The Mafia Chronicles Joey the Hit Man, David Fisher, 2018-07-10 A New York Times bestseller, the “chilling and compelling . . . must-read” confessions of a mob hit man—and the riveting sequel of his most harrowing contract (former FBI agent Joe Pistone, aka Donnie Brasco). Killer: The Bronx-born son of a Jewish bootlegger, “Joey the Hit Man” was introduced to crime when he was just eleven years old. For the next thirty years he was a numbers king, scalper, loan shark, enforcer, and drug smuggler. He hijacked trucks, fenced stolen goods, and trafficked in pornography. But Joey really made his name as a Mafia assassin, racking up thirty-eight cold-blooded hits—thirty-five for cash, three for revenge. In this no-holds-barred account, he reveals the brutal truth of a life in organized crime. Hit #29: In the fall of 1969, a public execution in a Brooklyn Italian restaurant earned Joey a mention in the New York Daily News and a twenty-grand payout from the mob. Next up: The bosses suspected their trusted numbers controller, Joe Squillante, was skimming the nightly bets to settle personal debts. But Squillante, aka Hit #29, was no clueless patsy and an unpredictable bull’s-eye. Taking the job meant entering into a game of predator and prey as nerve-racking as the cock of a .38 hammer.

New York Magazine , 1971-11-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

AA Gill is Away A.A. Gill, 2007-11-01 A. A. Gill is one of the most feared writers in London, noted--according to the New York Times--for his rapier wit. Some even consider the mere assignment of a subject to Gill a hostile act. But when the notice AA GILL IS AWAY runs in the Sunday Times of London, the city can rest peacefully in the knowledge that the writer is off traveling. My editor asked me what I wanted from journalism and I said the first thing that came into my head--I'd like to interview places. To treat a place as if it were a person, to go and listen to it, ask it questions, observe it the way you would interview a politician or a pop star, Gill writes. Upon his return, readers are treated to an account of his vacations to places like famine-stricken Sudan, the pornography studios of California's San Fernando Valley, the dying Aral Sea or the seedy parts of Kaliningrad. The result is one of the most fascinating, stylish and irreverent collections of travel writing.

The Challenge of Crime in a Free Society United States. President's Commission on Law Enforcement and Administration of Justice, 1967 This report of the President's Commission on Law Enforcement and Administration of Justice -- established by President Lyndon Johnson on July 23, 1965 - - addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice. In developing its findings and recommendations, the Commission held three national conferences, conducted five national surveys, held hundreds of meetings, and interviewed tens of thousands of individuals. Separate chapters of this report discuss crime in America, juvenile delinquency, the police, the courts, corrections, organized crime, narcotics and drug abuse, drunkenness offenses, gun control, science and technology, and research as an instrument for reform. Significant data were generated by the Commission's National Survey of Criminal Victims, the first of its kind conducted on such a scope. The survey found that not only do Americans experience far more crime than they report to the police, but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has

eroded. The core conclusion of the Commission, however, is that a significant reduction in crime can be achieved if the Commission's recommendations (some 200) are implemented. The recommendations call for a cooperative attack on crime by the Federal Government, the States, the counties, the cities, civic organizations, religious institutions, business groups, and individual citizens. They propose basic changes in the operations of police, schools, prosecutors, employment agencies, defenders, social workers, prisons, housing authorities, and probation and parole officers.

The Accidental Gangster Ori Spado, Dennis N. Griffin, 2019-11-12 The true story of a Hollywood fixer who wound up in the sights of the FBI. In this memoir, Orlando (Ori) Spado honestly recounts his humble beginnings from the small town of Rome in upstate New York, and his journey to becoming known as "The Mob Boss of Hollywood." It is a candid account documenting his fall from a well-known Hollywood fixer mixing with A-list celebrities to serving 62 months in Federal prison, and ultimately making a determined comeback. "For nearly forty years Orlando 'Ori' Spado was a friend and associate of John 'Sonny' Franzese, underboss of the Colombo organized crime family. His relationship with Sonny brought him to the attention of the FBI, and eventually led to his being indicted with Sonny on federal RICO charges, and imprisoned. In *The Accidental Gangster* Ori provides the details of his time in 'the life' and his long battle with the FBI—whose overwhelming resources made it a fight that was impossible to win."—Nick Pileggi, author of *Wiseguy* "Orlando 'Ori' Spado had been a thorn in the side of the Los Angeles field office of the FBI for almost two decades before they finally took him down. Accidentally or not, Ori was a quintessential Mob character, complete with a pinkie ring and a slow, steady deliberate voice whether speaking with friends or foes. But like so many other 'Good Fellas,' he was set up by a friend's son. You will have to read the book to find out who set him up. Enjoy!"—John Connolly, New York Times-bestselling author of *Filthy Rich*

Organized Crime United States. National Advisory Committee on Criminal Justice Standards and Goals. Task Force on Organized Crime, 1976 Standards designed for adoption at the state and local levels for the purpose of preventing and reducing organized crime in America are presented in this comprehensive report. The standards recommended in this report were formulated to assist all sectors of the community, as well as the agencies of state and local governments. As a unit, these standards constitute a comprehensive plan for the prevention and control of organized criminal activity in this country. Following the introductory remarks, a brief history of organized criminal activity in the United States, a description of the general characteristics of organized crime, and the results of a study of the various ways state and local governments have dealt with the problem are presented. Part 3 of this report presents standards to guide state and local governments, officials of the criminal justice system, and private citizens in the design and implementation of programs to combat organized criminal operations. These standards are based on successful models operating in the states or on concepts that the task force and the national advisory committee considered necessary for effective prevention and control of organized crime. Proposals for state and local administrative and regulatory agencies to participate in organized crime control programs to the fullest extent of their statutory authority are contained in chapter 4. The standards in chapters 5 through 8 recommend specific policies, law enforcement mechanisms, prosecutorial tools, and legal procedures for adoption by the criminal justice system. The standards in chapter 9 recommend that appropriate training programs in organized crime control be instituted for all levels of the criminal justice system. General educational programs for the private sector are also recommended.

World Wildlife Crime Report 2020 United Nations Publications, 2021-03-31 The report presents the latest assessment of global trends in wildlife crime. It includes discussions on illicit rosewood, ivory, rhino horn, pangolin scales, live reptiles, tigers and other big cats, and European eel. The COVID-19 (coronavirus) pandemic has highlighted that wildlife crime is a threat not only to the environment and biodiversity, but also to human

health, economic development and security. Zoonotic diseases - those caused by pathogens that spread from animals to humans - represent up to 75% of all emerging infectious diseases. Trafficked wild species and the resulting products offered for human consumption, by definition, escape any hygiene or sanitary control, and therefore pose even greater risks of infection.

The Manchurian Candidate Richard Condon, 2013-11-25 The classic thriller about a hostile foreign power infiltrating American politics: "Brilliant . . . wild and exhilarating." —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors' signal. Now he's been returned to the United States with a covert mission: to kill a candidate running for US president . . . This "shocking, tense" and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). "Crammed with suspense." —Chicago Tribune "Condon is wickedly skillful." —Time

True Story Michael Finkel, 2015-06-09 The improbable but true story of a man accused of murdering his entire family and the journalist he impersonated while on the run In 2001, Mike Finkel was on top of the world: young, talented, and recently promoted to a plum job at the New York Times Magazine. Then he made an irremediable slip: Under extraordinary pressure to keep producing blockbuster stories, he fabricated parts of an article. Caught and excommunicated from the Times, he retreated to his home in Montana, swearing off any contact with the media. When the phone rang, though, he couldn't resist. At the other end was a reporter from the San Francisco Chronicle, whom Finkel congratulated on being the first in what was sure to be a long and bloodthirsty line of media watchdogs. The reporter was puzzled. In Waldport, Oregon, Christian Longo had killed his young wife and three children and dumped their bodies into the bay. With a stolen credit card, he fled south, making his way to Cancun, where he lived for several weeks under an assumed identity: Michael Finkel, journalist for the New York Times. *True Story* is the tale of a bizarre and convoluted collision between fact and fiction, and a meditation on the slippery nature of truth. When Finkel contacts Longo in jail, the two men begin a close and complex relationship. Over the course of a year, they exchange long letters and weekly phone calls, playing out a cat-and-mouse game in which it's never quite clear if the pursuer is Finkel or Longo—or both. Finkel's dogged pursuit of the true story pays off only at the end, in the gripping trial scenes in which Longo, after a lifetime of deception, finally tells the whole truth. Or so he says.

The First Family Mike Dash,2009-08-04 Hundreds of books have been written about the American Mafia, but none has told how it came into existence. This one does. Mafia books are notoriously unreliable, too often filled with the recycled errors of earlier authors. This one has been painstakingly researched from primary sources, including interviews with surviving family members and a vast, previously unexamined Secret Service archive. The result is an extraordinary work of history that grips, astonishes and chills the blood like a thriller. It tells the little-known story of the Morello family, pioneers of protection rackets, bizarre rituals and Mafia wars. Before the Five Families who dominated US organized crime for a bloody half-century, there was the surpassingly cunning Giuseppe Morello and his murderous coterie of brothers. Born into a life of poverty in rural Sicily, Morello became an American nightmare. Mike Dash follows the birth of the Mafia in America from the 1890s to the 1920s, from the wharves of New Orleans to the streets of Little Italy. He brings to life the remarkable villains and unusual heroes of the Mafia's early years, and does so without ever resorting to fiction or "imagined" history. The First Family is more than just a pulse-quickening Mafia narrative. This is how it really happened.
