*Past Secrets* Cathy Kelly, 2010-05-11 They all hide secrets that won't go away.... From the outside, the welcoming, garden-adorned houses of Summer Street are the picture of Irish charm. But on the inside, unexpected and heartbreaking secrets swirl. At house number thirty-two, hardworking, single-mother Faye Reid conceals the truth about her marriage from her fiery daughter, Amber. But Amber, a budding artist, also hides something from her all-too-trusting mother: a relationship with a rock star hopeful for whom she plans to throw away her future. And at number forty-eight, Maggie Maguire arrives at her childhood home to help her sick mother, a welcome distraction from the life she left behind and the startling secret she's hiding -- from herself. And only become harder to keep... At thirty-four Summer Street, wise and kind Christie Devlin has the remarkable ability to see into the lives and hearts of others -- and may have the answers when her neighbors' carefully hidden secrets bubble to the surface. But when Christie's own past comes back to haunt her -- posing a threat to her picture-perfect marriage -- this time the answers aren't as clear.

**Women in American History [4 volumes]** Peg A. Lamphier, Rosanne Welch, 2017-01-23 This four-volume set documents the complexity and richness of women's contributions to American history and culture, empowering all students by demonstrating a more populist approach to the past. Based on the content of most textbooks, it would be easy to reach the erroneous conclusion that women have not contributed much to America's history and development. Nothing could be further from the truth. Offering comprehensive coverage of women of a diverse range of cultures, classes, ethnicities, religions, and sexual identifications, this four-volume set identifies the many ways in which women have helped to shape and strengthen the United States. This encyclopedia is organized into four chronological volumes, with each volume further divided into three sections. Each section features an overview essay and thematic essay as well as detailed entries on topics ranging from Lady Gaga to Ladybird Johnson, Lucy Stone, and Lucille Ball, and from the International Ladies of Rhythm to the International Ladies Garment Workers Union. The set also includes a vast variety of primary documents, such as personal letters, public papers, newspaper articles, recipes, and more. These primary documents enhance users' learning opportunities and enable readers to better connect with the subject matter.

**Blindsight** Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, *Blindsight* Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world. They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital

Disoriental Négar Djavadi, 2018-05-01 National Book Award Finalist: "A multigenerational epic of the Sadr family's life in Iran and their eventual exile . . . Full of surprises" (The Globe and Mail). Winner of the 2019 Albertine Prize and Lambda Literary Award Kimiâ Sadr fled Iran at the age of ten in the company of her mother and sisters to join her father in France. Now twenty-five and facing the future she has built for herself, as well as the prospect of a new generation, Kimiâ is inundated by her own memories and the stories of her ancestors, which come to her in unstoppable, uncontainable waves. In the waiting room of a Parisian fertility clinic, generations of flamboyant Sadrs return to her, including her formidable great-grandfather Montazemolmolk, with his harem of fifty-two wives, and her parents, Darius and Sara, stalwart opponents of each regime that befalls them. It is Kimiâ herself—punk-rock aficionado, storyteller extraordinaire, a Scheherazade of our time, and above all a modern woman divided between family traditions and her own "disorientalization"—who forms the heart of this bestselling and beloved novel, recipient of numerous literary honors. "Where initially Disoriental seems focused on Kimiâ's father and his pro-democracy activism—first against the Shah, then the Ayatollah Khomeini—this is truly Kimiâ's story of disorientation—national, familial and sexual—and finding herself again." —The Globe and Mail "A tour de force of storytelling . . . Djavadi deftly weaves together the history of 20th-century Iran [and] the spellbinding chronicle of her own ancestors. . . . Perfectly blends historical fact with contemporary themes." —Library Journal "Riveting . . . Djavadi is an immensely gifted storyteller, and Kimiâ's tale is especially compelling." —Booklist (starred review) "A wonder and a pleasure to read." —Rivka Galchen, author of Atmospheric Disturbances WINNER 2019 ALBERTINE PRIZE WINNER 2019 LAMBDA LITERARY AWARD FINALIST 2018 NATIONAL BOOK AWARD FINALIST 2019 CLMP FIRECRACKER AWARD FINALIST 2019 BEST TRANSLATED BOOK AWARD WINNER LE PRIX DU ROMAN NEWS WINNER STYLE PRIZE WINNER 2016 LIRE BEST DEBUT NOVEL WINNER LA PORTE DORÉE PRIZE ONE OF THE GLOBE & MAIL'S BEST BOOKS OF 2018

*To Live and To Die: When, Why, and How* R.H. Williams,2013-04-17 In the 1960's marked changes occurred throughout the world in philosophies and policies related to man's role in life. These changes, prompted predominantly by extensive increases in knowledge and population density, have produced increased pleasures as well as problems. The rising number of people and improved methods of communication and transportation have caused more relationships among people, with their pleasures, competitions, jealousies, conflicts of interest, oppressions, and crimes. Large assortments of drugs have been developed and are easily obtained. There are drugs to speed us up, slow us down, make us sleep, change our perspectives on life, promote propagation of life or prevent it, prolong life or terminate it, and modify the course of life in many ways. Also, numerous mechanical devices have been developed that influence the propagation of life, the termination of life, and the manner in which we live. Many people have changed their overall goals in life, and in particular have experienced major changes in attitudes and policies applying to sexual activity, marriage, birth control, abortion, welfare, children, old people, criminals, economics, social status, careers, education, euthanasia, and suicide. There also has been marked enlightenment concerning the effect of the chemical and physical status of the brain upon normal and abnormal thinking and behavior.

**Branches of Heaven** John W. Chaffee,2020-05-11 By the end of the Sung dynasty (960-1279), known descendants of the three Chao brothers who had founded the dynasty numbered over 20,000. Unlike the rulers of many other Chinese dynasties, however, the Sung emperors were not plagued by challenges to their rule from their relatives. So successful was Sung policy on the imperial clan that it would serve as a model for the subsequent Ming and Ch'ing dynasties. How the Sung created a social and political asset in the imperial clan while neutralizing it as a potential threat is the story of this book. This study of the imperial clan as an institution analyzes the history, its political role and the lifestyle of its members, focusing on their residence patterns, marriages and occupations.
