Spiritual Friendship Wesley Hill,2015-04-14 Christianity Today Book Award Winner Friendship is a relationship like no other. Unlike the relationships we are born into, we choose our friends. It is also tenuous--we can end a friendship at any time. But should friendship be so free and unconstrained? Although our culture tends to pay more attention to romantic love, marriage, family, and other forms of community, friendship is a genuine love in its own right. This eloquent book reminds us that Scripture and tradition have a high view of friendship. Single Christians, particularly those who are gay and celibate, may find it is a form of love to which they are especially called. Writing with deep empathy and with fidelity to historic Christian teaching, Wesley Hill retrieves a rich understanding of friendship as a spiritual vocation and explains how the church can foster friendship as a basic component of Christian discipleship. He helps us reimagine friendship as a robust form of love that is worthy of honor and attention in communities of faith. This book sets forth a positive calling for celibate gay Christians and suggests practical ways for all Christians to cultivate stronger friendships.

Fifty Years On the Trail John Y. Nelson, Harrington O'Reilly,2017-10-30 This is the true story of John Young Nelson, an early American frontiersman, military scout, interpreter, guide, police chief, and saloon owner. Born in Virginia in 1826, Nelson ran away from home as a young teenager to escape a domineering father and to seek adventure in the west. He took odd jobs along the way working on farms, serving as a cabin boy on a Mississippi steamer, and becoming an apprentice with a group of traders traveling west from Missouri. After meeting a band of Sioux, he decided that the nomadic life of an Indian was the adventure he was looking for and got himself adopted into the tribe. Here he learned how to live off the land and acquired the skills of a Sioux warrior. His adopted father was the Chief Spotted Tail and his brother-in-law was Red Cloud—Chief of the Sioux Nation. As a young Sioux brave, Nelson participated in Indian raids and skirmishes. Later, he guided Brigham Young and the first group of Mormon pioneers into the Salt Lake Valley in 1847, worked as a military scout with William F. Cody (Buffalo Bill), fought in the Indian Wars, and served as a lawman in North Dakota. In his many escapades he often narrowly escaped death from bullets, arrows, and knives. Nelson's story is a fascinating view of the early American west in all its glory.

Why We Can't Sleep Ada Calhoun,2020-01-07 The acclaimed author explores the hidden crises of Gen X women in this “engaging hybrid of first-person confession, reportage [and] pop culture analysis” (The New Republic). Ada Calhoun was married with children and a good career—and yet she was miserable. She thought she had no right to complain until she realized how many other Generation X women felt the same way. What could be behind this troubling trend? To find out, Calhoun delved into housing costs, HR trends, credit card debt averages, and divorce data. At every turn, she saw that Gen X women were facing new problems as they entered middle age—problems that were being largely overlooked. Calhoun spoke with women across America who were part of the generation raised

to “have it all.” She found that most were exhausted, terrified about money, under-employed, and overwhelmed. And instead of being heard, they were being told to lean in, take “me-time,” or make a chore chart to get their lives and homes in order. In *Why We Can't Sleep*, Calhoun opens up the cultural and political contexts of Gen X's predicament. She offers practical advice on how to ourselves out of the abyss—and keep the next generation of women from falling in. The result is reassuring, empowering, and essential reading for all middle-aged women, and anyone who hopes to understand them.

The Ending of Time Jiddu Krishnamurti, 1985-05-01 This very important work offers penetrating dialogues between the great spiritual leader and the renowned physicist that shed light on the fundamental nature of existence. Krishnamurti and David Bohm probe such questions as ‘why has humanity made thought so important in every aspect of life? How does one cleanse the mind of the ‘accumulation of time’ and break the ‘pattern of ego -centered activity’? The Ending of Time concludes by referring to the wrong turn humanity has taken, but does not see this as something from which there is no escape. There is an insistence that mankind can change fundamentally; but this requires going from one's narrow and particular interests toward the general, and ultimately moving still deeper into that purity of compassion, love and intelligence that originates beyond thought, time, or even emptiness.
