The Secrets of CEOs Steve Tappin, 2008 The Secrets of CEOs reveals frank discussions with some of the West's most influential CEOs, such as Tesco's Sir Terry Leahy, Sir Martin Sorrell of WPP Group, former BP chief executive Lord Browne and Ben Verwaayen, formerly of BT. It also incorporates radical and thought-provoking comments from the heads of new corporate champions of India like Infosys, Tata and Wipro, leading Chinese and Russian companies such as Lenovo and Severstal, and US corporate giants including Google, Dell and News Corporation. This work helps readers to discover what it's really like to be a top CEO, what motivates and drives the world's top business leaders, how they really lead their businesses, the leadership skills and experience that you need to succeed in the new world of work, and how businesses and leaders are going to have to evolve in the future. Being a CEO should be one of the best jobs in the world, offering the chance to make a real difference. But real life for most CEOs is tough and many are finding it very demanding. Steve Tappin and Andrew Cave have interviewed over 150 of the world's leading CEOs at length to discover their thoughts on the reality of leadership, life and business. The Secrets of CEOs gives fascinating insights into where today's top leaders have come from and what motivates and drives them, as well as the best kind of apprenticeship to become a global leader. It also explores the secrets of dealing successfully with the five facts of life that will be critical to business success in the coming decade: profiting from hard globalization; decoding sustainability; surfing the third wave of the web; coping with a capital crunch; and, waging the first world war for talent. How do chief executives really run their businesses? How do they need to change to ensure that their companies are successful and sustainable in the 21st century? And is it possible to have career success and a happy personal life? Discover the answers to these questions and much more in this provocative and stimulating book.

Sass & Serendipity Jennifer Ziegler, 2011-07-12 For Daphne, the glass is always half full, a situation is better managed with a dab of lip gloss, and the boy of her dreams—the one she's read about in all of her novels—is waiting for her just around the corner. For Gabby, nothing ever works out positively; wearing any form of makeup is a waste of study time, and boys will only leave you heartbroken. Her best friend, Mule, is the only one who has been there for her every step of the way. But when the richest boy in town befriends Gabby, and Daphne starts to hang out more and more with her best and only friend, Mule, Gabby is forced to confront the emotional

barriers she has put up to stop the hurting. And for once, her sassiness may fall prey to her definition of stupidity.

A Moment in the Sun John Sayles, 2011-10-18 It's 1897. Gold has been discovered in the Yukon. New York is under the sway of Hearst and Pulitzer. And in a few months, an American battleship will explode in a Cuban harbor, plunging the U.S. into war. Spanning five years and half a dozen countries, this is the unforgettable story of that extraordinary moment: the turn of the twentieth century, as seen by one of the greatest storytellers of our time. Shot through with a lyrical intensity and stunning detail that recall Doctorow and Deadwood both, *A Moment in the Sun* takes the whole era in its sights—from the white-racist coup in Wilmington, North Carolina to the bloody dawn of U.S. interventionism in the Philippines. Beginning with Hod Brackenridge searching for his fortune in the North, and hurtling forward on the voices of a breathtaking range of men and women—Royal Scott, an African American infantryman whose life outside the military has been destroyed; Diosdado Concepción, a Filipino insurgent fighting against his country's new colonizers; and more than a dozen others, Mark Twain and President McKinley's assassin among them—this is a story as big as its subject: history rediscovered through the lives of the people who made it happen.

Eternal Traces Shonda Brock, 2011-11-21 Dr. Meryt Brownstone is a single woman who works and resides in a small town in Upstate New York. A cardiologist who works long hours in the emergency room at a local hospital, Meryt maintains only a few close relationships. Drama is a five-letter word she can do without. She's been taught the deadly lesson of betrayal and drama once before, and she dares not let anyone get close enough to give her a second lesson. Besides, Meryt has her own secrets—another life that must remain classified. Even so, nothing can remain a secret forever; her classified life has an expiration date. If she cannot put the pieces together and figure out her mission before that date, Meryt's drama free life will come to an end. What's more, her new acquaintances, the Daniels family, have their own hidden agenda, and the more Meryt discovers their secrets, the more her life becomes entangled in theirs leading her down a mysterious path. Meryt is in a race against time and unknown enemies. If she can't figure out her true mission soon, she will be forced to relive her gruesome past and again face losing everyone she has ever loved.

The Nightmare Thief Meg Gardiner, 2012-06-05 From award-winning author Meg Gardiner, co-author of Michael Mann's *Heat* 2 IGNORE THE SCREAMS. IT'S JUST PART OF THE GAME. Autumn wants something special for her twenty-first birthday. She has the sports car, the apartment, and the private college. Now she wants excitement. She's going to get it. Daddy has signed up Autumn and her friends for the "ultimate urban reality" game: a simulated drug deal, jailbreak, kidnapping, and manhunt. Authorities know all about it. That's why they're disregarding the cries for help. How convenient for a gang of players taking it to the next level. They're playing for real. When forensic psychiatrist Jo Beckett and her partner, Gabe Quintana, are pulled into the game, the stakes are raised. After all, nobody wants to spoil Autumn's fun. And nobody is leaving this party alive.
