of the Classic Car Peter Bodensteiner, 2013-09-16 DIV The rarity and historical significance of prewar classic and antique cars make them hot commodities on the collector car market. These are the automobiles that populate the fairways and manicured lawns of the world's greatest car shows in alluring locales like Pebble Beach, California, and Amelia Island, Florida. These are the cars that bring a hush to the hall when they roll across the blocks at auctions around the world. These are the cars that fill the world's greatest collections, like those of Ralph Lauren, Mark Knopfler, and various members of royal families. These are the cars from history's premiere automakers: hallowed names like Packard, Duesenberg, Stutz, Bugatti, Mercedes-Benz, Cord, and others—six-figure and million-dollar machines that thrill Barrett-Jackson audiences and drive bidders to frenzy. *Art of the Classic Car* features the stunning studio photography of Peter Harholdt (*Art of the Hot Rod*, *Art of the Muscle Car*), lavished on the most significant automobiles from the classic era: the 1910s to early 1940s. Every page contains framable-quality portraits of some of the most important cars ever made, with each car accompanied by a short essay from automotive expert Peter Bodensteiner that places the model contextually within automotive history. Complete with period ads and promotional art, *Art of the Classic Car* is the most beautiful pictorial history of classic cars ever produced./div

Streamlined Malte Jürgens, 2014 In 2009, the Automuseum 'Prototyp' in Hamburg, Germany, organized a special exhibit in Germany or anywhere else in the world: For two months, 23 streamlined automobiles, the body of a record-setting car, and a revolutionary model wind tunnel, all had their aerodynamic rendezvous there. . . . Naturally, so many streamlined cars together were electrifying. Patricia Scholten, daughter of Paul Pietsch, and the Stuttgart Motorbuch-Verlag which she runs, commissioned the Zurich photographer Michel Zumbrunn, who specializes in classic cars, to photograph this unique exhibition of never-before-shown-together streamlined works of art in his own unique style. . . . This history of the streamlined automobile is not illustrated with the black and white photos of former times, used in the relevant books again and again due to the lack of new images; it is illustrated with a portfolio of photographic art by Zumbrunn and his co-photographer Urs Schmid.--Pages 14-15.

Muscle Cars Colin Romanick,2012-07-20 Muscle Cars is the story of America's pursuit

of sheer horsepower in the 1960s and '70s. The first of the type, the famous Pontiac GTO or "Goat," would launch a race between America's automotive manufacturers to produce ever-more-powerful V8 engines wrapped in legendary "Coke-bottle" sheet metal styling. Following Ford's extremely successful introduction of the galloping Mustang in 1964, others would follow, such as General Motors's Camaro and Firebird as well as Plymouth's Barracuda, competing against one another on race tracks to "Win on Sunday, Sell on Monday." This book details these golden years, as well as the economic and environmental developments of the 1970s that brought an end to the muscle car era.
