Clips in Time Julie Lilienkamp,2012-06 Clips in Time is filled with true events of a woman's journey through life. A small-town girl, an identical twin, faces unexpected, dramatic challenges, yet perseveres through teen pregnancy and marriage, to having a successful career, to becoming homeless and learning to get back to the basics of life, eventually leading to a life as a writer, a mountaineer, and a teacher. It is a collection of organic essays and emotional poetry that will make you laugh and cry out loud.

Six Million Paper Clips Peter W. Schroeder,Dagmar Schroeder-Hildebrand,2014-01-01 At a middle school in a small, all white, all Protestant town in Tennessee, a special after-school class was started to teach the kids about the Holocaust, and the importance of tolerance. The students had a hard time imagining what six million was (the number of Jews the Nazis killed), so they decided to collect six million paperclips, a symbol used by the Norwegians to show solidarity with their Jewish neighbors during World War II. German journalists Dagmar and Peter Schroeder, whose involvement brought the project international attention, tell the dramatic story of how the Paper Clip Project grew, culminating in the creation of The Children's Holocaust Memorial.

Vision to Legacy Shelby Yastrow,2013-10 In less than thirty years Great Clips has achieved worldwide leadership in the hair salon industry, and its lead is widening every day. To have the largest and fastest growing brand in its entire industry is a remarkable achievement for any company. It's even more remarkable considering that the company was started in a backyard by three entrepreneurs who had no money, no new ideas, no new product, no experience in running a business, and even a shortage of rapport among themselves. This book documents the incredible rags to riches story and highlights the value of having an uncomplicated business model, avoiding the temptation to change it, sticking with the basics, and paying attention to all of the stakeholders--especially the customers. How Great Clips has capitalized on the franchising phenomenon that has swept across the business landscape will provide special interest for any follower of winning business models.
