Obsessed Emily Heyward, 2020-06-09 The 2020 Porchlight Marketing & Sales Book of the Year The cofounder and chief branding officer of Red Antler, the branding and marketing company for startups and new ventures, explains how hot new brands like Casper, Allbirds, Sweetgreen, and Everlane build devoted fan followings right out of the gate. We're in the midst of a startup revolution, with new brands popping up every day, taking over our Instagram feeds and vying for our affection. Every category is up for grabs, and traditional brands are seeing their businesses erode as hundreds of small companies encroach on their territory, each hoping to become the next runaway success. But it's not enough to have a great idea, or a cool logo. Emily Heyward founded Red Antler, the Brooklyn based brand and marketing company, to help entrepreneurs embed brand as a driver of business success from the beginning. In Obsessed, Heyward outlines the new principles of what it takes to build and launch a brand that has people queuing up to buy it on opening day. She takes you behind the scenes of the creation of some of today's hottest new brands, showing you: • How Casper was able to upend the mattress industry by building a beloved brand where none had existed before • How the dating app Hinge won a fanatical user base and great word-of-mouth with the promise that the app was designed to be deleted • Why luggage startup Away, now valued at \$1.4 billion, could build their brand around love of travel by launching with just one product--a hard-shell carry-on suitcase--rather than a whole range of luggage offerings. Whether you're starting a new business, launching a new product line, or looking to refresh a brand for a new generation of customers, Obsessed shows you why the old rules of brand-building no longer apply, and what really works for today's customers.

Re-Size America Jordan Rubin, 2013-12-28 Re-Size Your LIFE! Look around. What do you see? American obesity is at an all-time high, even while eating disorders plague teenagers, and the stick-thin model is touted as the pinnacle of beauty. Does this seem right? New York Times best-selling author Jordan Rubin certainly doesn't think so. His 16-week health plan isn't about losing ten pounds to look like a picture in a magazine. It's about finding the perfect weight for you. This may not be what you weigh right now. It may not be what your best friend weighs, or what your mother weighs. But somewhere inside you, there is a perfectly thin you just waiting to be revealed. Based on a landmark study conducted by Rubin in "one of the unhealthiest cities in America," Re-Size America has been created as a program to help you achieve your perfect weight. With solid medical advice from Bernard Bulwer, MD, an advanced clinical fellow at one of the premier teaching hospitals at Harvard Medical School, this book contains the blueprint for re-sizing your life!

Ahead of the Curve Jenny Rushmore, 2021-10-14 Ahead of the Curve is the first sewing book to empower curvy and plus size women to feel body confident by sewing a wardrobe that fits. Don't change your body to fit your clothes -- change your clothes to fit your body! Ahead of the Curve includes 5 basic garment patterns (UK sizes 16-36/US size 12-32/EUR sizes 44-64), which includes a pair of trousers, a t-shirt, a sleeveless top and two dress designs. Jenny takes you through a series of "Fit Clinics" -- tutorials and case studies demystifying the fitting process -- showing you how to adjust these patterns to master the perfect fit for your body shape. Once you have got to grips with this, you can go on to customize your closet and create an unlimited array of fantastic clothes that celebrate your body. If you're curvy or plus size, trying to find clothes that fit and reflect your personal style can be incredibly difficult and frustrating. Plus size women feel constantly excluded and like they can't express their personality through clothes. This book finally changes that.
