**Don't Let Her See Me Cry** Helen Barnacle,2012-09-01 This is the gutsy true story of a woman's remarkable journey from a hopeless young heroin addict facing a prison sentence with a newborn baby to a successful psychologist and mother and best friend to Ali - the daughter who gave her the courage and determination to survive. Sentenced to the longest drug-related prison term ever meted out to a woman in Victoria, the discovery that she was to become a mother was far from welcome news to Helen Barnacle. The irony was that this tiny helpless being gave her a new lease on life - and a reason to hope. Helen's love and devotion for baby Ali led to her winning an historic battle. In a landmark decision she became the first woman allowed to keep her baby in prison beyond her first birthday. But three years later Helen had to face every mother's worst nightmare and give up her daughter. While she knew the time had come for Ali to leave the prison for her own good, this did not make the decision any easier. Ali had become her reason for living. Handing her daughter over at the gates of the prison almost destroyed her. In utter despair she resumed her love affair with heroin and was on a hopeless path of destruction until she was caught using in prison. Her brother Ron, the only person who had stood by her, gave her an ultimatum-if she really loved Ali she had to stop thinking of herself and find the courage to live. Helen had first to overcome her lifelong addiction with heroin, a crutch she had relied in since her youth to overcome her feelings of worthlessness. Thanks to the support of staff at Fairlea's Education Centre the former musician began to rediscover her love of music and study classical music, as well as writing and performing her own work for the Fairlea Drama Group, which evolved into the highly acclaimed Somebody's Daughter Theatre group. Helen also began a Bachelor of Arts degree, majoring in psychology. After leaving prison 12 years ago, she completed her post-graduate studies in psychology and after two years supervision was employed as a psychologist specialising in drug and alcohol problems at TaskForce Community Agency in Prahran. Over the next six years she ran workshops for judges and magistrates, counselled both drug workers and addicts, presented papers for national and international

seminars, wrote the drug education booklet 'Tentative Steps', and rose to position of Drug Program Director. She also established a pilot project in the Juvenile Justice System using drama and the arts as therapy with young offenders.

*China's Hidden Children* Kay Ann Johnson, 2016-03-21 In the thirty-five years since China instituted its One-Child Policy, 120,000 children—mostly girls—have left China through international adoption, including 85,000 to the United States. It's generally assumed that this diaspora is the result of China's approach to population control, but there is also the underlying belief that the majority of adoptees are daughters because the One-Child Policy often collides with the traditional preference for a son. While there is some truth to this, it does not tell the full story—a story with deep personal resonance to Kay Ann Johnson, a China scholar and mother to an adopted Chinese daughter. Johnson spent years talking with the Chinese parents driven to relinquish their daughters during the brutal birth-planning campaigns of the 1990s and early 2000s, and, with *China's Hidden Children*, she paints a startlingly different picture. The decision to give up a daughter, she shows, is not a facile one, but one almost always fraught with grief and dictated by fear. Were it not for the constant threat of punishment for breaching the country's stringent birth-planning policies, most Chinese parents would have raised their daughters despite the cultural preference for sons. With clear understanding and compassion for the families, Johnson describes their desperate efforts to conceal the birth of second or third daughters from the authorities. As the Chinese government cracked down on those caught concealing an out-of-plan child, strategies for surrendering children changed—from arranging adoptions or sending them to live with rural family to secret placement at carefully chosen doorsteps and, finally, abandonment in public places. In the twenty-first century, China's so-called abandoned children have increasingly become “stolen” children, as declining fertility rates have left the dwindling number of children available for adoption more vulnerable to child trafficking. In addition, government seizures of locally—but illegally—adopted children and children hidden within their birth families mean that even legal adopters have unknowingly adopted children taken from parents and sent to orphanages. The image of the “unwanted daughter” remains commonplace in Western conceptions of China. With *China's Hidden Children*, Johnson reveals the complex web of love, secrecy, and pain woven in the coerced decision to give one's child up for adoption and the

profound negative impact China's birth-planning campaigns have on Chinese families.

**Elite Malay Polygamy** Miriam Koktvedgaard Zeitzen, 2018-09-14 Elite Malay women's polygamy narratives are multiple and varied, and their sentiments regarding the practice are conflicted, as they are often torn between personal and religious convictions. This volume explores the ways in which this increasingly prominent practice impacts Malay gender relations. As Muslims, elite Malay women may be forced to accept polygamy, but they mostly condemn it as women and wives, as it forces them to manage their lives and loves under the "threat" of polygamy from a husband able to marry another woman without their knowledge or consent; a husband that is married but available.

*Tono Monogatari* Shigeru Mizuki, 2021-03-17 The beloved mangaka adapts one of his country—and the world's—great works of supernatural literature Shigeru Mizuki—Japan's grand master of yokai comics—adapts one of the most important works of supernatural literature into comic book form. The cultural equivalent of Brothers Grimm's fairy tales, *Tono Monogatari* is a defining text of Japanese folklore and one of the country's most important works of literature. This graphic novel was created during the later stage of Mizuki's career, after he had retired from the daily grind of commercial comics to create personal, lasting works of art. Originally written in 1910 by folklorists and field researchers Kunio Yanagita and Kizen Sasaki, *Tono Monogatari* celebrates and archives legends from the Tono region. These stories were recorded as Japan's rapid modernization led to the disappearance of traditional culture. This adaptation mingles the original text with autobiography: Mizuki attempts to retrace Yanagita and Sasaki's path, but finds his old body is not quite up to the challenge of following in their footsteps. As Mizuki wanders through Tono he retells some of the most famous legends, manifesting a host of monsters, dragons, and foxes. In the finale, Mizuki meets Yanagita himself and the two sit down to discuss their works. Translated with additional essays by Mizuki scholar and English-language translator Zack Davisson, *Tono Monogatari* displays Mizuki at his finest, exploring the world he most cherished. *Tono Monogatari* was translated by Zack Davisson, an award-winning translator, writer, and folklorist. He is the author of *Yurei: the Japanese Ghost*, *Yokai Stories*, *Narrow Road*, and *Kaibyō: The Supernatural Cats of Japan* and translator of Shigeru Mizuki's multiple Eisner Award-winning *Showa: a History of Japan* and famous folklore comic *Kitaro*. He also translated globally renowned entertainment properties such as Go Nagai's *Devilman* and *Cutie Honey*, Leiji Matsumoto's *Space Battleship Yamato* and *Captain Harlock*, and Satoshi Kon's *Opus*. In addition, he lectured on manga, folklore, and translation at colleges such as Duke University, UCLA, and the University of Washington and contributed to exhibitions at the

Henry Art Gallery, The Museum of International Folkart, Wereldmuseum Rotterdam, and the Art Gallery of New South Wales.
