Christian G. Meyer

Project Clear Leo Bogart, Clear was the code name for the research that led to the official desegregation of the U.S. Army at the time of the Korean War. This volume represents the two major troop opinion surveys that were the heart of the project, the first examining the performance of black troops in the Korean campaign, and the second, the problems encountered by black soldiers stationed in the continental United States. Although Project Clear dealt with a unique series of events and with a situation that existed for only a few transitional years, its findings were obvious: racial integration worked. Recent years have witnessed renewed expression of racial tension and conflict. This study includes observations applicable to problems still unsolved and to situations yet to be encountered. Apart from such an intimation of future applicability, there is a drama to be found in the transformation of an institution as large and conservative as the army. For the social scientist, there is a particular interest in this example of how large-scale social research, conducted with tremendous speed and under great pressure, can be applied effectively to influence national policy. Leo Bogart is internationally known as a public opinion specialist and mass media executive. His books include *Preserving the Press*, *Press and the Public*, *Premises for Propaganda*, *The Age of Television*, and *Polls and the Awareness of Public Opinion*, published by Transaction.

Walking Through Clear Water in a Pool Painted Black, new edition Cookie Mueller, 2022-04-26 The first collected edition of legendary writer, actress, and adventurer Cookie Mueller's stories, featuring the entire contents of her 1990 book *Walking through Clear Water in a Pool Painted Black*, alongside more than two dozen others, some previously unpublished. Legendary as an underground actress, female adventurer, and East Village raconteur, Cookie Mueller's first calling was to the written word: I started writing when I was six and have never stopped completely, she once confessed. Mueller's 1990 *Walking through Clear Water in a Pool Painted Black*, the first volume of the Semiotext(e) Native Agents series, was the largest collection of stories she compiled during her life. But it presented only a slice of Mueller's prolific work as a writer. This new, landmark volume collects all of Mueller's stories: from the original contents of *Clear Water*, to additional stories discovered by Amy Scholder for the posthumous anthology *Ask Dr. Mueller*, to selections from Mueller's art and advice columns for *Details* and the *East Village Eye*, to still new stories collected and published here for the first time. Olivia Laing's new introduction situates Mueller's writing within the context of her life—and our times. Thanks to recent documentaries like Mallory Curley's *A Cookie Mueller Encyclopedia* and Chloé Griffin's oral biography *Edgewise*, Mueller's life and work have been discovered by a new generation of readers. *Walking through Clear Water in a Pool Painted Black: Collected Stories* returns essential source material to these readers, the archive of Mueller's writing itself. Mueller's many *mise en scènes*—the Baltimore of John Waters, post-Stonewall Provincetown, avant-garde Italy, 1980s New York, an America enduring Reagan and AIDS—patches together a singular personal history and a primer for others. As Laing writes in her introduction, *Collected Stories* amounts to a how-to manual for a life ricocheting joyously off the rails . . . a live corrective to conformity, conservatism, and cruelty.
