The Gospel according to Science Fiction Gabriel McKee,2007-01-02 In this thorough and engaging book, Gabriel McKee explores the inherent theological nature of science fiction, using illustrations from television shows, literature, and films. Science fiction, he believes, helps us understand not only who we are but who we will become. McKee organizes his chapters around theological themes, using illustrations from authors such as Isaac Asimov and H. G. Wells, television shows such as Star Trek and The Twilight Zone, and films such as The Matrix and Star Wars. With its extensive bibliography and index, this is a book that all serious science fiction fans--not just those with a theological interest--will appreciate.

Video Game Bible, 1985-2002 Andy Slaven,2002 With nearly three years of research utilized to compile game lists and thousands of hours used to play and review the games listed within, Video Game Bible is the most comprehensive source of information on video games released in the U.S. since 1985 ever created. Prices are based on realistic figures compiled by interviewing hundreds of large collectors and game store owners, and offer a realistic guideline to be followed by both collectors and video gamers looking to complete their collections. While numerous guides have been compiled on the subject of classic video games, this book offers coverage of video game consoles releases after 1985, known as the neo-classics. With 39 systems in total, Video Game Bible offers the largest guide to date. With the recent proliferation of video game collecting into the mainstream, it is necessary to have a standard by which games are valued. This is the first installment in a series of guides intended to offer full coverage of every video game ever made worldwide. Video game consoles are grouped together by the company that made them for easy reference. In addition to the table of contents, which lists each section separately, there are corner tabs to make browsing the guide even more convenient. Thousands of new facts are offered within the pages of this book, as are thousands of reviews and overviews. Written in a lighthearted manner, chapters of this guide that may not pertain to a particular collector will still be enjoyable for intelligent readers. An easy to use reference guide suitable for any age, this guide is sure to be an invaluable resource for anyone interested in video game collecting, video game history, and even for the casual video game fan interested in learning more about the hobby. Editor-In Chief: Andy Slaven Staff Writers: Micheal Collins, Lucus Barnes, Vincent Yang Contributing Writers: Charlie Reneke, Joe Kudrna

Play Up! Play Up! And Play the Game! Leslie P. Kozak, In August 1956 at 3 o'clock in the morning a 15-year old aspiring hockey player boarded a Greyhound bus in Yorkton, Saskatchewan to begin a journey that first took him to Maple Leaf Gardens where he achieved his childhood dream of playing in the NHL and then the journey unexpectedly led him down a path where he was able to build a 45-year career as a scientist in modern molecular medicine. Leslie Kozak explores his early life to determine how the environment created his intense competitive spirit. This exploration of life takes the reader through Leslie's years at St. Michael's College School, a short interlude as a Trappist monk, success as a Toronto Maple Leaf, then followed within days by a depressed fracture of his skull that ended his hockey career. Out of this journey emerges a molecular geneticist who dedicates himself in a 45-year research career to the exploration of body heat production and energy metabolism in response to a cold environment and how they could provide solutions to obesity and type 2 diabetes.

The Ultimate Prize Dan Diamond,2013-07-16 There is no greater reward for a hockey player than winning the Stanley Cup. The Ultimate Prize chronicles the evolution of the sport from the first recorded game played in 1875 to the 2002 Champion Detroit Red Wings. Photographs and statistics of teams, coaches, players, owners, and hockey executives are listed year by year. Facts, legends, and lore will engross the reader. Unique among team sports trophies, the Stanley Cup has been called the people's trophy. It travels the globe making public appearances up to 300 days of the year. The names of the men (and some women!) who have won it are engraved right on the Cup itself. Hockey players of all ages dream not just of winning the championship but of actually hoisting the glittering silver trophy high above their heads. It is one of sport's ultimate icons and perhaps the world's best-known piece of folk art. Included in The Ultimate Prize are chapters on Stanley Cup heroes, top play-off moments, and the history of the Stanley family. Did you know that Lord Stanley never watched a team that won his trophy, nor ever played the game himself? All seven of his sons played hockey as a team and were outstanding athletes. Daughter Isobel Stanley played the game, too. In truth, the Stanley family is every bit as responsible for the Stanley Cup legacy as his Lordship himself. The Ultimate Prize—misspelled player and team names, wrong names, erroneous years won, and even double listing of players. Every hockey fan or sports enthusiast will want a copy of this treasure.

A History of Competitive Gaming Lu Zhouxiang,2022-05-13 Competitive gaming, or esports - referring to competitive tournaments of video games among both casual gamers and professional players - began in the early 1970s with small competitions like the one held at Stanford University in October 1972, where some 20 researchers and students attended. By 2022 the estimated revenue of the global esports industry is in excess of \$947 million, with over 200 million viewers worldwide. Regardless of views held about competitive gaming, esports have become a modern economic and cultural phenomenon. This book studies the full history of competitive gaming from the 1970s to the 2010s against the background of the arrival of the electronic and computer age. It investigates how competitive gaming has grown into a new form of entertainment, a sport-like competition, a lucrative business and a unique cultural sensation. It also explores the role of competitive gaming in the development of the video game industry, making a distinctive contribution to our knowledge and understanding of the history of video games. A History of Competitive Gaming will appeal to all those interested in the business and culture of gaming, as well as those studying modern technological culture.

Hockey Sucks: Let's Fix It Michael Munro,2017-10-10 The game of hockey has drastically changed over the past two decades and not for the better. Gone are the days of goal scorers, stick handlers, tough guys and passers. When they left so did the excitement and the unexpected. Now it is a game played by drones in exactly the same fashion by every team. Former hockey reporter Michael Munro examines the impact manufactured hockey players are having on the National Hockey League and its feeder systems. In this Western based critique Munro explains how the NHL ended up eliminating goal scorers and entertainers with a series of rule changes and management decisions. And it is a discussion of how Canada lost its role as the dominant hockey nation and started developing only supporting players and not lead actors. An honest and sometimes disturbing 250 page essay that is a must read for anyone who loves hockey and wants to see it become a global success.

Notebook Planner Field Hockey Woman Girl Pullover Copy Monty Thorstenson,2020-11-22 Notebook Planner Field hockey woman girl Pullover copy. From Pinballs to Pixels Ken Horowitz,2023-04-27 From early classics like Contact to marvels like High Speed, gaming publisher Williams dazzled arcade goers with its diverse range of quality pinball games. The age of video games catapulted the company into legend with blockbusters like Defender and Joust, and by the end of the 1980s it was the largest coin-op publisher in North America. Williams' acquisition of Bally/Midway began a period of hits that included Mortal Kombat and NBA Jam, as well as the best-selling pinball machine of all time, The Addams Family. The history of Williams spans nearly six decades and is filled with great games, huge gambles and technical innovations that impacted every aspect of pinball and arcade video games. With interviews

of 40+ former designers and executives from Williams/Bally/Midway, as well as information from hundreds of contemporaneous news reports and documents, this book presents a never-before-seen chronology of how the small company became a coin-op juggernaut. Thirty pinball and 26 video game classics are examined in depth with direct input from the people who made them, along with the story of the events that shaped one of gaming's greatest publishing houses.

Secrets of Video Game Consoles Michael Hart,2022-12-29 Did you know the Nintendo Wii had a medical condition named after it? Or that the Sega Saturn almost had the Nintendo 64's graphics chip? Did you realize the Atari Jaguar contained five different processors? Are you aware that a fake website about beekeeping was used to promote an Xbox game? Learn about all of this and more in this unique trivia book about the history of video game consoles that gives you the complete stories in detail! These facts cover a wide range of subjects, such as which console introduced certain technology and features, esoteric hardware oddities, marketing fails and successes, stories behind key games, how certain indispensable people shaped the whole industry, development history, court cases, peculiar events, weird relationships between companies and technical explanations. Plenty of these would be obscure facts that you may not know, but even if you are familiar with them, do you know the full story? 31 video game consoles stretching from 1972 to 2017 are covered, containing more than 235 in-depth facts, numerous other pieces of trivia and over 350 images to create a single package unlike any other that gamers of all ages will find interesting! If you want to fill your head with plenty of knowledge about your favorite video game consoles to amaze your friends with, then this book is for you!

Hockey Notebook Hockey Notebook,2019-04-17 Hockey Notebook: Hockey Gift: Blank Lined Journal, 102 Custom Pages This hockey journal is perfect for kids of all ages, whether you are looking to use it as a diary for daily journaling your many thoughts, ideas or funny life memories, at school as a composition book to write notes or if you're a hockey player and want to use it for recording your game stats, lists, to keep track of wins and losses or any training details from your coach that you need to work on. Also great for writing your favorite college team stats, for field hockey or ice hockey. The interior pages consist of ruled lines with 4 boxes with hockey stick and puck icons on the sides. Boxes can be used for your games stats or pasting a newspaper article. This page is followed by a sketch page, excellent for drawing out plays or just for younger kids to even draw and coloring a picture of the game or whatever you like. Alternating pages the entire notebook. Makes a practical and fun Christmas, birthday present or back to school supplies. It will definitely bring a smile on your hockey players face! Mom score! Grab your copy today! Journals, notebooks and books are a perfect way to keep all your information in one convenient place. Paperback, white quality paper, soft matte finish cover. Ideal size at 8.5x11 inches.

Hockey Night in Kenya Danson Mutinda,Eric Walters,2020-09-08 □ “This simple story of discovery, sport, and friendship is filled with likable characters and innocently joyful moments...Delightful.”—Kirkus Reviews, starred review Kenyan orphans, Kitoo and Nigosi, spend their days studying, playing soccer, helping their elders with chores around the orphanage and reading from the limited selection of books in their library. When the librarian gives Kitoo a copy of Sports Around the World he becomes fascinated by an image of the Canadian national men's ice hockey team. Then one day the fates align and Kitoo finds a pair of beat up old roller blades, he teaches himself to skate and dreams of one day playing hockey like the men in his book. But you can’t play ice hockey in Kenya, can you?

The Video Games Textbook Brian J. Wardyga,2023-06-13 The Video Games Textbook takes the history of video games to the next level. Coverage includes every major video game console, handheld system, and game-changing personal computer, as well as a look at the business, technology, and people behind the games. Chapters feature objectives and key terms, illustrative timelines, color images, and graphs in addition to the technical specifications and key titles for each platform. Every chapter is a journey into a different segment of gaming, where readers emerge with a clear picture of how video games evolved, why the platforms succeeded or failed, and the impact they had on the industry and culture. Written to capture the attention and interest of students from around the world, this newly revised Second Edition also serves as a go-to handbook for any video game enthusiast. This edition features new content in every chapter, including color timelines, sections on color theory and lighting, the NEC PC-98 series, MSX series, Amstrad CPC, Sinclair ZX Spectrum, Milton Bradley Microvision, Nintendo Game & Watch, gender issues, PEGI and CERO rating systems, and new Pro Files and quiz questions, plus expanded coverage on PC and mobile gaming, virtual reality, Valve Steam Deck, Nintendo Switch, Xbox Series X|S, and PlayStation 5. Key Features Explores the history, business, and technology of video games, including social, political, and economic motivations Facilitates learning with clear objectives, key terms, illustrative timelines, color images, tables, and graphs Highlights the technical specifications and key titles of all major game consoles, handhelds, personal computers, and mobile platforms Reinforces material with market summaries and reviews of breakthroughs and trends, as well as end-of-chapter activities and quizzes

Snowballed Melanie Ting,Heart Eyes Press,2021-09-05 She needs Prince Farming . . . but she got me instead. Sure, life’s been easy for me. Growing up in an oceanside house in SoCal, playing top-level college hockey, driving a luxury car with a generous allowance—sounds like the dream, right? Turns out what I didn’t have was freedom. And when I decided to transfer to Moo U for my last year of hockey, my controlling father cut me off. No money, no car, no friends. I’m just another student struggling to make ends meet. The only place I can afford to live is the Meyers’ farm, where I’ll work in exchange for room and board. Farm work is so exhausting that I don’t even have time to wallow in the crappy turn my life has taken. Zoe Meyers is a hot blonde Amazon with all the energy of a chipmunk on crack. And her positivity is making me realize how lucky I really am, even though I’m broke. Too bad she’s not impressed by a guy who can’t figure out which end of a goat to milk. Because suddenly I want to impress her. I want to do a lot more with her too . . . if I can get her out of the barn and into my arms.

Classic Home Video Games, 1989Ð1990 Brett Weiss,2012-03-08 The third in a series about home video games, this detailed reference work features descriptions and reviews of every official U.S.-released game for the Neo Geo, Sega Genesis and TurboGrafx-16, which, in 1989, ushered in the 16-bit era of gaming. Organized alphabetically by console brand, each chapter includes a description of the game system followed by substantive entries for every game released for that console. Video game entries include historical information, gameplay details, the author’s critique, and, when appropriate, comparisons to similar games. Appendices list and offer brief descriptions of all the games for the Atari Lynx and Nintendo Game Boy, and catalogue and describe the add-ons to the consoles covered herein—Neo Geo CD, Sega CD, Sega 32X and TurboGrafx-CD.

What We Talk About When We Talk About Clone Club Gregory E. Pence,2016-03-29 What is the real-world history and science of human cloning, and does Orphan Black get it right? Can you own a person—even a cloned one? How can Sarah Manning be straight, Cosima gay, and Tony trans? Cult hit sci-fi show Orphan Black doesn't just entertain—it also raises fascinating questions about human cloning, its ethics, and its impact on personal identity. In What We Talk About When We Talk About Clone Club: Bioethics and Philosophy in Orphan Black, prominent bioethicist Gregory E. Pence violates Clone Club's first rule to take us deeper into the show and its connections to the real world, including: Widespread myths about human clones (and Orphan Black's rejection of them) Our ugly history of eugenics The ethics of human experimentation, by way of Projects Castor and Leda What we can learn about clones and identity from twin studies and tensions among Orphan Black's clone sisters Kendall Malone and other genetic anomalies The brave new world of genetic enhancement and clonal dynasties, and how Helena and Kira Manning fit in In the process, What We Talk About When We Talk About Clone Club reveals why Orphan Black is some of today's most engaging and thought-provoking television.

Hockey Haiku John Poch,Chad Davidson,2007-04-01 The greatest collection of hockey-related poetry this or any house has ever published, and a watershed moment in American letters. Hockey haiku is the most rarefied of the haiku genres, and it represents the perfect union of graceful brutality, ordered chaos, and the blood that courses through our veins...and onto the ice. Hockey Haiku: The Essential Collection is full of poems that embody to perfection hockey's unique harmony of beauty and violence. For example: Zamboni bumper: Don't laugh---It crushed the leg of the Little Leaguer. And it turns to the questions we as a hockey society are reluctant to answer: Conflict--How can I pledge my allegiance to two national anthems?

The Video Games Guide Matt Fox,2013-01-03 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design--from the very earliest (1962's Spacewar) through the present day releases on the PlayStation 3, Xbox 360, Wii and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels and of course the author's views and insights into the game. In addition to the main entries and reviews, a full-color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include: a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

Beyond Donkey Kong Ken Horowitz,2020-07-30 Before the enormously successful NES console changed the video game landscape in the 1980s, Nintendo became famous for producing legendary arcade machines like Donkey Kong and Mario Bros. Drawing on original interviews, news reports and other documents, this book traces Nintendo's rise from a small business that made playing cards to the top name in the arcade industry. Twenty-eight game titles are examined in-depth, along with the people and events that defined the company for more than four decades.

Gretzky to Lemieux Ed Willes,2008-11-19 Gretzky, Lemieux, Messier, Coffey, Fuhr, all on the same team — in their prime. The greatest collection of hockey talent ever assembled, playing the games of their lives. Three epic 6-5 contests between Canada and the Soviet Union decided the '87 Canada Cup. Canada evened the series, after the Soviets won Game 1, when Gretzky's fifth assist of the game set up Lemieux's hat trick, ending Game 2 in double overtime. Game 2 is widely considered one of the greatest hockey games ever played. With time running out in Game 3, after Canada battled back from a 3-0 deficit, Team Canada coach Mike Keenan sent the Gretzky / Lemieux / Hawerchuk line on the ice for a faceoff in Canada's end. The rest is history as Gretzky, Lemieux, and Larry Murphy rushed up the ice, Gretzky skating on the left wing, setting up Lemieux's game-winner in the slot with 1:26 left in the game. Gretzky's pass to Lemieux, followed by Lemieux's goal, is one of the most memorable plays in hockey history. Gretzky to Lemieux captures the on-ice drama that led to the historic three-game final, and the stories behind it. Ed Willes adds depth and weight to the games by revealing the rebellion among Soviet hockey stars in the early days of Glasnost and a crumbling Soviet Union; the trouble brewing for Alan Eagleson; the ascendancy of Mario Lemieux; and the end of the glorious Gretzky era in Edmonton. Packed with interviews of players and coaches, Gretzky to Lemieux tells the full story of the greatest hockey ever played.

Sports Illustrated Hockey Talk Sports Illustrated,2011-11-22 From the leader in sports writing comes a collection of stories that examine just about every aspect of the game: the players, the league and what it means to the fans. For true hockey fans, there is no sport as great, as fast, as competitive, or as important as their beloved hockey game. The teams, the organizations, and the players are a part of their family and Saturday night is better known as hockey night. As children, we hockey fans would wake at 6am, jump into the back of a cold station wagon and head off with Dad or Mom at the wheel to our hockey games. Sleep deprived, cold and tired - it didn't matter how low we felt because as soon as those skates were laced, it was game-on! We traded the cards, we followed the players, and we watched as our team fought through the regular season to earn their rightful place in the post season. There is nothing like the feeling of seeing your team go all the way, seeing them hoist that cherished Cup that Lord Stanley so kindly gifted to the Dominion of Canada, seeing the tears in the eyes of these grown men, these ice warriors. We love this game of ours, and we can't get enough, so thank you Sports Illustrated for bringing us more. In this book, Sports Illustrated's most prolific hockey writers give us the honest goods on hockey. They tell us about the players, the infractions, the best series, the most contentious of battles and the most glorious of victories. This is hockey in its truest form. This is hockey writing for hockey lovers and with an array of Sports Illustrated photos throw in for added benefit. This is just about the best damn book available on hockey, anywhere, period.

Discover tales of courage and bravery in is empowering ebook, Unleash Courage in **Clone Hockey** . In a downloadable PDF format (PDF Size: *), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
