The great joys of parenting are hindered by harsh self-doubt and a chronic lack of physical and emotional energy. In *Mommy Power*, Sheila Schuller Coleman helps women understand that while they really don't have the power or strength to handle the demands of motherhood alone, they don't have to. Mommy strength, Sheila says, comes from asking God to lend some of His, knowing He will never fail to provide. God will enable anyone who asks to become a powerful mother who loves strong, forgives strong, and models a strong faith.

Slightly Bad Girls of the Bible Liz Curtis Higgs, 2018-07-24 Good Women Behaving Badly A spiteful boss, a defiant employee, a manipulative mother, a desperate housewife, an envious sister...honey, we know these women. We've lived with them, worked with them, or caught a glimpse of them in our mirrors. Now let's take a look at their ancient counterparts in Scripture: Sarah mistreated her maidservant, Hagar despised her mistress, Rebekah manipulated her son, Leah claimed her sister's husband, and Rachel envied her fertile sister. They were far from evil, but hardly perfect. Mostly good, yet slightly bad. In other words, these matriarchal mamas look a lot like us. "A Slightly

Bad Girl is simply this: a woman unwilling to fully submit to God. We love him, serve him, and worship him, yet we find it difficult to trust him completely, to accept his plan for our lives, to rest in his sovereignty.” –from *Slightly Bad Girls of the Bible*

The Dude Diet Serena Wolf, 2016-10-25 From chef and creator of the popular food blog *Domesticate-Me.com*, 125 outrageously delicious yet deceptively healthy recipes for dudes (and the people who love them), accompanied by beautiful full-color photography. Dudes. So well intentioned when it comes to healthy eating, even as they fail epically in execution–inhaling a salad topped with fried chicken fingers or ordering their Italian hero on a whole wheat wrap (that makes it healthy, right?). There are several issues with men going on diets. First, they seem to be misinformed about basic nutrition. They are also, generally, not excited about eating health food. You can lead a dude to the salad bar, but you can’t make him choose lettuce. Enter Serena Wolf–chef, food blogger, and caretaker of a dude with some less than ideal eating habits. As a labor of love, Serena began creating healthier versions of her boyfriend’s favorite foods and posting them on her blog, where she received an overwhelming response from men and women alike. Now, in *The Dude Diet*, Serena shares more than 125 droolworthy recipes that prove that meals made with nutrient-dense whole foods can elicit the same excitement and satisfaction associated with pizza or Chinese take-out. The Dude Diet also demystifies the basics of nutrition, empowering men to make better decisions whether they’re eating out or cooking at home. Better still, each recipe is 100% idiot-proof and requires only easily accessible ingredients and tools. With categories like Game Day Eats, On the Grill, Serious Salads, and Take Out Favorites, *The Dude Diet* will arm dudes and those who love them with the knowledge they need to lead healthier, happier lives—with flattened beer bellies and fewer meat sweats. *The Dude Diet* includes 102 full-color photographs.

The Scientist and the Psychic Christian Smith, 2020-12-29 Weaving together the story of his fractured relationship to his mother with research into her paranormal abilities, Dr. Christian Smith has created, in *The Scientist and the Psychic*, a captivating, one-of-a-kind memoir of belief, skepticism and familial love. Christian Smith realized his mother was different in the autumn of 1977 when he was eight years old. Before then, he’d witnessed séances at home and the kids at school sometimes teased him about his mom being a witch--so he sensed that his life wasn't typical. But it wasn't until he was backstage at a renowned concert venue in Toronto, watching from behind a curtain as Geraldine commanded an audience of 2,000 with her extrasensory readings, that he understood she was special. As Geraldine's only child, he would assume the role of the quiet observer while she guided a live CBC broadcast of a séance; made startling and consistently accurate predictions; and eventually moved to LA to work with the parents of murder victims--and with convicted murderer Jeffrey R. MacDonald. Over time, the high profile and emotionally depleting work affected Geraldine's health and relationships. Addiction took over her life, and her son pulled away. Fast forward to the present day: Christian is a molecular biologist

and Geraldine is retired and in poor health. They are closer than they've ever been, and now he gives us the story of her undeniable perceptual abilities and pioneering work as a psychic--and endeavours to make scientific sense of it.
