Juggling Stewart Lawrence Sinclair, 2023-02-03 In *Juggling*, Stewart Lawrence Sinclair explores the four-thousand-year history and practice of juggling as seen through his life as a juggler. Sinclair—who learned to juggle as a child and paid his way through college by busking—shares his experiences of taking up juggling after an episode of suicidal ideation, his time juggling on the streets, and ultimately finding comfort in juggling during the COVID-19 pandemic. In many ways, this is a book about loss and recovery. From his own juggling story to clowns braving military checkpoints in Bosnia and Rwanda to perform in refugee camps to contemporary avant-garde performances, Sinclair shows how the universal language of juggling provides joy as well as a respite from difficulties during hard times.

Juggler Maire Buonocore, Hilary Minns, Robin Kerrod, Chris Lutrario, 1996-04 In this book, the reader can share the little girl's fascination when she completes the puzzle to see the clown's face.

Easy Juggling for Everyone ,

The Juggler of Notre Dame and the Medievalizing of Modernity. Jan M. Ziolkowski,2018-07-24 This ambitious and vivid study in six volumes explores the journey of a single, electrifying story, from its first incarnation in a medieval French poem through its prolific rebirth in the nineteenth and twentieth centuries. The Juggler of Notre Dame tells how an entertainer abandons the world to join a monastery, but is suspected of blasphemy after dancing his devotion before a statue of the Madonna in the crypt; he is saved when the statue,

delighted by his skill, miraculously comes to life. Jan Ziolkowski tracks the poem from its medieval roots to its rediscovery in late nineteenth-century Paris, before its translation into English in Britain and the United States. The visual influence of the tale on Gothic revivalism and vice versa in America is carefully documented with lavish and inventive illustrations, and Ziolkowski concludes with an examination of the explosion of interest in *The Juggler of Notre Dame* in the twentieth century and its place in mass culture today. Volume 2: *Medieval Meets Medievalism* deals with the influence of the tale in nineteenth- and early-twentieth-century Europe and America, and the development of literary medievalism at this time. *The Juggler of Notre Dame and the Medievalizing of Modernity* is a rich case study for the reception of the Middle Ages in modernity. Spanning centuries and continents, the medieval period is understood through the lens of its (post)modern reception in Europe and America. Profound connections between the verbal and the visual are illustrated by a rich trove of images, including book illustrations, stained glass, postage stamps, architecture, and Christmas cards. Presented with great clarity and simplicity, Ziolkowski's work is accessible to the general reader, while its many new discoveries will be valuable to academics in such fields and disciplines as medieval studies, medievalism, philology, literary history, art history, folklore, performance studies, and reception studies.

The Circus Age Janet M. Davis, 2003-10-15 A

century ago, daily life ground to a halt when the circus rolled into town. Across America, banks closed, schools canceled classes, farmers left their fields, and factories shut down so that everyone could go to the show. In this entertaining and provocative book, Janet Davis links the flowering of the early-twentieth-century American railroad circus to such broader historical developments as the rise of big business, the breakdown of separate spheres for men and women, and the genesis of the United States' overseas empire. In the process, she casts the circus as a powerful force in consolidating the nation's identity as a modern industrial society and world power. Davis explores the multiple shows that took place under the big top, from scripted performances to exhibitions of laborers assembling and tearing down tents to impromptu spectacles of audiences brawling, acrobats falling, and animals rampaging. Turning Victorian notions of gender, race, and nationhood topsy-turvy, the circus brought its vision of a rapidly changing world to spectators--rural as well as urban--across the nation. Even today, Davis contends, the influence of the circus continues to resonate in popular representations of gender, race, and the wider world.

New York Magazine, 1992-02-17 *New York magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Film Clowns of the Depression Wes D.

Gehring, 2007-02-02 The 1930s are routinely considered sound film's greatest comedy era. Though this golden age encompassed various genres of laughter, clown comedy is the most basic type. This work examines the Depression decade's most popular type of comedy--the clown, or personality comedian. Focusing upon the Depression era, the study filters its analysis through twelve memorable pictures. Each merits an individual chapter, in which it is critiqued. The films are deemed microcosmic representatives of the comic world and discussed in this context. While some of the comedians in this text have generated a great deal of previous analysis, funnymen like Joe E. Brown and Eddie Cantor are all but forgotten. Nevertheless, they were comedy legends in their time, and their legacy, as showcased in these movies, merits rediscovery by today's connoisseur of comedy. Even this book's more familiar figures, such as Charlie Chaplin and the Marx Brothers, are often simply relegated to being recognizable pop culture icons whose work has been neglected in recent years. This book attempts to address these oversights and to re-expose the brilliance and ingenuity with which the screen clowns contributed a comic resiliency that was desperately needed during the Depression and can still be greatly appreciated today. The films discussed are *City Lights* (1931, Chaplin), *The Kid From Spain* (1932,

Cantor), She Done Him Wrong (1933, Mae West), Duck Soup (1933, Marx Brothers), Sons of the Desert (1933, Laurel and Hardy), Judge Priest (1934, Will Rogers), It's a Gift (1934, W.C. Fields), Alibi Ike (1935, Brown), A Night at the Opera (1935, Marx Brothers), Modern Times (1936, Chaplin), Way Out West (1937, Laurel and Hardy), and The Cat and the Canary (1939, Bob Hope).
