Girl With No Job Claudia Oshry, 2022-01-25 A tongue-in-cheek advice book from one of the most famous funemployed millennials in Manhattan and founder of the Instagram account Girl With No Job--

Children of the Thunder John Brunner, 2014-04-01 Telepathic children hold the fate of humanity in their hands in this "compulsively readable novel" from the Hugo Award-winning author of *Stand on Zanzibar* (The Washington Post). In *Children of the Thunder*, Brunner creates another near-contemporary vision of a world gone

awry and proposes a peculiarly disturbing and frightening solution. Starting separately, a small number of very smart and uniquely talented children, none more than fourteen years old, create lucrative designer drugs, kill a Marine commando in unarmed combat, run a sex-ring of chilling depravity. None of them are even punished for their crimes. Combine powers of mental control and irresistible suggestion with creative and completely amoral intelligence and you have the recipe for a super-race of world-savers—or for the subjugation of all humanity to a new form of collective evil. “One of the most important science fiction authors. Brunner held a mirror up to reflect our foibles because he wanted to save us from ourselves.” —SF Site

The cultural politics of contemporary Hollywood film

Chris Beasley, Heather Brook, 2019-01-21 Adopting and developing a ‘cultural politics’ approach, this

comprehensive study explores how Hollywood movies generate and reflect political myths about social and personal life that profoundly influence how we understand power relations. Instead of looking at genre, it employs three broad categories of film. 'Security' films present ideas concerning public order and disorder, citizen-state relations and the politics of fear. 'Relationalities' films highlight personal and intimate politics, bringing norms about identities, gender and sexuality into focus. In 'socially critical' films, particular issues and ideas are endowed with more overtly political significance. The book considers these categories as global political technologies implicated in hegemonic and 'soft power' relations whose reach is both deep and broad.

Undaunted Hope Claudia Black, 2024-04-23 Claudia Black, along with over a dozen world-renowned psychotherapists including Resmaa Menakem, Peter Levine, Patrick Carnes, Richard Schwartz, and Tian Dayton, provides clinical, human-focused insights on healing, treatment, and recovery. According to the CDC, people today are struggling with an unprecedented rise in mental health concerns such as depression, eating disorders, substance abuse, behavioral addictions, suicide, and more. The greatest barriers to getting help are their shame, their self-loathing, and the belief that their situation is hopeless. Undaunted Hope destigmatizes these disorders and invites readers to take the first step to help: asking for it. Undaunted Hope recounts that even in some of the most complex and dire situations, people can and do recover and find happiness. Through the narratives of twenty-one alumni from The Meadows, a world-renowned treatment facility headquartered in Arizona, there is great potential for readers to see themselves in parts of the stories—and ultimately find the courage to ask for help. Each story is told

in the alumnus's own words, revealing the origins of their struggles, the chaotic course of events leading up to treatment, what help entailed, and how their lives became richer, fuller, and more hopeful once they were willing to take the first step toward healing. In this urgent and timely narrative, *The Meadows* presents the stories of the therapeutic work that occurs in its facilities, recognizing that trauma is most often the underlying issue to people's struggles. The groundbreaking work at *The Meadows* has been validated by the landmark Adverse Childhood Experience Study (ACES) carried out by the US Centers for Disease Control and Prevention for the past twenty-five years. These studies repetitively demonstrate the relationship of various traumas to mental health, substance abuse, and behavioral health care problems. For more than forty-five years, *The Meadows* has been addressing these issues with complex clients.

Those Wild Wyndhams Claudia Renton, 2019-11-05 The three dazzlingly beautiful, wildly rich Wyndham sisters, part of the four hundred families that made up Britain's ruling class, at the center of cultural and political life in late-Victorian/Edwardian Britain. Here are their complex, idiosyncratic lives; their opulent, privileged world; their romantic, roiling age. They were confidantes to British prime ministers, poets, writers, and artists, their lives entwined with the most celebrated and scandalous figures of the day, from Oscar Wilde to Henry James. They were the lovers of great men--or men of great prominence...Mary Wyndham, wilder than her wild brothers; lover of Wilfrid Blunt, confidante of Prime Minister Arthur Balfour (the Balfour Declaration); married to Hugo, Lord Elcho; later the Countess of Wemyss...Madeline Adeane, the quietest and happiest of the three...and Pamela, spoiled, beautiful, of the three, possessor of the true talent, wife of the Foreign

Secretary Edward Grey (later Viscount Grey), who took Britain into the First World War. They lived in a world of luxurious excess, a world of splendor at 44 Belgrave Square, and later at the even more vast Clouds, the exquisite Wiltshire house on 4,000 acres, the house of the age, designed, in 1876, by the visionary architect, Philip Webb; the model for Henry James's *The Spoils of Poynton*. They were bred with the pride of the Plantagenets and raised with a fierce belief that their family was exceptional. They avoided the norm at all costs and led the way to a blending of aristocracy and art. Their group came to be called The Souls, whose members from 1885 to the 1920s included the most distinguished politicians, artists, and thinkers of their time. In *Those Wild Wyndhams*, Claudia Renton gives us a dazzling portrait of one of England's grandest, noblest families. Renton captures, with nuance and depth, their complex wrangling between head and heart, and the tragedy at the center of all their lives as the privilege and bliss of the Victorian age gave way to the Edwardian era, the Great War, and the passing of an opulent world.

A History of Italy Claudia Baldoli, 2009-11-19 Until the beginning of the 18th century, to be 'Italian' meant to identify with a number of collective memories, rather than a national memory. Yet there are elements of continuity that have shaped Italian identity over the past 1,500 years. Religion, food, art and architecture, a literary language, as well as a particular relationship between cities and countryside, between family and civil society have all contributed to present day Italian culture and politics. Baldoli explores the history of Italy as a country, rather than as a nation, in order to trace its fascinating cultural and political development. Offering a way into each period of Italian history, the book brings Italy's past to life with extracts from poetry, novels and music. Drawing on the latest research published in English and Italian, this is the ideal introduction for all those interested in Italy's cultural and social past and its significance for the country's present.

Nongovernmental Organizations in World Bank-supported Projects Christopher J. N. Gibbs, Thomas Kuby, Claudia Fumo, 1999 Nongovernmental organizations (NGOs) are important to the Bank because of the skills and resources they bring to emergency relief and development activities. In addition, they foster participation in the development process. The strength of the World Bank's collaboration with NGOs has grown since the late 1980s. In recognition of the added value that NGOs bring to Bank-supported projects, there have been intense efforts to include them. However, this report identifies a gap between promise and performance. The report concludes that the Bank's guidelines on working with NGOs are sound but that existing guidelines need to be used more effectively. The report makes recommendations to improve these partnerships and increase their benefit to development projects. It is written in English, French, and Spanish.
