90 Minutes in Heaven Don Piper, Cecil Murphey, 2015-08-25 The mega bestselling book that started the heaven publishing phenomenon is now a major motion picture starring Hayden Christensen and Kate Bosworth and produced by Michael Polish. Don Piper's incredible true story continues to expand its reach to more people than ever before. After a semi-truck collided with Don Piper's car, he was pronounced dead at the scene. For the next ninety minutes, he experienced the glories of heaven. Back on earth, a passing minister felt led to stop and pray for the accident victim even though he was told Piper was dead. Miraculously, Piper came back to life, and the pleasure of heaven was replaced by a long and painful recovery. This special edition of Don's life-changing story includes a new preface from Don about the making of the movie, plus a personal update on the impact the book has had on him, his family, and the millions who have already heard his story. It also includes a note from the publisher, stories from readers, and Scriptures and quotations on heaven.

Dimensions of Learning Teacher's Manual, 2nd ed. Robert J. Marzano, Debra J. Pickering, 2011-05-01 The premise of Dimensions of Learning an instructional framework founded on the best of what researchers and theorists know about learning is that five types, or dimensions, of thinking are essential to successful learning. These are (1) positive attitudes and perceptions about learning, (2) thinking involved in acquiring and integrating knowledge, (3) thinking involved in extending and refining knowledge, (4) thinking involved in using knowledge meaningfully, and (5) productive habits of mind. Dimensions of Learning is a valuable tool for reorganizing curriculum, instruction, and assessment. The authors discuss each of the five dimensions in detail and describe hundreds of teaching strategies that support them for example, how to help students construct meaning for declarative knowledge, internalize procedural knowledge, and see the relevance of what they are expected to learn. The authors provide many examples at the elementary and

secondary classroom levels. Teachers of grades K-12 can use this information to improve teaching and learning in any content area. Note: This product listing is for the Adobe Acrobat (PDF) version of the book.

The One-Minute Presentation Keith Schreiter, Tom "Big Al" Schreiter, 2017-05-15 Where do I start? What do I say? I don't want to sound like a salesman. How can I relax my prospects? When we are untrained, giving

presentations can be difficult. We don't know the real questions in the minds of our prospects. We don't know what triggers a yes or no decision. Many times, we don't even know where to start. Our fascination with information holds us back. We can't see the big picture because we are drowning in facts. And, what actually is the big picture? It is simply this: Does the prospect want to join our business or not? But what would happen if we changed our entire business presentation model? First, we learn to get presentation appointments with almost 100% of the people we talk to. Next, we learn to give our entire business presentation in less than one minute. If we could do this, how do we think our prospects will feel? Thrilled! When we can give our entire business presentation in less than one minute, many good things happen. We save time, not only for ourselves, but for our prospect. That makes two people happy. Plus, this gives us the flexibility to give our presentation anywhere, at any time, in any circumstances. And finally, all the sales tension disappears from our prospects when they know our presentation will take only one minute. Learn to make your business grow with this efficient, focused business presentation technique.

The Art Of Seduction Robert Greene, 2010-09-03 Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. *The Art of Seduction* is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.
