The Classic Short Story, 1870-1925 Florence

Goyet, 2014-01-13 The ability to construct a nuanced narrative or complex character in the constrained form of the short story has sometimes been seen as the ultimate test of an author's creativity. Yet during the time when the short story was at its most popular - the late nineteenth and early twentieth centuries - even the greatest writers followed strict generic conventions that were far from subtle. This expanded and updated translation of Florence Goyet's influential *La Nouvelle, 1870-1925: Description d'un genre à son apogée* (Paris, 1993) is the only study to focus exclusively on this classic period across different continents. Ranging through French, English, Italian, Russian and Japanese writing - particularly the stories of Guy de Maupassant, Henry James, Giovanni Verga, Anton Chekhov and Akutagawa Ryunosuke - Goyet shows that these authors were able to create brilliant and successful short stories using the very simple 'tools of brevity' of that period. In this challenging and far-reaching study, Goyet looks at classic short stories in the context in which they were read at the time: cheap newspapers and higher-end periodicals. She demonstrates that, despite the apparent intention of these stories to question bourgeois ideals, they mostly affirmed the prejudices of their readers. In doing so, her book forces us to re-think our preconceptions about this 'forgotten' genre.

100 Years of the Best American Short Stories

Lorrie Moore, Heidi Pitlor, 2015 Collects forty short stories published between 1915 and 2015, from writers that include Ernest Hemingway, John Updike, and Alice Munro that exemplify their era and stand the test of time --

Tenth of December George Saunders, 2013-01-03 The prize-winning, New York Times bestselling short story collection from the internationally bestselling author of Lincoln in the Bardo 'The best book you'll read this year' New York Times 'Dazzlingly surreal stories about a failing America' Sunday Times WINNER OF THE 2014 FOLIO PRIZE AND SHORTLISTED FOR THE NATIONAL BOOK AWARD 2013 George Saunders's most wryly hilarious and disturbing collection yet, Tenth of December illuminates human experience and explores figures lost in a labyrinth of troubling preoccupations. A family member recollects a backyard pole dressed for all occasions; Jeff faces horrifying ultimatums and the prospect of Darkenfloxx(TM) in some unusual drug trials; and Al Roosten hides his own internal monologue behind a winning smile that he hopes will make him popular. With dark visions of the future riffing against ghosts of the past and the ever-settling present, this collection sings with astonishing charm and intensity.

About Time Jack Finney, 1998-02-19 About Time offers a delightful return to the world of time travel and light comedy that distinguished Jack Finney's all-time classic Time and Again. The protagonists of these twelve stories are well-meaning but at odds with their surroundings and

their lives. The time to which they escape—through time travel—doesn't always fulfill their expectations in the way they had hoped, but sometimes, they can still find their dreams.

The Lady of the Barge W.W. Jacobs, 2018-05-23
Reproduction of the original: The Lady of the Barge by W.W. Jacobs

The Short Stories of Oscar Wilde Oscar Wilde, 2020-11-17 An innovative new edition of nine classic short stories from one of the greatest writers of the Victorian era. "I cannot think other than in stories," Oscar Wilde once confessed to his friend André Gide. In this new selection of his short fiction, Wilde's gifts as a storyteller are on full display, accompanied by informative facing-page annotations from Wilde biographer and scholar Nicholas Frankel. A wide-ranging introduction brings readers into the world from which the author drew inspiration. Each story in the collection brims with Wilde's trademark wit, style, and sharp social criticism. Many are reputed to have been written for children, although Wilde insisted this was not true and that his stories would appeal to all "those who have kept the childlike faculties of wonder and joy." "Lord Arthur Savile's Crime" stands alongside Wilde's comic masterpiece *The Importance of Being Earnest*, while other stories—including "The Happy Prince," the tale of a young ruler who had never known sorrow, and "The Nightingale and the Rose," the story of a nightingale who sacrifices herself for true love—embrace the theme of tragic, forbidden love and are driven by an undercurrent of seriousness, even despair, at the repressive

social and sexual values of Wilde's day. Like his later writings, Wilde's stories are a sweeping indictment of the society that would imprison him for his homosexuality in 1895, five years before his death at the age of forty-six. Published here in the form in which Victorian readers first encountered them, Wilde's short stories contain much that appeals to modern readers of vastly different ages and temperaments. They are the perfect distillation of one of the Victorian era's most remarkable writers.

Nine Stories J. D. Salinger, 2019-08-13 The original, first-rate, serious, and beautiful short fiction (New York Times Book Review) that introduced J. D. Salinger to American readers in the years after World War II, including A Perfect Day for Bananafish and the first appearance of Salinger's fictional Glass family. Nine exceptional stories from one of the great literary voices of the twentieth century. Witty, urbane, and frequently affecting, *Nine Stories* sits alongside Salinger's very best work--a treasure that will be passed down for many generations to come. The stories: A Perfect Day for Bananafish Uncle Wiggily in Connecticut Just Before the War with the Eskimos The Laughing Man Down at the Dinghy For Esmé--with Love and Squalor Pretty Mouth and Green My Eyes De Daumier-Smith's Blue Period Teddy
