Cleveland's Colorful Characters Kit Whipple,2020-02-25 Cleveland's Colorful Characters is an easy to read, insightful book on some of Cleveland's most influential individuals. These individuals helped create the grand and unique city which at one time was one of the most respected cities in the world. The first chapter is on the Mather family and how they helped create many of Cleveland's world class institutions. On a lighter side they were the first documented individuals to throw a 'toga party'. The 2nd chapter provides insights into the Van Sweringens who built many of Cleveland's finest homes and buildings as well as being the largest railroad owners in the country. Through the author's research he was able to determine they were the bases for the book, The Great Gatsby. The 3rd chapter concerns Jim Backus who was the creator of Mr. Magoo as well as the millionaire on Gilligan's Island. He attended University school and grew up in Bratenahl. Local lore states Mr. Magoo was based on a University School teacher. The other chapters inform readers on Charles Schweinfurth, aka Cleveland's Castle Creator, a brief insight into Camp Cleveland a 20,000 person Civil War camp in University Heights, unusual ghost stories and the last three chapters are dedicated to Cleveland's automotive history. This is when Cleveland was the car capital of the country, if not the world. Much of the intriguing information in this fact-packed book is new information which the author derived from his in-depth research and conversations with family descendants of those depicted in the book.

*Persian Betrayal* Terry Brennan,2020-07-28 How much can Brian Mullaney risk to serve God and save lives--without losing his own? DSS Regional Security Officer Brian Mullaney has been tasked with an incredibly dangerous mission. When a synagogue in Jerusalem is destroyed by an explosion, burying the second key prophecy Mullaney is hunting--and the deadly box that protects it--the answers he desperately needs are also crushed. How can he discover the meaning of the centuries-old prophecy now? Why are he and the ambassador he's assigned to protect being targeted? And is there any way this lone man can thwart a nuclear arms race between three ascendant empires of the past? An otherworldly servant of evil known only as the Turk is maneuvering all three nations into an intricate dance designed to undermine prophecy about the end times. And he won't let Mullaney or anyone else get in his way. Wounded in a bloody shoot-out, pressured by his wife to come home, and mourning the death of his best friend, Mullaney doesn't need a powerful enemy. Who is he to save the Ishmael Covenant, the treaty promising peace in the Middle East? Despite angelic intervention, Mullaney wants nothing to do with his final assignment. But without him, evil will win the ultimate struggle . . . and humankind will have no hope left.

**Failure to Launch** Mark McConville, Ph.D.,2021-01-05 From an expert in adolescent psychology comes a groundbreaking, timely, and necessary guide for parents of the 2.2 million young adults in America who are struggling to find their way in the world. In Dr. Mark McConville's decades of experience as a family clinical psychologist, perhaps no problem has been more fraught than that of young adults who fail to successfully transition from adolescence into adulthood. These kids--technically adults--just can't get it together: They can't hold a job, they struggle to develop meaningful relationships, and they often end up back in their parents' spare bedroom or on the couch. In fact, studies show that one in four Americans aged twenty-five to thirty-four neither work nor attend school, and it's a problem that spans all socioeconomic and geographic boundaries. McConville investigates the root causes of this problem: Why are modern kids failing to launch in ever-increasing numbers? The key, McConville has found, is that they are struggling with three critical skills that are necessary to make the transition from childhood to adulthood--finding a sense of purpose, developing administrative responsibility, and cultivating interdependence. In Failure to Launch, McConville breaks these down into achievable, accessible goals and offers a practical guide for the whole family, to help parents instill those skills in their young adults--and to get their kids into the real world, ready to start their lives.
